NOTES TO THE ABBREVIATED FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JANUARY 2013

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

1.2. Turnover

Turnover represents the total invoice value, excluding value added tax, of sales made during the year

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows

Land and buildings	-	Straight line over twenty five years on buildings
Computer equipment	-	Straight line over 3 years
Fixtures, fittings and equipment	-	15% Reducing balance
Motor vehicles	-	25% Reducing balance

1.4. Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce constant periodic rates of charge on the net obligations outstanding in each period

1.5. Stock

Stock is valued at the lower of cost and net realisable value

1.6. Pensions

The pension costs charged in the financial statements represent the contribution payable by the company during the year

1.7. Deferred taxation

Provision is made for deferred tax using the liability method to take account of timing differences between the income and expenditure for taxation and accounting purposes except to the extent that directors consider that a liability to taxation is unlikely to materialise
