## **STRATEGIC REPORT**

***FOR THE YEAR ENDED 31 DECEMBER 2022***

---

The directors present their strategic report for the year ended 31 December 2022.

### **Principal activities**

The principal activity of the company is the development, design, sales, production, installation and maintenance of sustainable ventilation, cooling, heating and lighting solutions which minimise our customers carbon footprint.

### **Review of the business**

The financial year 2022 continued to be challenging requiring the company to demonstrate flexibility and prudence whilst continuing to focus on its longer term strategic goals. Material and freight inflation were high which were systemic market issues accentuated by a strong USD and weak GBP. Despite the market difficulties, the company continued its strategy to build market share through significant investment in people, marketing and new product research and development.

The company's intent is to maintain its market leadership position in the education market whilst building its presence in other sectors, particularly commercial office and healthcare. In addition, significant resource is continuing to be invested into the residential market with development of HomeZero and ResiventZero. HomeZero is a highly innovative product that provides carbon neutral heating, hot water and ventilation for domestic properties. The target market is being driven by the government's green home initiatives and legislation which will ban the installation of gas and oil boilers in new homes by 2025. ResiventZero is targeted at the high rise apartment market and enables natural ventilation to reduce energy requirements and costs.

The company has many established, high quality customers and believes that positive macro market drivers including increased awareness of the importance of high quality building ventilation; the climate change challenge; and associated regulatory responses are supporting the future growth prospects of the business.

### **Principal risks and uncertainties**

#### **Financial risk management and policies**

The company utilises borrowing and the directors regularly review the exposure to interest risk in this respect. Liquidity risk is managed through forecasting future cash flow requirements and generating sufficient cash flows from operational activities to meet both daily cash requirements and to fund repayment of the company's long term borrowings.

#### **Customer credit exposure**

The company may offer credit terms to its customers which allow payment of the debt after delivery of the goods and services. The company is at risk to the extent that a customer may be unable to pay the debt on the specified due date. This risk is mitigated by robust credit control processes, utilisation of credit insurance and close management of on-going customer relationships.

#### **Outlook**

Market conditions are expected to improve in 2023 and the company is optimistic about achieving robust growth. Raw material inflation is expected to reduce in 2023 and freight costs are forecast to drop significantly. We remain confident that we will continue to deliver excellent products and services to our customers.

# MONODRAUGHT LIMITED

## STRATEGIC REPORT (CONTINUED)

**FOR THE YEAR ENDED 31 DECEMBER 2022**

---

### Development and performance

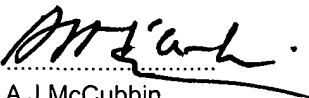

Throughout 2022 the market in the UK was rebalancing from the effects of COVID-19, Brexit and dealing with the consequences of the Russian/Ukrainian war. Performance on the order side was consistently strong throughout the year and enabled the order intake, pipeline and work in hand to all achieve record levels. Due to supply side material delays and labour shortages, slippage on projects occurred on many construction projects which led to subdued sales performance. Although slippage on construction projects from 2022 may not be fully recovered, a return to a typical order to sales cycle is expected to return in 2023. This is expected to deliver significantly improved sales and financial performance in 2023.

The launch of Range Zero, which is targeting 90% of sales revenue to be carbon neutral by 2024 continued apace supporting the core aims of the business. The transition from hybrid ventilation sales of HTM to HVR Zero and the launch of Windcatcher Zero were key items supporting this target. Minimising embodied carbon of all products by incorporating more sustainable materials, attaining higher efficiencies and developing energy saving controls remains a key focus for the R&D and Procurement teams.

### People

Disruptions from COVID-19 dissipated during the first quarter of 2022. For the benefit of both the company and employees, a mix of hybrid and on site working has been employed. Significant challenges managing the supply chain continued with acute material & freight cost inflation being experienced. To ensure the company has the necessary skills and resources to perform in the future, significant investments continue to be made in employee development and recruitment. These range from fully supported apprenticeships to masters level qualifications.

On behalf of the board

## DIRECTORS' REPORT

**FOR THE YEAR ENDED 31 DECEMBER 2022**

---

The directors present their report and financial statements for the year ended 31 December 2022.

### Directors

The directors who held office during the year and up to the date of signature of the financial statements were as follows:

N J Hopper  
A J McCubbin

### Results and dividends

The results for the year are set out on page 8.

No ordinary share dividends were paid. The directors do not recommend payment of a final dividend.

### Auditor

The auditor, Haines Watts High Wycombe Limited, is deemed to be reappointed under section 487(2) of the Companies Act 2006.

### Statement of disclosure to auditor

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information of which the auditor of the company is unaware. Additionally, the directors individually have taken all the necessary steps that they ought to have taken as directors in order to make themselves aware of all relevant audit information and to establish that the auditor in the company is aware of that information.

