**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2019**

1. BASIS OF PREPARATION AND ACCOUNTING POLICIES

- (a) The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as adopted for use in the European Union and the Companies Act 2006 applicable to companies reporting under IFRS. The Company is a limited company and is domiciled and incorporated in England and Wales.

The principal accounting policies adopted in the presentation of the Company financial statements, which have been consistently applied are set out as follows:

- (b) **Basis of preparation**
The financial statements have been prepared on the historic cost basis.
- (c) **Adoption of new and revised IFRSs**
There are no new IFRSs that are effective for the first time for the financial year that would be expected to have a material impact on the Company.
- (d) **Trade and other receivables**
Trade receivables are recognised and carried at original invoice amount less an allowance for uncollectable amounts. An estimate of uncollectable amounts is made when collection of the full amount is no longer probable. Uncollectable amounts are written off when identified.
- (e) **Sources of estimation uncertainty and significant judgements**
The preparation of the financial statements requires the Company to make estimates, judgements and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. The directors base their estimates on historical experience and various other assumptions that they believe are reasonable under the circumstances, the results of which form the basis for making judgements about the carrying value of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.
