For the year ended 31 August 2016 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These abbreviated accounts have been prepared in accordance with the special provisions applicable to companies subject to the small companies regime.

These abbreviated accounts were approved by the directors and authorised for issue on 17 May 2017 , and are signed on their behalf by:

Mr A B Bissett Director

Company Registration Number: 01137628

EAGLE HEATING & PLUMBING LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS

YEAR ENDED 31 AUGUST 2016

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Goodwill

Positive purchased goodwill arising on acquisitions is capitalised, classified as an asset on the Balance Sheet and amortised over its useful economic life. Where a reliable estimate of the useful life of goodwill or intangible assets cannot be made, the life is presumed not to exceed five years. The carrying amount at the date of revision is depreciated over the revised estimate of remaining useful economic life.

Hire purchase agreements

Assets held under hire purchase agreements are capitalised and disclosed under tangible fixed assets at their fair value. The capital element of the future payments is treated as a liability and the interest is charged to the profit and loss account on a straight line basis.

Finance lease agreements

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated in accordance with the above depreciation policies. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is charged to the profit and loss account on a straight line basis, and the capital element which reduces the outstanding obligation for future instalments.

Pension costs

The company operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.

Post retirement benefits

The company has agreed to provide certain additional post-retirement benefits to selected senior employees. The estimated cost of providing such benefits is charged against profits on a systematic basis over the employees' working lives within the company.

Deferred taxation

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or a right to pay less or to receive more tax, with the following exceptions:

Provision is made for tax on gains arising from the revaluation (and similar fair value adjustments) of fixed assets, and gains on disposal of fixed assets that have been rolled over into replacement assets, only to the extent that, at the balance sheet date, there is a binding agreement to dispose of the assets concerned. However, no provision is made where, on the basis of all available evidence at the balance sheet date, it is more likely than not that the taxable gain will be rolled over into replacement assets and charged to tax only where the replacement assets are sold.

Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

2. SHARE CAPITAL

Allotted, called up and fully paid:

	2016		2015	
	No.	£	No.	£
Ordinary shares of £ 1 each	27,100	27,100	27,100	27,100
	<u> </u>	<u> </u>	<u> </u>	<u> </u>

EAGLE HEATING & PLUMBING LIMITED
ACCOUNTANTS' REPORT TO THE DIRECTORS OF EAGLE HEATING
& PLUMBING LIMITED
YEAR ENDED 31 AUGUST 2016

As described on the balance sheet, the directors of the company are responsible for the preparation of the abbreviated accounts for the year ended 31 August 2016.

You consider that the company is exempt from an audit under the Companies Act 2006.

In accordance with your instructions we have compiled these unaudited abbreviated accounts in order to assist you to fulfil your statutory responsibilities, from the accounting records and information and explanations supplied to us.