On behalf of the board

A J McCubbin

Director

Date: ...07.08/2023

# **MONODRAUGHT LIMITED**

## **DIRECTORS' RESPONSIBILITIES STATEMENT**

***FOR THE YEAR ENDED 31 DECEMBER 2022***

---

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards (including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland') have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

# MONODRAUGHT LIMITED

## INDEPENDENT AUDITOR'S REPORT

### TO THE MEMBERS OF MONODRAUGHT LIMITED

---

#### Opinion

We have audited the financial statements of Monodraught Limited (the 'company') for the year ended 31 December 2021 which comprise the Profit and Loss Account, the Balance Sheet, Statement of changes in equity and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland* (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 December 2022 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

#### Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit, or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

#### Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of our audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

# MONODRAUGHT LIMITED

## INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF MONODRAUGHT LIMITED

---

### **Matters on which we are required to report by exception**

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report and the directors' report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of directors**

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud are detailed below:

### **Explanation as to extent to which the audit was considered capable of detecting irregularities, including fraud**

During the audit we identify and assess the risk of material misstatements of the financial statements due to fraud or error; to obtain sufficient appropriate audit evidence regarding the assessed risks of material misstatement due to fraud and error; and to respond appropriately to those risks.

In identifying and assessing risks of material misstatement in respect of irregularities, including fraud and non-compliance with laws and regulations, our procedures included the following:

- We obtained an understanding of the legal and regulatory frameworks applicable to the company and the sector in which it operates. We determined that the following laws and regulations were most significant: The Companies Act 2006, UK GAAP, UK corporation tax laws, the Data Protection Act, ISO 9001 and ISO 14001.
- We obtained an understanding of how the company are complying with those legal and regulatory frameworks and made enquiries to the management of known or suspected instances of fraud and non-compliance with laws and regulations.
- We corroborated our enquiries through our review of board minutes, other relevant meeting minutes and review of correspondence with regulatory bodies and also obtained management representations regarding compliance with applicable laws and regulations.

# **MONODRAUGHT LIMITED**

## **INDEPENDENT AUDITOR'S REPORT (CONTINUED) TO THE MEMBERS OF MONODRAUGHT LIMITED**

---

We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur. Audit procedures performed by the audit team included:

- Identifying and assessing the controls management has in place to prevent and detect fraud, including the existence of supervisory controls;
- Understanding how those charged with governance considered and addressed the potential for override of controls or other inappropriate influence over the financial reporting process including the existence of monthly management accounts review process;
- Challenging assumptions and judgements made by management in its significant accounting estimates and judgements, (in particular in relation to amortisation, depreciation, dilapidation provisions and warranty provisions);
- Identifying and testing journal entries, in particular journal entries posted with unusual account combinations; and
- Assessing the extent of compliance with the relevant laws and regulations.

There are inherent limitations in the audit procedures described above and the further removed non-compliance with laws and regulations are from the events and transactions reflected in the financial statements, the less likely we would become aware of it. Also, the risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusions. There is always the unavoidable risk that material misstatements in the financial statements may not be detected despite the audit being properly performed in accordance with UK Auditing standards.

A further description of our responsibilities is available on the Financial Reporting Council's website at: <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

### **Use of our report**

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

# MONODRAUGHT LIMITED

## NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

---

### 1 Accounting policies

#### Company information

Monodraught Limited is a private company limited by shares incorporated in England and Wales. The registered office is Halifax House, Cressex Business Park, High Wycombe, Bucks, United Kingdom, HP12 3SE.

#### 1.1 Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the exemption in FRS 102 section 7 from the requirement to produce a cash flow statement on the grounds that it is a member of a group where the parent prepares publicly available consolidated financial statements and its results are included in the consolidation.

The financial statements of the company are consolidated in the financial statements of Monodraught Topco Limited. These consolidated financial statements are available from its registered office, Halifax House, Cressex Business Park, High Wycombe, Buckinghamshire, United Kingdom.

#### 1.2 Going concern

The financial statements have been prepared on a going concern basis. The directors have reviewed and considered relevant information, including the annual budget and future cash flows in making their assessment. In particular, in response to the COVID-19 pandemic and the conflict in Ukraine, the directors have tested their cash flow analysis to take into account the impact on their business of possible scenarios brought on by the impact of COVID-19, alongside the measures that they can take to mitigate the impact. Based on these assessments, given the measures that could be undertaken to mitigate the current adverse conditions, and the current resources available, the directors have concluded that they can continue to adopt the going concern basis in preparing the annual report and accounts.

#### 1.3 Turnover

Turnover is recognised to the extent that the company obtains the right to consideration in exchange for its performance. Turnover is measured at the fair value of the consideration received, excluding discounts, rebates, VAT and other sales taxes or duty.

#### Sale of goods

Revenue from the sale of goods is recognised when the significant risks and rewards of ownership of the goods have passed to the buyer. Revenue is recognised on despatch of goods when the amount of revenue can be measured reliably, and when it is probable that the economic benefits associated with the transaction will flow to the entity and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

#### Rendering of services

Revenue arising from manufacture and installation of products is recognised based on the stage of project completion and in proportion to costs incurred. Upon successful installation and testing of the manufactured system on site, final income is recognised.

