REPORT OF THE DIRECTORS FOR THE YEAR ENDED 31 DECEMBER 2003

The directors present their annual report and the audited financial statements for the year ended 31 December 2003.

1. Principal activity

The principal activity of the company is the leasing of equipment.

2. Review of the business

The directors consider the development of the company during the year to be satisfactory, and do not foresee any significant changes in the forthcoming year.

3. Results and dividends

The profit for the year, after taxation, amounted to £450,815 (2002 - £710,113). No dividend is proposed for 2003 (2002 - £nil).

4. Directors and Directors' interests

The names of persons who were directors at any time during the year are as follows:

M I Dugdale J P Davies R King

A D Walford

There were no directors' interests requiring disclosure under Section 234 of the Companies Act 1985.

5. Audit statement

Pursuant to a shareholders resolution, the company is not obliged to reappoint its auditors annually and KPMG Audit Plc will therefore continue in office.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

REPORT OF THE INDEPENDENT AUDITORS TO THE MEMBERS OF BM LEASING (1992) LIMITED

We have audited the financial statements on pages 4 to 14.

This report is made solely to the company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

The directors are responsible for preparing the directors' report and, as described on page 2, the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibilities, as independent auditors, are established in the United Kingdom by statute, the Auditing Practices Board and by our profession's ethical guidance.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report to you if, in our opinion, the directors' report is not consistent with the financial statements, if the company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding directors' remuneration and transactions with the company is not disclosed.

Basis of audit opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Opinion

In our opinion, the financial statements give a true and fair view of the state of affairs of the company as at 31 December 2003 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2003

1. STATEMENT OF ACCOUNTING POLICIES

(a) Basis of preparation

The financial statements have been prepared in accordance with applicable accounting standards and under the historical cost accounting convention and on a going concern basis.

As the company is a wholly owned subsidiary undertaking of The British United Provident Association Ltd (BUPA), it has taken advantage of the exemption contained in Financial Reporting Standard 8 and has therefore not disclosed separately transactions or balances with entities which form part of the BUPA group of companies.

(b) Cash flow statement

Under Financial Reporting Standard No 1: Cash flow statements (revised 1996) (FRS 1) the company is exempt from the requirement to prepare a cash flow statement, on the grounds that it is wholly owned subsidiary undertaking of The British United Provident Association Limited, a company that prepares a consolidated cash flow statement for the BUPA Group.

(c) Turnover

Turnover represents the gross earnings from finance leases.

(d) Taxation including deferred taxation

The charge for taxation is based on the result for the year and takes into account deferred tax.

Deferred tax is provided in full on all timing differences that have originated, but not reversed, at the balance sheet date which result in an obligation to pay more, or a right to pay less or to receive more, tax with the following exceptions:

- Provision is made for tax on gains arising from the revaluation of property to its fixed value, the fair value adjustment of fixed assets, or gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned and without it being possible to claim rollover relief. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.
- Provision is made for deferred tax that would arise on remittance of the retained earnings of
 overseas subsidiaries, associates and joint ventures only to the extent that, at the balance sheet
 date, dividends have been accrued as receivable.
- Deferred tax assets are recognised only to the extent that it is considered more likely than not that there will be suitable taxable profits from which the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on current tax rates and laws.

Trading losses surrendered to other Group subsidiary undertakings are made on a full payment basis.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2003 - continued

1. STATEMENT OF ACCOUNTING POLICIES - continued

(e) Leasing

Leasing arrangements which transfer to the company substantially all the risks and rewards of ownership of an asset are treated if the asset had been purchased outright. The assets are included in tangible assets and depreciated over their estimated economic lives or over the term of the lease, whichever is shorter. The capital element of the leasing commitments is included in liabilities as obligations under finance leases. The lease rentals are treated as consisting of capital and interest elements. The capital element is applied to reduce the outstanding obligation, and the interest element is charged against results in a constant proportion to the capital element outstanding.

(f) Residual interests

In the majority of cases under the finance lease arrangements, the company retains an interest in the residual value of the leased asset. No recognition is made in the financial statements of any profit attributable to the estimated future disposal proceeds of equipment which will be returned to the company at the termination of the lease or from rentals resulting from anticipated secondary leases until these are realised.

(g) Fixed assets and depreciation

Fixed assets are stated at cost. Depreciation is calculated as to write off the cost by equal instalments over their estimated useful lives, as follows:

Equipment - 3 years or the length of the finance lease
