DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2016

The Directors present their Annual Report and the audited financial statements of the Company for the year ended 31 December 2016 and have taken the small companies exemption not to prepare a strategic report.

Principal activities and future developments

The principal activity of the Company during the year is that of an intermediate holding company. No change in this activity is expected. Eight of the Company's subsidiaries were placed in liquidation during the year. The net profit on the liquidations was £495. The Company has impaired its investment in MCA London by £100,000 due to losses incurred in that company in 2016.

Directors

The following Directors held office during the year and subsequently:

C R Clapham
M A Lannon

No Director was materially interested during the year in any contract which was significant in relation to the business of the Company.

Going concern

The Company is indirectly dependent on Taylor Wimpey plc ("TW plc") to support the recoverability of its intercompany receivables and investments and the settlement of its liabilities and commitments.

The Directors of the Company have confirmed with TW plc that it will continue to provide the necessary financial support to the Company, for a period of at least 12 months from the date of approval of these financial statements.

TW plc is the ultimate parent of the Taylor Wimpey group ("the Group"). The Group is profitable and is in a strong financial position.

The Directors of the Company are of the view, at the time of approving the financial statements, that there is a reasonable expectation the Company will be able to remain in existence for the foreseeable future. Accordingly the financial statements have been prepared on a going concern basis.

Qualifying third party indemnity provisions

Taylor Wimpey plc has granted indemnities in favour of the Directors and officers of its Group subsidiary companies against financial exposure that they may incur in carrying out their duties (including the Directors and officers of this company). These have been granted in accordance with section 234 of the Companies Act 2006.

Directors' responsibilities statement

The Directors are responsible for preparing the Annual Report and financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 101 "Reduced Disclosure Framework".

MCA HOLDINGS LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2016 (continued)

Directors' responsibilities statement (continued)

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards, including FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- notify the Company's shareholders in writing about the use of disclosure exemptions, if any, of FRS 101 used in the preparation of financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Each person who is a Director at the date of approval of this report confirms that:

- so far as that Director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the Director has taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Re-appointment of Auditor

Deloitte LLP has indicated its willingness to be re-appointed as auditor for another term. Appropriate arrangements have been put in place for them to be deemed re-appointed as auditor in the absence of an annual general meeting.

MCA HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2016

1. Accounting policies

The following accounting policies have been used consistently throughout the current and prior year.

General information and basis of preparation

MCA Holdings Limited is a private company incorporated and domiciled in the United Kingdom. The Company is limited by shares. The Company is registered in England and Wales and its registered office is noted on page 3.

The financial statements have been prepared under the historical cost convention and in accordance with the Companies Act 2006 and Financial Reporting Standard 101 (FRS 101), "Reduced Disclosure Framework". The financial statements are prepared in sterling, which is the functional currency of the Company and rounded to the nearest thousand pounds.

The financial statements contain information about MCA Holdings Limited as an individual company and do not contain consolidated financial information as the parent of a group. The Company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included in the consolidated financial statements of its ultimate parent undertaking, Taylor Wimpey plc, a company registered in England and Wales.

The preparation of financial statements in compliance with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise judgement in applying the Company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2.

Disclosure exemptions

As permitted by FRS 101, the Company has taken advantage of the disclosure exemptions available under that standard in relation to presentation of a cash-flow statement, capital management, IFRSs issued but not effective and related party transactions. Where required, equivalent disclosures are given in the Group financial statements of Taylor Wimpey plc. The Group financial statements of Taylor Wimpey plc are available to the public and can be obtained as set out in note 12.

Adoption of new and revised standards of interpretation

In the year the Company has applied amendments to IFRSs issued by the International Accounting Standards Board as noted below. Their adoption has not had any material impact on the disclosures or amounts reported in these financial statements

- Amendments to IAS 1 – Presentation of financial Statements
- Annual improvements to IFRS 2012-2014 cycle

MCA HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2016 (continued)

1. Accounting policies (continued)

Going concern

The Company is indirectly dependent on Taylor Wimpey plc ("TW plc") to support the recoverability of its intercompany receivables and investments and the settlement of its liabilities and commitments.

The Directors of the Company have confirmed with TW plc that it will continue to provide the necessary financial support to the Company for a period of at least 12 months from the date of approval of these financial statements.

TW plc is the ultimate parent of the Taylor Wimpey group ("the Group"). The Group is profitable and is in a strong financial position.

The Directors of the Company are of the view, at the time of approving the financial statements, that there is a reasonable expectation the Company will be able to remain in existence for the foreseeable future. Accordingly the financial statements have been prepared on a going concern basis.

Investment income

Investment income primarily arises from transactions arising as a result of the liquidation of subsidiary undertakings and is reflected as it accrues.

Financial instruments

Financial assets and liabilities are recognised on the Company's Statement of Financial Position when the Company becomes a party to the contractual provisions of the instrument.

Group payables

Amounts payable to Group undertakings are non-interest bearing and are stated at their nominal value

Group receivables

Amounts receivables from Group undertakings are non-interest bearing and are stated at their nominal value.

Taxation

The tax charge represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the Statement of Comprehensive Income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using corporation tax rates that have been enacted or substantively enacted by the Statement of Financial Position date.

Any liability or credit in respect of group relief in lieu of current tax is also calculated on the same basis unless a different rate (including a nil rate) has been agreed within the Group.

MCA HOLDINGS LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2016 (continued)

1. Accounting policies (continued)

Taxation (continued)

Deferred tax

Deferred tax is the tax expected to be payable or recoverable on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is probable that future taxable profits will be available against which deductible temporary differences can be utilised.

Such assets and liabilities are not recognised if the temporary difference arises from goodwill or from the initial recognition (other than in a business combination) of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

Deferred tax liabilities are also recognised for taxable temporary differences arising on investments in subsidiaries and interests in joint ventures, except where the Company is able to control the reversal of the temporary difference and it is probable that it will not reverse in the foreseeable future.

Deferred tax is calculated, on a non-discounted basis, at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised based on tax laws and rates that have been enacted or substantively enacted by the Statement of Financial Position date.

The carrying amount of deferred tax assets is reviewed at each Statement of Financial Position date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is charged or credited in the Statement of Comprehensive Income, except when it relates to items charged or credited directly to other comprehensive income or equity, in which case the deferred tax is also dealt with in other comprehensive income or equity.

Investments in subsidiary undertakings

Investments in subsidiary undertakings are measured at historic cost less any provision for impairment. An impairment review is carried out at the end of each year.
