## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

The Trustees of the Leeds Castle Foundation, (Charity number: 268354 and company registration number: 1172263), who are also the directors of the charity, present their report and the financial statements for the Foundation and its trading subsidiary (the group) for the period ended 31st March 2021. These have been prepared in accordance with the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1st January 2015) and the Companies Act 2006.

Accounts have been prepared this year for the period from 1st April 2020 to 31st March 2021. The Foundation regularly alters its financial year end to ensure there is only one Easter Bank Holiday weekend within each financial year, but this was not necessary for either year covered by this report.

## **Objects**

The Foundation's objects are wide ranging, and are set out in full in the memorandum and articles. However, the key focus of the charity is best summarised as follows:

- 1. To preserve the Castle and its estate for public benefit.
- 2. To provide an excellent, enjoyable and authentic experience for every visitor.
- 3. To inspire visitors of all ages through educational resources and facilities.
- 4. To promote health and other charitable purposes.

## **Strategic Report**

Sections in this report noted below constitute the Strategic Report for the purposes of the Companies Act 2006:

- Review of the year.
- Incoming resources.
- Costs and application of operating surpluses.
- Reserves Policy.
- Investment Policy and Objectives
- Core Activities Public Benefit.
- Plans for the Future.
- Risk.
- Section 172 Statement.

## Review of the year

The Estate was closed due to COVID-19 lockdown from Monday 23<sup>rd</sup> March 2020 in accordance with Government instructions. All staff were paid in full to the month end and an orderly shutdown ensued. Planning for the year in the context of the pandemic was extremely difficult, but cost control to match a fluid situation was the key aim.

From the beginning of April a Care and Preservation team of 32 was created, to ensure adequate security, maintenance, administration and forward planning. Most of this team were required to work on site, but those who could worked from home if their duties allowed. All other staff were furloughed under the Coronavirus Job Retention Scheme.

Throughout the year, the Hospitality and Accommodation sales staff offered all those with bookings impacted by restrictions an alternative date for their function and it was encouraging that most rebooked their functions in line with the constantly changing restrictions. For some this had to be repeated on multiple occasions. Those who did not wish to rebook were refunded.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

During the period of closure, the Management team, under the direction of the Trustee Board, undertook a review of the operational structure of all aspects of the business. The outcome of the review was a streamlined structure, dependent on fewer full-time staff, augmented as required. The restructure and resulting redundancies were approved by the Trustees on 26<sup>th</sup> June 2020.

Once initial restrictions were relaxed in June, a successful Phase One of reopening the grounds began. In line with other 'Treasure Houses', there was a review of whether those with existing tickets should be compensated. Unlike the National Trust and English Heritage who have annual membership schemes, Castle admissions are donation-based day entry, which by utilising Gift Aid legislation are extended to allow further visits over a period of twelve months. It was decided that any customers buying or renewing their tickets in the financial year would have the ability to return for further visits for a fifteen-month period, rather than the normal twelve, as the estate had to postpone events and limit admission numbers through a pre-booking system. Timed arrival booking slots and pre-booking protocols were introduced to ensure best industry practice was followed.

The Leeds Castle Golf Club reopened, with an immediate increase in memberships, as restrictions allowed people to take outdoor exercise in safe surroundings. This proved an unexpected boost to re-establishing the Golf Club following the earlier investment in the course and facilities.

In mid-July, Phase Two of reopening the wider external areas of the estate, including playgrounds, was completed and well-received. The additional safety and hygiene measures, whilst expensive, were very much appreciated by our customers, leading to positive customer feedback.

August saw the reintroduction of onsite accommodation and Castle interior admissions, all with appropriate booking and hygiene protocols. The staycation boom boosted occupancy percentages to record levels and staff returned from furlough to support the operation.

All major events over the summer and school holiday periods were postponed, to minimise risks to visitors and to safeguard the Foundation's financial position, due to the associated substantial upfront expenditure needed.

November saw the second national lockdown, curtailing much activity, but with the grounds and play areas able to remain open for relaxation and exercise. The decision was taken to install Christmas activity in cabins along the Woodland Walk, rather than inside the Castle. This was well received, bringing seasonal cheer to the many visitors who came to see them and proved to be a prudent decision financially.

