Strategic Report

for the Year Ended 31 March 2018

PRINCIPAL ACTIVITY

The principal activity of the company in the year under review was providing comprehensive management and maintenance services to Slough Borough Council.

REVIEW OF BUSINESS

The results for the year ended 31 March 2018 are set out in the financial statements comprise the Income Statement, Other Comprehensive Income, the Balance Sheet, and the related notes 1 to 17.

The contract with Slough Borough Council expired on 30 November 2017.

Whilst the contract has expired, negotiations are currently taking place with the Royal County of Berkshire Pension Fund as to the remaining settlement of the pension deficit liability. The IAS19 valuation as at 30 November 2017, as can be seen in these financial statements, when the contract expired, shows that liability to be £10.9m, however, subsequent valuations place this value around £2.1m including costs.

KEY PERFORMANCE INDICATORS

Financial performance is assessed through key measures of turnover and operating profit, as per the income statement. Interserve is dedicated to delivering sustainable shareholder value by working in partnership with its clients.

PRINCIPAL RISKS AND UNCERTAINTIES

Financial risk

The company has exposures to a variety of financial risks which are managed with the purpose of minimising any potential adverse effect on the company's performance. The board has policies for managing each of these risks and they are summarised below:

Inflation risk

The company's project revenue and most of its costs were linked to inflation at the inception of the project, resulting in the project being largely insensitive to inflation.

Liquidity risk

The company adopts a prudent approach to liquidity management by maintaining sufficient cash and liquid resources to meet its obligations. Due to the nature of the project, cash flows are reasonably predictable and so this is not a major risk area for the company.

Credit risk

The company receives the bulk of its revenue from a government department and therefore is not exposed to significant credit risk.

FUTURE DEVELOPMENTS

As the Contract for Services between Interserve (Facilities Services-Slough) Ltd and Slough Borough Council expired on 30 November 2017, there are no future developments.

APPROVED AND SIGNED ON BEHALF OF THE BOARD:

M Burholt - Director

18 July 2019

Report of the Directors for the Year Ended 31 March 2018

The directors present their report with the financial statements of the company for the year ended 31 March 2018.

DIVIDENDS

No dividends were paid or proposed in 2018 (2017: £nil).

DIRECTORS

P Clark has held office during the whole of the period from 1 April 2017 to the date of this report.

Other changes in directors holding office are as follows:

B Melizan - resigned 30 November 2017 C Ling - appointed 15 August 2017, resigned 28 February 2019 M Burholt - appointed 11 December 2017 L Mawdsley - appointed 15 February 2019

GOING CONCERN

The key risks and uncertainties affecting the company are considered to relate to market change, major contracts, key people, the health & safety regime, financial risks and damage to reputation. Financial risks are discussed above; further discussion on other risks and uncertainties, in the context of the group as a whole, is provided in the Group's annual report which does not form part of this report.

In assessing the ability of the company to continue as a going concern, the company's directors have assessed the working capital requirements of the company. The contract for services between Interserve (Facilities Services-Slough) Ltd and Slough Borough Council expired on 30 November 2017 and all resulting remedial and rectification works are now complete. It is the directors belief that the only material liability to settle is its pension deficit. The deficit in relation to this contract is calculated at £10,861k as per the financial statements and the company has since been in contact with the pension fund regarding a true and final valuation. The figure of that final settlement valuation, whilst still to be agreed, places this valuation around £2.1m including costs. This is significantly below the current cash in hand value of £7,642k, at the date of approval of these financial statements.

Therefore, the company has adequate cash resources to meet the obligation and to settle the pension deficit and therefore, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future.

EMPLOYEE INVOLVEMENT AND DISABLED PERSONS

Within the bounds of commercial confidentiality management disseminates information to all levels of staff about matters that affect progress of the company and are of interest and concern to them as employees.

A Group newsletter is also distributed at regular intervals to all employees which includes articles about the company's activities and its performance.

The company has an established policy that disabled persons, especially should they become disabled in the course of their employment with the company, are employed where circumstances permit. The company endeavours to ensure that disabled employees benefit from training and career development programmes in common with other employees.