# MONODRAUGHT LIMITED

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### FOR THE YEAR ENDED 31 DECEMBER 2022

#### 1 Accounting policies

(Continued)

##### 1.4 Research and development expenditure

Research expenditure is written off against profits in the year in which it is incurred. Identifiable development expenditure is capitalised to the extent that the technical, commercial and financial feasibility can be demonstrated.

##### 1.5 Intangible fixed assets other than goodwill

Intangible assets acquired separately from a business are recognised at cost and are subsequently measured at cost less accumulated amortisation and accumulated impairment losses.

Intangible assets are amortised on a straight line basis over their estimated useful lives. The carrying value of intangible assets is reviewed for impairment if events or changes in circumstances indicate the carrying value may not be recoverable. The useful economic lives of intangible assets are as follows:

Product certifications & development costs	20% per annum on a straight line basis
--	--

##### 1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost, net of accumulated depreciation and accumulated impairment losses.

Depreciation is provided on all tangible fixed assets, at rates calculated to write off the cost, less estimated residual value, over their expected useful life as follows:

Plant and machinery	20% per annum on a straight line basis.
Fixtures, fittings & equipment	15% - 33% per annum on a straight line basis.
Motor vehicles	25% per annum on a straight line basis.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the profit and loss account.

##### 1.7 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs. Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment annually, and whenever there is an indication that the asset may be impaired.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

# MONODRAUGHT LIMITED

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

---

### 1 Accounting policies

(Continued)

Recognised impairment losses are reversed if, and only if, the reasons for the impairment loss have ceased to apply. Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

#### 1.8 Stocks

Stocks are valued at the lower of cost and net realisable value. Costs include all costs incurred in bringing each product to its present location and condition. Cost comprises of direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition.

Net realisable value is based on estimated selling price less any further costs expected to be incurred to completion and disposal.

#### 1.9 Cash at bank and in hand

Cash at bank and in hand are basic financial assets and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

#### 1.10 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial assets are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

##### **Basic financial assets**

Basic financial assets, which include debtors and cash and bank balances, are initially measured at fair value which is normally the transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

##### **Other financial assets**

Other financial assets, including investments in equity instruments which are not subsidiaries, associates or joint ventures, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

# MONODRAUGHT LIMITED

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### FOR THE YEAR ENDED 31 DECEMBER 2022

---

#### 1 Accounting policies

(Continued)

##### ***Impairment of financial assets***

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired where there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been, had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

##### ***Derecognition of financial assets***

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the company transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

##### ***Classification of financial liabilities***

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities.

##### ***Basic financial liabilities***

Basic financial liabilities are initially measured at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Other financial liabilities classified as fair value through profit or loss is measured at fair value.

##### ***Other financial liabilities***

Other financial liabilities are initially measured at fair value, net of transaction costs. They are subsequently measured at amortised cost using the effective interest method, with interest expense recognised on an effective yield basis.

##### ***Derecognition of financial liabilities***

Financial liabilities are derecognised when and only when, the company's obligations are discharged, cancelled, or they expire.

#### 1.11 Equity instruments

Equity instruments issued by the company are recorded at the proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.

### FOR THE YEAR ENDED 31 DECEMBER 2022

---

#### 1 Accounting policies

(Continued)

##### 1.12 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

###### **Current tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

###### **Deferred tax**

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit.

The carrying amount of deferred tax assets is reviewed at each reporting end date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered. Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the profit and loss account, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity. Deferred tax assets and liabilities are offset if, and only if, there is a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to taxes levied by the same tax authority.

##### 1.13 Provisions

Provisions are recognised when the company has a legal or constructive present obligation as a result of a past event, it is probable that the company will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the reporting end date, taking into account the risks and uncertainties surrounding the obligation.

Where the effect of the time value of money is material, the amount expected to be required to settle the obligation is recognised at present value. When a provision is measured at present value the unwinding of the discount is recognised as a finance cost in profit or loss in the period it arises.

##### 1.14 Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense, unless those costs are required to be recognised as part of the cost of stock or fixed assets.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

##### 1.15 Retirement benefits

Payments to defined contribution retirement benefit schemes are charged as an expense as they fall due.

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 DECEMBER 2022

### 1 Accounting policies

(Continued)

#### 1.16 Leases

Rentals payable under operating leases, including any lease incentives received, are charged to the profit and loss account on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the lease asset are consumed.

#### 1.17 Foreign exchange

Monetary assets and liabilities denominated in foreign currencies are translated into Sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

### 2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

### 3 Operating (loss)/profit

	2022	2021
	£	£
Operating (loss)/profit for the year is stated after charging/(crediting):		
Exchange losses	9,020	16,436
