The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period.

In preparing those financial statements the directors are required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;

- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the company will continue in business, in which case there should be supporting assumptions or qualifications as necessary;

The directors confirm that they have complied with the above requirements in preparing the financial statements.
