1 Introduction

Jonathan Scott Pope and Richard John Hill of KPMG LLP were appointed as Administrators of Glamalco and Glamorgan by the Companies' directors on 26 November 2010

This report has been prepared in accordance with Rule 2 112(1) to apply to Court for an extension of Glamalco's administration for a further two years until 25 November 2013, as required under Paragraph 76(2)(a)

In addition, this report will serve as the progress report of the administrations in accordance with Rule 2 47 and covers the period 26 November 2010 to 25 May 2011

Statutory information required by Rule 2 47 is attached as Appendix 1

Abstract receipts and payments accounts showing the movements to 25 May 2011 for both companies are also attached at Appendix 2 These figures are shown net of VAT

1.1 Administrators' proposals

The Administrators' proposals were circulated to all known members and creditors on 19 January 2011 and were deemed approved without modification in accordance with Rule 2 33(5) on 31 January 2011

1.2 Purpose of the administrations

In accordance with paragraph 3(1) of Schedule B1 of the Act the Administrators have the following hierarchy of objectives -

- a) rescuing the Companies as a going concern,
- b) achieving a better result for the Companies' creditors as a whole than would be likely if the Companies were wound up, and
- c) realising property in order to make a distribution to one or more secured or preferential creditors

The Administrators concluded that objective a) was not possible because there was no funding available to continue trading the Companies Therefore, objective b) was the most viable, with the planned exit route from the administrations, being the dissolution of the Companies

Report to Creditors KPMG LLP 22 June 2011

2 Progress of the administrations

2.1 Strategy/Sale of business

As previously advised, Glamalco had ceased trading on 24 November 2010 and the majority of employees were made redundant by the Directors on that date Consequently it was not possible for the Administrators to trade Glamalco following their appointment

As a result a sale as a going concern, was not a viable option, and therefore the Administrators proceeded with a strategy of realising assets on a break-up basis

A small number of employees were retained to assist the Administrators with their duties and with the realisation of assets. These employees were all made redundant by 22 December 2010

2.2 Asset realisations

221 Leasehold property

Glamalco occupied four leased sites

2211 Long leasehold property at Ipswich Road, Cardiff CF23 9UR ("the Property")

The Property has been marketed by our agents, DTZ, since January 2011 Since this time several offers have been received, with one of the offers being recommended by our agents, DTZ

A 12-week exclusivity agreement was signed with the interested party on 18 April 2011. The Administrators are currently in the process of agreeing the sales contract, but are unable to give further details of the offer at this time as this may affect future marketing possibilities.

Glamorgan is registered as the lease holder of the Property at HM Land Registry, which is subject to a charge in the name of the Bank

2212 7 North Way, Walworth Industrial Estate, Andover

As previously reported, a review of the lease established that there was no value in Glamalco's leasehold interest. This property was, therefore, vacated on 23 December 2010 in order to avoid any cost to the administration

The leasehold interest has been offered for surrender to the landlord by way of operation of law, but has not yet been accepted

Report to Creditors KPMG LLP 22 June 2011

2213 Victoria Business Centre, Bristol

As previously advised, the Bristol property was a serviced office held on a six month licence which expired on 28 February 2011 The property was vacated on 30 November 2010 and the licence terminated

2214 Unit 45 Manor Side Industrial Estate, Redditch

As previously reported the lease of this property was never formally assigned to Glamalco from Glade-Tech. As Glamalco had no formal occupancy rights the landlord was informed that any claim for loss of rent should be directed to Glade-Tech's liquidator.

222 **Debtors**

The Directors estimate that the value of Glamalco's debtors at the appointment of the Administrators, including un-invoiced work and retentions, totals £5 5 million

The Administrators appointed Craigdam to collect the outstanding debtor and retention ledgers as well as the outstanding work in progress

Craigdam undertook a review of projects that were close to completion to see if it was viable to complete specific contracts. However, as the majority of employees had been dismissed it was only possible to undertake additional works on one project, which has resulted in debtor realisations of £158,000 against costs of approximately £25,000.

As previously reported, a number of contractors have advised Craigdam that they may have counter claims against Glamalco or that they cannot make any further payment until all completion costs can be fully determined

This determination cannot take place until the expiry of the relevant Defects Liability Period, which in certain instances extends into the second half of 2012. It is, therefore, anticipated that the collection process will take in excess of two years to complete and consequently realisations may not be completed until 2013. As a result the quantum and timing of recoveries cannot as yet be determined.

