REPORT OF THE COUNCIL

FOR THE FINANCIAL YEAR ENDED 5TH APRIL 2007

The Council present their report and accounts for the year ended 5 April 2007

RESULTS

The Cultural Activities Revenue Account, detailed on pages 17 and 18 shows a surplus generated of £1632 for the year

The Capital Project is funded by grants from the Millennium Commission, Arts Council Lottery, European Regional Development Fund, Onyx and Liverpool Vision. Both Capacity Building (training and retraining of Trustees and staff) and Technical Support (principally towards consultancies to assist the capital programme) are funded through project grants from the Arts Council. During the year the Technical Support fund was fully spent and the account was closed. The Capital Project and Capacity Building have their own designated bank accounts. These accounts will be closed following completion of the capital programme with expenditure balanced by income in each case.

RISK MANAGEMENT

The major risks to which the charity is exposed as identified by the Trustees in relation to both the cultural programme and capital programme have been reviewed and systems have been established to mitigate these risks, including regular periodic reviews of income and expenditure and cash flow and the revision of commitments and expenditure in relation to income.

With regards to the cultural programme the major risks are linked to funding availability. Core funding risks are mitigated by the fact that the Blackie holds a three year funding agreement with Arts Council England North West, and is an ongoing revenue client with Liverpool City Council Youth Service. Obtaining project funding is always a risk, but risks are mitigated by the Blackie's track record in fund-raising and the wider potential for local, national and European funding on account of the status of Liverpool as European Capital of Culture in 2008. The Capital Programme (expenditure £5m) entails risks on a number of fronts, but is mitigated by the fact the Blackie has already run several successful building programmes. The Capital Programme itself has had a risk analysis undertaken. Mitigating actions are itemised and analysed in the current Business Plan and progress is reviewed fortnightly at meetings of the Building Sub Committee. Security of tenure of the main Blackie premises is not a risk as there are 832 years still to run on the peppercorn lease.

REPORT OF THE COUNCIL

FOR THE FINANCIAL YEAR ENDED 5TH APRIL 2007

RISK MANAGEMENT - continued

In respect of their grants for the capital programme - (i) the Millennium Commission required and has taken a 1st fixed 80 year charge over the Blackie building and land together with a floating charge over all assets, and (ii) the Arts Council has required and taken a second fixed 20 year charge over the Blackie building and land

Overdrafts with the bank for the capital and revenue accounts are secured through a charge over the property 40 Canning Street and the land at the rear of 5 Huskisson Street

REVIEW OF ACTIVITIES AND FUTURE DEVELOPMENTS

The activities of the Company are the promotion of the arts and education through a cultural programme at the Company's premises and elsewhere, which combines the activities of a contemporary arts centre and community centre. The capital programme is principally one of interior redevelopment ("a new building within old walls") including the creation of a large-scale in-the-round performance / exhibition / meeting / workshop space, due for completion in 2007

During the course of the capital programme (beginning in 2004 and continuing through to 2007) the contractors will continue to be in possession of the Blackie building. Cultural activities will continue through this period with a touring programme of events and workshops, and this touring programme will be complimented by work on the creation of publications

We have audited the financial statements of Great Georges Community Cultural Project Ltd for the year ended 5th April 2007 which comprise the Statement of Financial Activities, the Balance Sheet, and the related notes. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the charity's members, as a body, in accordance with Section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the charity's members those matters we are required to state to them in an auditor's report and for no other purpose. Respective responsibilities of directors and auditors

The trustees' (who are also the directors of Great Georges Community Cultural Project Ltd for the purposes of company law) responsibilities for preparing the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) are set out in the Statement of Trustees' Responsibilities.

We read the Trustees' Report and consider the implications for our report if we become aware of any apparent misstatements within it.

Basis of audit opinion

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgments made by the trustees in the preparation of the financial statements, and of whether the accounting policies are appropriate to the charity's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Tangible fixed assets

The Blackie, the former Great George Street Congregational Church, was donated to the charity in 1982. The original cost is not known. The trustees consider the cost of carrying out a professional valuation to include this asset at a value in the accounts to be considerable compared to the limited additional benefit derived by the users of the accounts. Any value attributed to The Blackie will form part of the unrestricted funds of the Charity.

The building and professional costs associated with the Blackie development project are to be capitalised and depreciation will be charged when the building work is completed.

The properties at 5 Huskisson Street and 40 Canning Street, Liverpool have been fully depreciated. The cost of these properties was £7,500 and £10,000 respectively. The cost and depreciation figures are included in the Tangible fixed assets note.