Overall the experience of reducing and subsequently reintroducing activity was managed with agility. Good communication with visitors and staff proved crucial throughout the uncertainty.

Nearly 270,000 guests were welcomed to site, with the estate providing respite from the pandemic for thousands of visitors. The investment in hygiene and safety matters was therefore fully justified.

With investments performing well and costs stringently controlled, Trustees decided that borrowing would not be sought as the Foundation held adequate reserves.

Forward modelling into the foreseeable future, at levels similar to those achieved to date, should produce adequate cash resources, with potential for considerable improvement over the next few years as visitors and hospitality events are able to return, but it may be a considerable time before overseas visitors return to previous levels.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

#### **Incoming resources**

Total incoming resources reduced by £166,000 over the last year as a result of reduced visitor numbers and restricted operations due to the pandemic.

There were no special events held during the year.

Hospitality was unable to operate at all, with accommodation restricted, both in terms of operational calendar and occupancy, which had a major impact on the larger rental properties.

The investment portfolio withstood the initial market downturn and benefitted from the significant bounce back.

## Costs and application of operating surpluses

We continue to focus on managing our costs, a discipline which will be a key focus in the coming years, as we await fuller recovery from the lasting impact of the pandemic.

There will always be a need for considerable investment programmes, not least in the fabric of the Castle buildings. In addition to planned and preventative maintenance, there are times when unexpected repairs are required. The operating surplus will be used to continue the preservation of the Castle and the enhancement of the visitor experience, including restoration of the Castle interiors. Whilst little was expended in the year, there has been sufficient confidence to reintroduce the stonework restoration programme in 2021/22.

In line with the agreed three-year pension deficit reduction plan, we also made a special contribution of £140,000 towards the Leeds Castle Retirement Benefits Scheme. The scheme has been closed to new members since 2005. A triennial revaluation was undertaken as at 1<sup>st</sup> April 2019 and contributions increased to £140,000 with effect from 1<sup>st</sup> April 2020. Subject to the result of the next triennial valuation scheduled for 1<sup>st</sup> April 2022, contributions will again be reviewed.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

## Reserves policy

The reserves policy is reviewed annually by the Trustees, taking into account the predominant risks to the Foundation and its anticipated working capital requirements.

The review of risk highlights major events, (e.g. a fire), causing severe impact on income, mitigated by both direct and business interruption insurance cover. The impact on income of other risks, such as closure or periods of low visitor numbers due to prolonged bad weather or other factors, are uninsurable. In recent years, to mitigate these risks, Trustees have invested to diversify income generation, reducing the dependence on day visitors. The Trustees have concluded that funds are required to be held as free reserves to enable us to meet regular commitments and working capital requirements, should there be short term volatility in revenues. Taking into account core cost needs over a twenty-four month period, the Trustees consider it is appropriate to hold free reserves of at least £5m. This figure was reconsidered post year end in response to the pandemic.

At 31st March 2021, the total consolidated funds in the accounts stand at £20.6m (2020 - £20.9m), of which £2.8m (2020 - £2.8m) is restricted and £2.5m (2020 - £2.5m) relates to unrestricted tangible fixed assets. After deducting the designated funds of £4.0m (2020 - £3.0m) this leaves general free reserves of £11.3m (2020 - £12.6m). The free reserves include investment properties with a value of £7.4m (2020 - £7.2m) which are not readily realisable. The Foundation had liquid free reserves of £3.9m (2020 - £5.4m) in line with the Trustees target of £5.0m. Operating costs in a full year of normal activity can reach £12m.

The Foundation's funds comprise a number of restricted and unrestricted funds within which a number of designations have been made by the Trustees.

Restricted funds comprise the Heritage and Development Fund and the Chattels Fund. The Heritage and Development Fund is an Expendable Endowment Fund and represents freehold land and buildings classified as functional tangible assets, considered to be integral to the bequeathed estate. The Heritage and Development Fund relates entirely to the Foundation.

The Chattels Fund represents proceeds from the disposal of heritage assets. These proceeds are to be used solely for the purpose of acquiring replacement heritage assets.