Report of the Directors for the Year Ended 31 March 2018

DIRECTORS' RESPONSIBILITIES STATEMENT

The directors are responsible for preparing the Strategic Report, the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITOR

Each of the persons who is a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the company's auditor is unaware, and
- the director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the company's auditor is aware of that information

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

AUDITORS

The company has not passed any resolutions during the period to appoint new independent auditors. Therefore, it is deemed that Grant Thornton will continue to be the Company's independent auditor for the 2019 financial year.

APPROVED AND SIGNED ON BEHALF OF THE BOARD:

M Burholt - Director

Bold!

18 July 2019

Independent Auditors' Report to the Members of Interserve (Facilities Services-Slough) Ltd

Opinion

We have audited the financial statements of Interserve (Facilities Services-Slough) Ltd (the 'company') for the year ended 31 March 2018, which comprise the income statement, the statement of other comprehensive income, the balance sheet, the statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 101 'Reduced Disclosure Framework' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the 'Auditor's responsibilities for the audit of the financial statements' section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Report of the Directors for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Report of the Directors have been prepared in accordance with applicable legal requirements.

Matter on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or the directors' report.

Independent Auditors' Report to the Members of Interserve (Facilities Services-Slough) Ltd

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors for the financial statements

As explained more fully in the directors' responsibilities statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed

Notes to the Financial Statements for the Year Ended 31 March 2018

1. STATUTORY INFORMATION

Interserve (Facilities Services-Slough) Ltd is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparation

Interserve (Facilities Services-Slough) Ltd is a company incorporated in the United Kingdom under the Companies Act. The address of the registered office is given on page 1. The nature of the company's operation and its principal activities are set out in the strategic report on page 2.

The company meets the definition of a qualifying entity under FRS 100 (Financial Reporting Standard 100) issued by the Financial Reporting Council.

These financial statements were prepared in accordance with FRS 101 (Financial Reporting Standard 101) 'Reduced Disclosure Framework' as issued by the Financial Reporting Council.

The financial statements have been prepared on the historical cost basis.

The company is exempt from the preparation of consolidated financial statements, because it is included in the group accounts of Interserve Plc. Details of the parent whose consolidated financial statements the company is included are shown in note 17 to the financial statements.

As permitted by FRS 101, the company has taken advantage of the disclosure exemptions available under that standard in relation to business combinations, share based payment, non-current assets held for sale, financial instruments, capital measurement, presentation of comparative information in respect of certain assets, presentation of a cashflow statement, standards not yet effective, impairment of assets and related party transactions. Where required, equivalent disclosures are given in the group accounts of Interserve Plc.

Computer software amortisation

Amortisation is provided on all intangible assets other than goodwill, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a straight-line basis over its expected useful life, as follows;

Asset category
Computer software

% per annum 33.3%

Residual value is calculated on prices prevailing at the date of acquisition or revaluation. Useful lives and residual values are reviewed at the end of every reporting period.

Notes to the Financial Statements - continued for the Year Ended 31 March 2018

2. ACCOUNTING POLICIES - continued

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Depreciation is provided on all tangible fixed assets other than freehold land, at rates calculated to write off the cost or valuation, less estimated residual value, of each asset on a straight-line basis over its expected useful life, as follows;

Asset category	% per annum
Plant and machinery	10% - 50%
Fixtures and fittings	10% - 50%
Computer equipment	10% - 50%

Residual value is calculated on prices prevailing at the date of acquisition or revaluation. Useful lives and residual values are reviewed at the end of every reporting period.

Impairment of tangible and intangible assets

At each balance sheet date, the company reviews the carrying amounts of its tangible and intangibles assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated to determine the extent of the impairment loss (if any). Where the asset does not generate cash flows that are independent from other assets, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs. An intangible asset with an indefinite useful life is tested for impairment annually and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in the income statement, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating) unit in prior years. A reversal of an impairment loss is recognised immediately in the income statement, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Page 12 continued...