In the period covered by this report, our agents, Craigdam, have realised £316,482

223 Chattel assets

The Administrators appointed GoIndustry-DoveBid ("GoIndustry") to deal with the disposal of Glamalco's chattel assets including plant and machinery, and office furniture and equipment

The chattel assets at Andover realised £75,000 and at Cardiff £108,000 Realisations were higher than anticipated as a result of several parties wishing to acquire all of the assets at the Cardiff site Realisations are now complete and no further receipts are anticipated

Report to Creditors KPMG LLP 22 June 2011

2 2 4 Stock

Total stock realisations have now been completed and amount to £128,000

2.3 Investigations

The Administrators concluded that there were no causes of action against third parties which would result in additional recoveries for creditors

3 Costs of realisation

3.1 Administrators' remuneration

The statutory provisions relating to remuneration are set out in Rule 2 106 of the Rules Further information is given in the Association of Business Recovery Professionals' publication A Creditors' Guide to Administrators' Fees, a copy of which can be obtained at http://www.r3.org.uk/media/documents/technical_library/SIPS/SIP%209%20E&W.pdf However, if you are unable to access this guide and would like a copy please contact Magdalena Glanowska on 0118 964 2026

The Administrators propose that their remuneration be fixed on the basis of time properly given by them and their staff in dealing with matters arising in the administrations at their normal hourly rate of charging, as set out in Appendix 4

Under Rule 2 106 of the Rules, where the Administrators have made a statement under Paragraph 52(1)(b) of Schedule B1 of the Act that, on the basis that there will be no surplus available to creditors, there will be no meeting of creditors convened (see Section 5 6 below), then it is for the Secured Creditor and preferential creditors to fix the remuneration of the Administrators

The Association of Business Recovery Professional's Statement of Insolvency Practitioners No 9 ("SIP") requires the Administrators to provide a full detailed analysis of time spent, and charge out rates, for each grade of staff for the various areas of work carried out

Attached as Appendix 3 is a detailed analysis of time spent on each administration, and charge out rates for each grade of staff, for work carried out to 25 May 2011

In the period to 25 May 2011, the Administrators have incurred time costs of £247,881 in respect of Glamalco representing 940 hours at an average hourly rate of £264 and £68,464 in respect of Glamorgan representing 205 hours at an average hourly rate of £334. This includes work undertaken in respect of tax, VAT, employee, pensions and health and safety advice from KPMG LLP in-house specialists.

Report to Creditors KPMG LLP 22 June 2011

3.2 Agents' fees

In the period covered by this report, agent's fees of £44,982 have been paid in respect of debt collection for Glamalco. The Administrators paid £37,343 to Go Industry in respect of the sale and valuation of the assets for Glamalco.

3.3 Other costs

Costs incurred in respect of legal fees, rent and other property costs are listed in the attached receipts and payments accounts attached as Appendix 2

3.4 Schedule of expenses

Expenses for this period total £413,771 in respect of Glamalco and £79,521 in respect of Glamorgan (see Appendix 4 for further details). Please note that Glamorgan currently holds no cash and therefore some expenses incurred in respect of the Property may be settled by Glamalco, as lessee. Once the sale of the property has been completed these costs will be recharged to Glamorgan. Other costs incurred in this period have been fully settled as listed in the attached receipts and payments accounts.

Additional information about the expenses incurred in the period covered by this report is available from the Administrators or Liquidators upon request by any secured creditor or any unsecured creditor or creditors with at least 5% in value of the unsecured liabilities listed. Full details of the process to obtain more information under Rule 2 48A and to challenge the Administrators' remuneration and expenses under Rule 2 109 are included in Appendix 4

4 Estimated outcome to creditors

4.1 Secured creditor

At the date of the Administrators' appointment, the Bank was owed £2 1 million. The Bank holds fixed and floating charges over all of the Companies' assets. The Bank will suffer shortfall under its fixed and floating charges.

4.2 Preferential creditors

Claims in respect of certain wages and holiday pay rank preferentially. It currently is anticipated that preferential claims in respect of Glamalco will be approximately £188,000, subject to the outcome of a protective award claim.