The Trustees have concluded that Designated Reserves should be set up to cover the estimate of potential spending on specific projects which have been identified as part of the five-year planning process, in order to:

- Fund the Foundation's primary responsibility of preserving the Castle and its collections for public benefit.
- Invest in developments to enhance the visitor experience and understanding of the Castle.
- Develop income generating opportunities.
- Improve or replace operating facilities.

As at 31st March 2021, the Designated Reserves have been assigned to:

- Castle collection presentation. Spread over 3 years from 2022.
- New hospitality visitor reception facility. 2021-22 financial year.
- Development of additional indoor space to mitigate weather impact. 2023-24 financial year.
- Stonework restoration. Next phases October 2021 and October 2023.
- Oral history project. Commenced 2021.

In addition, the Foundation carries business interruption insurance to cover the cost of core liabilities in the event that the Castle was unable to generate income as a consequence of exceptional insurable incidents.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

## Investment policy and objectives

#### a) Investment land and properties

Investment land and properties relate to interests in land and buildings which are held for their investment potential, and which are not used by the Foundation or its subsidiary in the course of their operations, other than for generating rental income. These properties are considered annually by the Investment Committee as part of its review of the combined portfolio of properties and other investments.

## b) Cash and managed investments

The fundamental objective in managing the investment assets is to generate a rate of return to help meet the Foundation's charitable objectives.

In 2020 the Trustees reviewed and ratified the investment policy, which states that the portfolio should achieve a rate of return of RPI plus 2% over the long term and that the rate in any particular year should not be negative. The Trustees also undertook a tender process and decided to split the portfolio equally between Ruffer LLP and Sarasin to mitigate management risk with effect from March 2021.

#### **Core Activities**

#### Public benefit

The Trustees referred to the Charity Commission's guidance on public benefit when reviewing the aims and objectives and in planning future activities. In particular, the Trustees considered how planned activities will contribute to the aims and objectives they have set. The Trustees are confident that the Foundation's current activities deliver public benefit, as follows:

#### c) Objective 1 – To preserve the Castle and its estate for public benefit.

A large proportion of the Foundation's income is devoted to activities which preserve the Castle, its collections, the estate buildings and its grounds.

#### Lady Baillie Suite

As part of the scheduled ongoing representation works, work commenced on both the bedroom and dressing room in 2019. Due to the pandemic this work was not complete at the year-end, with £41,000 expended to year end.

#### **Renovation of Castle Bedrooms**

No further work was undertaken in the year due to the pandemic.

#### Stonework

Surveys and essential repairs in advance of the next phase of major stonework costing £18,000 were undertaken with the plan to recommence the next phase in October 2021.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

## d) Objective 2 - To provide an excellent, enjoyable and authentic experience for every visitor.

At the centre of the Foundation's work is the welcome extended to the hundreds of thousands of visitors who come and enjoy Leeds Castle. They may come for the day, just once; others living more locally take advantage of the free repeat visits. The comments posted on TripAdvisor demonstrate high levels of satisfaction, with a wide range of visitors finding interest and enjoyment.

The Castle was open during the year as restrictions allowed, most notably the grounds and gardens. The Estate welcomed many local visitors giving them a safe, recreational environment for respite from the pandemic.

A seasonal presentation in the grounds allowed far more visitors to enjoy the Christmas displays than could have been achieved indoors.

## e) Objective 3 – To inspire visitors of all ages through educational resources and facilities.

Our education programme was unable to operate properly throughout the year, but school visits still took place, giving children the opportunity to enjoy the safe and healthy environment.

As education in its widest sense is at the heart of what we aim to deliver for all visitors, flexibility and forward planning have continued through the year to allow the earliest introduction of provision as allowed.

## f) Objective 4 - To promote health and other charitable purposes

The Foundation has continued to promote healthy living. Being able to keep the grounds and gardens open for relaxation and exercise, together with the playgrounds, which were regularly full of children, met this objective. Few opportunities were available to support other charities, but an NHS Wellbeing day to thank local NHS workers was a great success, with many sponsors helping to provide an excellent day for attendees.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

The creation of a membership scheme for the golf course led to unexpected growth, as golf was one of the few sports that could be enjoyed during the restrictions. From a standing start over a two-year period we now have nearly 450 members taking an active interest in the course. Golf both at the Castle and nationally has seen a resurgence of popularity.

