Statement of directors' responsibilities in respect of the financial statements

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report

to the members of EMI Film & Theatre Music Limited

We have audited the company's financial statements for the year ended 31 March 2003 which comprise the Profit & Loss Account, Statement of Total Recognised Gains and Losses, Balance Sheet and the related notes 1 to 13. These financial statements have been prepared on the basis of the accounting policies set out therein.

This report is made solely to the company's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As described in the Statement of Directors' Responsibilities the company's directors are responsible for the preparation of the financial statements in accordance with applicable United Kingdom law and accounting standards.

Our responsibility is to audit the financial statements in accordance with relevant legal and regulatory requirements and United Kingdom Auditing Standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the Directors' Report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

We read the Directors' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with United Kingdom Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Notes to the financial statements

at 31 March 2003

1. Accounting policies

Basis of preparation

The financial statements are prepared under the historical cost convention.

Statement of cash flows

The directors have taken advantage of the exemption in FRS 1 (revised) from including a statement of cash flows in the financial statements on the grounds that the company is wholly owned and its parent publishes a consolidated statement of cash flows.

Related party transactions

The company has taken advantage of the exemption from disclosing transactions with other group undertakings and qualifying related parties under FRS 8.

Debtors – royalty advances

Royalties due to an advancee are credited against the outstanding advance in the year of receipt until the amount of the advance is extinguished. If it is thought that future earnings will not amount to the written-down value of an advance, a provision for the estimated shortfall will be raised.

Foreign currencies

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date.

All differences are taken to the profit and loss account.

Going concern

The financial statements have been prepared on a going concern basis, as the company has received assurances from the ultimate parent undertaking that it will continue to support the company for the foreseeable future.

2. Turnover

The company's turnover is wholly attributable to its principal activity and the directors do not believe that any part of the company's worldwide market is significantly different from any other.

Turnover is defined as income from copyrights on a cash basis after deducting all commissions and any sales-related taxes levied on turnover.

All turnover arises from continuing activities.

In certain countries, the company has assigned its rights to royalty income to other undertakings of the EMI group.

An analysis of turnover by geographical market is given below:

	2003 £	2002 £
United Kingdom	56,172	50,004

The company had no employees (2002 – none).