Notes to the Financial Statements - continued for the Year Ended 31 March 2018

2. ACCOUNTING POLICIES - continued

Taxation

Current tax, including UK corporation tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which the deductible temporary differences can be utilised. Such assets and liabilities are not recognised if the temporary differences arise from the initial recognition of goodwill or from the initial recognition (other than in a business combination) or other assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted at the balance sheet date

Deferred tax is charged or credited in the income statement, except when it relates to items charged or credited in other comprehensive income, in which case the deferred tax is also dealt with in other comprehensive income.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority and the company intends to settle its current tax assets and liabilities on a net basis.

Notes to the Financial Statements - continued for the Year Ended 31 March 2018

2. ACCOUNTING POLICIES - continued

Going concern

The key risks and uncertainties affecting the company are considered to relate to market change, major contracts, key people, the health & safety regime, financial risks and damage to reputation. Financial risks are discussed above; further discussion on other risks and uncertainties, in the context of the group as a whole, is provided in the Group's annual report which does not form part of this report.

In assessing the ability of the company to continue as a going concern, the company's directors have assessed the working capital requirements of the company. The contract for services between Interserve (Facilities Services-Slough) Ltd and Slough Borough Council expired on 30 November 2017 and all resulting remedial and rectification works are now complete. It is the directors belief that the only material liability to settle is its pension deficit. The deficit in relation to this contract is calculated at £10,861k as per the financial statements and the company has since been in contact with the pension fund regarding a true and final valuation. The figure of that final settlement valuation, whilst still to be agreed, places this valuation around £2.1m including costs. This is significantly below the current cash in hand value of £7,642k, at the date of approval of these financial statements.

Therefore, the company has adequate cash resources to meet the obligation and to settle the pension deficit and therefore, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future.

Leases

Operating lease rentals are charged to the profit and loss account on a straight-line basis over the period of the lease.

Pensions

For defined benefit schemes the amounts charged to operating profit are the current service costs and gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the income statement if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the period until vesting occurs. The interest cost and the expected return on assets are shown as a net amount of other finance costs or credits adjacent to interest. Actuarial gains and losses are recognised immediately in the statement of other comprehensive income.

Defined benefit schemes are funded, with the assets of the scheme held separately from those of the company, in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high quality corporate bond of equivalent currency and term to the scheme liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The resulting defined benefit asset or liability is presented separately after other net assets on the face of the balance sheet.

For the defined contribution scheme the amount charged to the income statement in respect of pension costs and other post-retirement benefits is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments in the balance sheet.

Turnover

The turnover and profit before taxation are attributable to the one principal activity of the company. Turnover is recognised on completion of the contracted services.

Notes to the Financial Statements - continued for the Year Ended 31 March 2018

2. ACCOUNTING POLICIES - continued

Critical accounting judgements and key sources of estimation uncertainty

In the preparation of the financial statements, management makes certain judgements and estimates that impact the financial statements. While these judgements are continually reviewed the facts and circumstances underlying these judgements may change resulting in a change to the estimates that could impact the results of the company. In particular:

Revenue and margin recognition

Judgements are made on an ongoing basis with regard to the recoverability of amounts due, liabilities arising and the requirement for forward loss provisions. Regular forecasts are compiled on the outcomes of these types of contracts, which require assessments and judgements relating to the recovery of pre-contract costs, changes in work scopes, contract programmes and maintenance liabilities.

Carrying value of trade and other receivables

Allowance for doubtful debt and provisions against other receivables and the carrying value of accrued income, are made on a specific basis, based on estimates of irrecoverability determined by market knowledge and past experience.

3. EMPLOYEES AND DIRECTORS

Mr Melizan was a director of the ultimate parent company, Interserve Plc, and his remuneration for services to the group as a whole are disclosed in the accounts of that company. It is not considered practicable to allocate his remuneration between the companies of which he was a director.

During the year Messrs Clark, Ling and Burholt were remunerated for their services to the group by Interservefm Ltd. Their remuneration is disclosed in the accounts of that company. It is not considered practicable to allocate their remuneration between the companies of which they are directors.

Staff costs during the year (including directors):	2018 £'000	2017 £'000

13. CALLED UP SHARE CAPITAL

Number:	Class:	Nominal	2018	2017
		value:	£'000	£'000
100	Ordinary	£1	-	-
100	Deferred	£1	-	-
		·	_	_

The deferred shares have the right to receive, pari passu with holders of ordinary shares, a dividend from the distributable profits of the company, but only after the ordinary shares have been paid a dividend of £10 per share.