Whether a dividend will be available to Glamalco's preferential creditors is dependent upon future realisations from Glamalco's debtors. However, the quantum and timing of future debtor realisations cannot yet be quantified.

There are no preferential creditors of Glamorgan

Report to Creditors KPMG LLP 22 June 2011

4.3 Unsecured creditors

As previously advised, the Directors estimate that Glamalco's total outstanding balance due to unsecured creditors is £6,328,828

Whether a dividend will be available to Glamalco's unsecured creditors, by virtue of the Prescribed Part or otherwise is dependent upon future realisations from Glamalco's debtors. However, the quantum and timing of future debtor realisations cannot yet be quantified.

No distribution is anticipated to unsecured creditors of Glamorgan by virtue of the Prescribed Part or otherwise, as the company has no floating charge assets

4.4 Prescribed Part

The Prescribed Part provisions of Section 176A of the Act entitle unsecured creditors to a percentage share of realisations from net floating charge assets, after costs of realisation. The percentage is calculated on a sliding scale up to a maximum amount of £600,000, subject to costs

The Administrators may apply to the Court for authority to make a distribution to unsecured creditors (under the Prescribed Part) and then take the requisite steps to dissolve each company, or if appropriate, to apply to the Court to obtain an order pursuant to Section 176A (5) of the Act that Section 176A(2) of the Act (Prescribed Part for unsecured debts) shall not apply

5 Other matters

5.1 Directors' conduct returns

The Administrators have a duty to investigate the conduct of the Directors and to submit a return to the Department for Business, Innovation and Skills, (formerly the Department of Business, Enterprise and Regulatory Reform) on the conduct of those directors or shadow directors who were in office in the three years prior to the Administration

The Administrators have complied with these obligations

6 Future strategy

6.1 Ongoing matters

It is proposed that the Administrators will continue to manage the affairs, business and assets of the Companies in order to achieve the purpose of the administrations. This will include

• Sale of the property (Glamorgan),

Report to Creditors KPMG LLP 22 June 2011

- Book debt collection (Glamalco),
- Payment of any outstanding administration expenses, including Administrators' remuneration,
- Making distribution(s) to the Secured Creditor
- Agreement and distribution of preferential creditors' claims (if applicable), and
- The completion of final corporation tax and VAT returns and settlement of any liability

6.2 Extension of the period of the administrations

It is anticipated that the sale of the property will be completed before 26 November 2011 However, as stated in section 2 2 2, book debt collection may not be completed until 2013, therefore, the Administrators consider that it is necessary to extend the administration of Glamalco by two years until 25 November 2013

In order to extend the administration for this period, the consent of the Court is required Consequently this report has been prepared in accordance with Rule 2 112(1) to seek approval from the Court to extend the period of the administration of Glamalco by two years to 25 November 2013

It is anticipated that the Administrators will be in a position to close the Glamorgan administration prior to 26 November 2011 and move to dissolution three months thereafter However, in the event that this is not possible, the Administrators will apply to the Secured Creditor for a six months extension to the period of the administration in accordance with Paragraph 78(2)(a)

6.3 Exit from administration

Under the terms of the Administrators' proposals, once all outstanding issues have been resolved the Companies will move to dissolution in accordance with Paragraph 84(1) of the Act

6.4 Future reporting

In accordance with Rule 2 47 of the Insolvency Rules 1986, the Administrators will provide a further progress report within one month of 26 November 2011 or earlier if either of the administrations has been completed prior to that time

Notes

Creditors are reminded that the basis upon which fees have been reported has been agreed. The quantum is supported by an analysis of time costs available for review at Appendix 3. Any additional information regarding remuneration or expenses charged for the period is available from the office holder upon request by any secured creditor or any unsecured creditor(s) with at least 5% in value of the unsecured debt in accordance with rule 2.48A IR86. This request must be made within 21 days of receipt of the report. In addition creditors are reminded that the quantum can be challenged by any secured creditor or any unsecured creditor(s) with at least 10% in value (including that creditor's claim) of the unsecured debt by making an application to Court in accordance with rule 2.109 IR86 within eight weeks of receipt of this report. The full text of these rules can be provided upon request. As the Company is VAT registered all VAT charged on expenses is recoverable, therefore no VAT has been included in the accrual figures.
