These financial statements have been prepared and delivered in accordance with the provisions applicable to companies subject to the small companies' regime and in accordance with Section 1A of FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In accordance with section 444 of the Companies Act 2006, the profit and loss account has not been delivered.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

These financial statements were approved by the board of directors and authorised for issue on 24 November 2022, and are signed on behalf of the board by:

Mrs R Gross Director

Company registration number: 1051420

### NOTES TO THE FINANCIAL STATEMENTS

## YEAR ENDED 31 MARCH 2022

### 1. GENERAL INFORMATION

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is New Burlington House, 1075 Finchley Road, London, NW11 0PU.

## 2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

### 3. ACCOUNTING POLICIES

## Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

### Turnover

Turnover represents rents receivable and charges recoverable from the tenants of the company's properties, credit for which is taken when the charge is made to the tenants.

### Taxation

The taxation expense represents the aggregate amount of current and deferred tax recognised in the reporting period. Tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, tax is recognised in other comprehensive income or directly in equity, respectively.

Current tax is recognised on taxable profit for the current and past periods. Current tax is measured at the amounts of tax expected to pay or recover using the tax rates and laws that have been enacted or substantively enacted at the reporting date.

Deferred tax is recognised in respect of all timing differences at the reporting date. Unrelieved tax losses and other deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the reporting date that are expected to apply to the reversal of the timing difference.

### Tangible assets

Investment property is initially recorded at cost, which includes purchase price and any directly attributable expenditure.

Investment property is revalued to its fair value at each reporting date and any changes in fair value are recognised in profit or loss.

No depreciation is provided in respect of investment property applying the fair value model.

Investment property fair value is determined by the directors based on their understanding of property market conditions and the specific property.

### 3. ACCOUNTING POLICIES (continued)

### Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures and fittings

25% reducing balance

In accordance with Financial Reporting Standard for Smaller Entities, no depreciation or amortisation is provided in respect of freehold investment properties nor on leasehold investment properties having an unexpired term of more than twenty years. This departure from the requirements of the Companies Act 2006, for all properties to be depreciated, is necessary, as the directors consider that this accounting policy results in the financial statements giving a true and fair view.

### Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.