On winding up or reduction of capital the deferred shares have the right to the repayment of capital, but only after the ordinary shares have been repaid.

The deferred shares shall not entitle the holders thereof to receive notice of or to attend or vote at any General Meeting of the company.

14. EMPLOYEE BENEFIT OBLIGATIONS

The Company participates in the Royal County of Berkshire Pension Fund (the "Fund"). This is a defined benefit multi-employer scheme, the assets and liabilities of which are held independently from the Company. The last triennial valuation of the pension scheme was performed as at 31 March 2016. The accounting charge for 2018 and the notes below have been prepared in accordance with IAS19 valuation as at 30 November 2017, when the contract terminated.

The cost of pensions in respect of the Royal County of Berkshire Pension Scheme is charged to the income statement. The service cost is charged in the year employees earn additional pensionable service. As required by IAS19, the value of the defined benefit liabilities has been measured using the projected unit method. The pension costs are assessed in accordance with the advice of an independent qualified actuary.

The last triennial valuation of the scheme indicated that the scheme was 75% funded. The Company also operates a defined contribution scheme; contributions made in the year were £16,886 (2017: £15,003).

The Company is required to settle the deficit on this pension scheme on leaving the contract in November 2017. This is expected to be settled via a cash payment sometime during the second half of 2019.

The amounts recognised in profit or loss are as follows:

	Defined benefit pension plans	
Current service cost	2018 £'000 235	2017 £'000 293
Net interest from net defined benefit asset/liability	206	289
Past service cost Administrative costs	5	1 8
	446	591
Actual return on plan assets	384	1,634

Notes to the Financial Statements - continued for the Year Ended 31 March 2018

Cash	1,837	1,270	
Other bonds	1,873	1,804	
Infrastructure	643	615	
Longevity Insurance	(395)	(609)	
	12,302	12,106	

Principal actuarial assumptions at the balance sheet date (expressed as weighted averages):

	2018	2017
Discount rate	2.60%	2.80%
Future salary increases	2.40%	2.70%
Future pension increases	2.40%	2.70%
RPI increases	3.40%	3.60%
CPI increases	2.40%	2.70%

15. CONTINGENT LIABILITIES

At 31 March 2018 there were contingent liabilities in respect of guarantees given in the ordinary course of business. The company has given guarantees covering banking facilities made available to the parent and fellow subsidiary undertakings. At 31 March 2018, these amounted to £7,247,000 (2017: £6,873,000).

16. POST BALANCE SHEET EVENTS

The resolutions required to effect the Deleveraging Plan announced on 27 February 2019 were not passed by Interserve PLC shareholders at the General Meeting held on 15 March 2019.

As a result the Board of Directors of Interserve PLC (the Company) concluded that the best remaining option was for the Company to be placed into administration.

Administrators of the Company were appointed on 15 March 2019 and substantially all of the Company's business and assets were sold to a newly incorporated company (Interserve Group Limited) controlled by the Group's existing lenders.

Notes to the Financial Statements - continued for the Year Ended 31 March 2018

17. ULTIMATE CONTROLLING PARTY

The company is a wholly-owned subsidiary of Interserve (Facilities Services) Ltd. Interserve (Facilities Services) Ltd is a wholly-owned subsidiary of Interserve fin Ltd.

Interserve Plc, a company registered in England and Wales, was the company regarded by the directors as the ultimate parent company and controlling party and is the smallest and largest group for which group financial statements are prepared, as at 31 March 2018. Copies of the financial statements of Interserve Plc can be obtained from the Company Secretary, Interserve House, Ruscombe Park, Twyford, Reading, Berkshire, RG10 9JU.

As explained in the Post Balance Sheet Events note, Administrators of the Company were appointed on 15 March 2019 and substantially all of the Company's business and assets were sold to a newly incorporated company (Interserve Group Limited) controlled by the Group's existing lenders.

As of the 15 March 2019, Interserve Group Limited, a company registered in England and Wales, is now the company regarded by the directors as the ultimate parent company and controlling party and is the smallest and largest group for which group financial statements are prepared.
