NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS

YEAR ENDED 31 JANUARY 2002

1 ACCOUNTING POLICIES

a) Basis of Accounting

The Financial Statements have been prepared under the historical cost convention and incorporate the results of the principal activity, which is described in the Directors' Report and which is continuing.

The Financial Statements have been prepared applying generally accepted accounting practice. Specifically, the application of UITF 13 has been considered in relation to the Employee Benefit Trust established by the company. The auditors take the view that this account standard does not apply.

b) Cash Flow Statement

The company has taken advantage of the exemption in Financial Reporting Statement No 1, from the requirement to produce a cashflow statement on the grounds that it is a small company.

c) Turnover

Turnover represents the total income receivable in the ordinary course of business, excluding VAT and after deductions of trade discounts. The percentage of turnover exported out of the UK was 53% (2001 - 37%).

d) Stock and Work in Progress

Stock has been valued at the lower of cost or estimated net realisable value.

e) Tangible Assets and Depreciation

Tangible fixed assets are stated at cost, less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets over their expected useful lives on the following basis.

31 January 2002 & 31 January 2001

Plant and Machinery	Straight line over three years
Fixtures and Fittings	Straight line over six years
Motor Vehicles	Reducing balance 25% per annum
Lease on Building	Reducing balance 5% per annum

f) Deferred Taxation

No provision has been made for deferred taxation, as the Directors have taken the view that deferred taxation arising from timing differences on capital allowances is unlikely to become payable in the foreseeable future.