The Foundation welcomes walkers and ramblers who enjoy the grounds on the public footpaths. At times, this has caused problems, but we seek to convert walkers into paying visitors wherever possible.

#### Plans for the future

Trustees appointed a new Chief Executive, Helen Bonser-Wilton, from April 2021. Helen brings extensive experience of heritage, estates and visitor attractions, having held senior positions with the National Trust and the Mary Rose Trust.

With the arrival of a new CEO, all plans are under review, focussing on Bringing the Castle to Life, developing plans for the wider estate, including more accommodation and addressing long standing conservation and infrastructure issues, such as car parking. The Visitor Reception and Park Shop will undergo a revamp to provide a better visitor experience and to manage off-season staffing costs. Work continues to identify additional indoor experiences that can protect the day visitor business against the vagaries of the weather. The uncertainties of the pandemic continue to affect our medium-term planning, with little clarity on when groups and international visitors might return.

#### Risk

The Charity has an active risk management policy. The Risk Register was fully revised during the year and is subject to quarterly review and scrutiny by the Foundation's Finance, Audit and Risk Committee. This has enabled staff and Trustees to identify key risks and to manage them more effectively.

The upkeep of the Castle and the estate is a heavy, largely fixed cost that must be borne irrespective of the fortunes of our trading activities. Apart from some catastrophic disaster such as fire, the most critical risk for the charity is not generating sufficient income to support that cost. The Foundation encourages its trading subsidiary to explore diversified sources of income continuously.

To manage any catastrophic occurrence, business continuity has been reviewed and we have produced a comprehensive plan designed to restore us to operational capacity as quickly as possible. For example, a new generator has been installed to supply electricity across the site should the supply from the National Grid fail.

The Foundation takes the health and safety of its staff and visitors very seriously. The Leadership Team is committed to ensuring that staff operate safe systems and that visitors are able to enjoy their time with us without incident. All activities on the estate are risk-assessed and incidents logged, with follow-up action closely monitored. An external Health and Safety consultant is used to monitor processes and activities, using a risk assessment tool. Given the level of complexity in the Leeds Castle operation, a Training Officer has been recruited to staff are trained in all aspects of delivering a safe environment, both for visitors and staff.

There will always be extraneous risks over which we have little control. The most significant of these is poor weather, which affects both event sales and the core activity of encouraging visitors to the Castle.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

#### **Section 172 Statement**

The Board of Trustees are aware of their duty under s.172 of the Companies Act 2006 to act in the way which they consider, in good faith, would be most likely to promote the success of the Company for the benefit of its members as a whole and, in doing so, to have regard (amongst other matters) to:

- The likely consequences of any decision in the long term.
- The interests of the Company's employees.
- The need to foster the Company's business relationships with suppliers, customers and others.
- The impact of the Company's operations on the community and the environment.
- The desirability of the Company maintaining a reputation for high standards of business conduct.
- The need to act fairly as between members of the Company, (the "s.172(1) Matters")

#### Engagement with employees

Enhancing employee engagement is an integral part of the culture of the Foundation. Senior management provide regular departmental updates and cross Foundation communications. Much focus has been given to ensuring a safe working environment during the pandemic, including supporting employees' physical and mental health and wellbeing, whilst working either remotely or onsite.

## Engagement with stakeholders

The Trustees recognise the importance of external stakeholders and the Foundation aims to engage these institutions and individuals with our work.

## Structure, Governance and Management

The Leeds Castle Foundation was established as a company limited by guarantee by the last private owner of the Castle, Lady Baillie, to preserve the Castle for the benefit of the public. It is governed by its Memorandum and Articles of Association (1974) and it is registered as a charity with the Charity Commission. The Charity is administered by a Board of Trustees. As set out in the Articles of Association, the Chairman of the Trustees is elected by his or her fellow Trustees.

