<u>OF</u>

ROYAL BANK OF CANADA HOLDINGS (U.K.) LIMITED

We have audited the financial statements on pages 4 to 12 which have been prepared under the accounting policies set out on page 7.

Respective responsibilities of directors and auditors

As described on page 1 the company's directors are responsible for the preparation of the financial statements. It is our responsibility to form an independent opinion, based on our audit, on those financial statements and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

NOTES TO THE ACCOUNTS

For the year ended 31st October 1999

1. Accounting policies

The financial statements are prepared in accordance with applicable accounting standards. The particular accounting policies adopted are described below:

- (a) The financial statements are prepared under the historical cost convention. Group financial statements are not prepared as the company is a wholly owned subsidiary of a company incorporated in the European Community for which consolidated financial statements are filed in the UK.
- (b) Foreign currency balances are translated at exchange rates ruling at the year end. Resultant movements are dealt with through the profit and loss reserves. Foreign currency transactions during the year are translated at the rates ruling on the relevant transaction dates.
- (c) Premiums payable on forward foreign exchange contracts, entered into as hedging transactions, are amortised to the profit and loss account evenly over the period of the contract. Balance sheet figures do not include the gross amount of forward purchases and sales.
- (d) Investments in subsidiaries are stated at cost or lower valuation where in the opinion of the directors a permanent diminution in value has been sustained.
 - Other unlisted investments are held at cost less provisions, which the directors consider to be a fair valuation.
- (e) Deferred taxation is provided on timing differences, arising from the different treatment of items for accounting and taxation purposes, which can be expected to reverse in the future, calculated at the rate at which it is expected that tax will arise.
- (f) Goodwill upon acquisition is written off direct to reserves.
- (g) Under Financial Reporting Standard 8, the company is exempt from the requirement to disclose related party transactions within the group on the grounds that more than 90% of the voting rights are controlled within the group and the consolidated financial statements of the ultimate parent company are publicly available.
