## NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 30 SEPTEMBER 2002

---

### **1 Accounting policies**

#### **1.1 Basis of preparation**

The accounts are prepared under the historical cost convention.

The accounts have been prepared in accordance with the Statement of Recommended Practice, "Accounting and Reporting by Charities" issued in October 2000 and the Companies Act 1985.

#### **1.2 Incoming resources**

All grants and voluntary income are accounted for gross when receivable, as long as they are capable of financial measurement. This includes gifts in kind, included at estimated valuation.

#### **1.3 Resources expended**

Direct charitable expenditure includes the cost of the activities and depreciation on related assets. Where such costs relate to more than one functional cost category, they have been analysed using an appropriate basis.

#### **1.4 Tangible fixed assets and depreciation**

Tangible fixed assets other than freehold land and buildings are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

Fixtures, fittings & equipment	15% straight line
--------------------------------	-------------------

No depreciation is provided in respect of freehold land and buildings. Where buildings are maintained to such a standard that their residual value is not less than their cost or valuation, depreciation is not material.

#### **1.5 Investments**

Fixed asset investments are stated at the lower of cost and market value.

#### **1.6 Cash flow**

The accounts do not include a cash flow statement because the charity, as a small reporting entity, is exempt from the requirements to prepare such a statement under Financial Reporting Standard 1: "Cash flow statements".

At 30 September 2002	79,348	79,348

All other tangible fixed assets are stated at historical cost.

Freehold land and buildings are stated at valuation made by Phipps & Pritchard in November 1999 on the basis of present day market value. The revaluation produced a surplus of £1,893. The trustees do not believe that there has been a material change in this market value. The next valuation will be carried out on 30 September 2004.

Depreciation is not provided as the trustees are of the opinion that the buildings are well maintained and any such charge would not be material.

**3 Creditors: amounts falling due after more than one year**

The aggregate amount of creditors for which security has been given amounted to £6,301 (2001 - £12,446).
