Notes to the Abbreviated Accounts for the Year Ended 30 September 2014

#### 1. ACCOUNTING POLICIES

#### Accounting convention

The accounts are prepared under the historical cost convention, modified to include the revaluation of investment properties.

#### **Turnover**

Turnover represents the amount charged to customers for goods and services supplied.

### Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation.

Depreciation is calculated to write off the assets to their estimated residual values over their expected useful lives at the following annual rate:

Fixtures, fittings and equipment 15% of book value

## **Investment property**

Investment properties are stated at directors' valuation. In accordance with Statement of Standard Accounting Practice 19, Accounting for Investment Properties, no depreciation is provided on buildings. This represents a departure from the Companies Act 2006 regarding the depreciation of fixed assets necessary to give a true and fair view. It is not practicable to quantify the effect of this departure. Unrealised surpluses on valuation are credited to revaluation reserve.

#### Stocks

Stock is stated at the lower of cost and net realisable value.

#### Deferred tax

Provision is made at projected rates of corporation tax in respect of all timing differences between the recognition of gains and losses in the accounts and tax computations. No provision is made in respect of unrealised surpluses on revaluation of investment property, unless there is a binding contract to sell the property.

#### Pensions

Contributions to staff personal pension arrangements are charged to profit and loss account when due.