The Foundation uses a variety of methods to recruit new Trustees including advertising, head-hunters, and personal contacts. The Board aims to keep the costs of recruitment down, but is keen to make sure it is able to access the skills and attributes required. It has a Nominations Committee chaired by the Foundation Chairman, supported by two other Trustees. Whenever a vacancy arises, candidates are invited to submit their CV and following shortlisting and subsequent interviews, a recommendation is made to the full Board.

The year saw the appointment of Mr Julian Smith to the Board of Trustees, bringing a wide range of specialist charitable legal experience including governance, replacing Lord Bridges who retired on completion of his term.

By way of induction, new Trustees are provided with a comprehensive briefing pack, and spend a day with the Chief Executive and Senior Leadership Team. If they do not have experience of working with charities, they are offered additional training and support.

The Board's standing subcommittees cover audit (which also addresses finance and risk), investment, nominations, presentation, and strategic development.

Activities outside of the main objects of the Charity are undertaken on its behalf by Leeds Castle Enterprises Limited, a wholly owned subsidiary.

Two Trustees also sit on the Leeds Castle Retirement Benefits Scheme Board, the liability for the scheme being borne by Leeds Castle Enterprises.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

The Chief Executive is appointed by the Trustees to advise on strategy and development, and manage the day-to-day operations of the charity. To facilitate effective operations, the Chief Executive has authority, within terms of delegation approved by the Trustees, for all operational matters. She is supported by a Finance Director, who is also company secretary and a team of senior managers.

The Foundation receives no public funding and has to balance the need to generate income with the impact of commercial activities on the historic buildings and environment.

## Remuneration of key management personnel

Salaries for the Senior Leadership team are reviewed annually by Trustees and benchmarked against other members of the Treasure Houses Association.

## Employee involvement and disabled persons

The management of Leeds Castle Foundation and its subsidiary Leeds Castle Enterprises Limited, (which together form the group), establish and maintain close communication with staff and volunteers, to ensure all are fully informed about the progress of the group's activities. There are informal and formal information exchange procedures, feedback sessions at all levels, as well as individual performance development sessions with all members of staff. Success is celebrated with an annual awards ceremony. We provide a workplace that offers equality of opportunity for all our staff, whatever their gender, race, religion, sexual orientation, age or physical ability.

With effect from 2017, volunteer support has been introduced across several areas of operations, most notably gardens and falconry teams. This now includes visitor facing Castle stewards.

#### **Fundraising**

The charity carries out its fundraising in a fair and responsible way in line with the requirements of the Fundraising Regulator. The Foundation ensures that funds raised are spent effectively to bring maximum benefit to the beneficiaries.

Whilst all efforts will be made to perform to the highest standards, occasionally, issues happen. Any complaints made are fully investigated and action taken to deal with any problems. The charity received no complaints during the year under review. The Trustees recognise the importance of the reputation of the charity in maintaining the trust and confidence of its donors & grant givers and this principle sits at the heart of all fundraising activities.

## Governance

The Trustees note the importance of the Charity Code of Governance and are committed to reviewing the charity's governance procedures based upon its recommendations.

## TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 31 MARCH 2021

## **Trustees Responsibility**

The Trustees (who are also directors of Leeds Castle Foundation for the purposes of company law) are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and the group and of the incoming resources and application of resources, including the income and expenditure, of the charitable group for that period. In preparing these financial statements, the trustees are required to:

- Select suitable accounting policies and then apply them consistently;
- Observe the methods and principles in the Charities SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis unless it is appropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charitable company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Trustees are aware:

- There is no relevant audit information of which the charitable company's auditor is unaware; and
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

#### **Auditors**

Crowe U.K. LLP were appointed as auditors in the year and have expressed their willingness to remain in office.

The Report of the Trustees, which includes the Strategic Report, was approved by the Board on 10th December 2021 and signed on their behalf by:

Mr Niall F R Dickson CBE

niu Flim

Chairman of Trustees

## INDEPENDENT AUDITORS' REPORT FOR THE YEAR ENDED 31 MARCH 2021

## **Opinion**

We have audited the financial statements of Leeds Castle Foundation for the year ended 31 March 2021 which comprise the consolidated statement of financial activities, consolidated balance sheet, foundation balance sheet, consolidated cashflow statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

## In our opinion the financial statements:

- give a true and fair view of the state of the group's and the charitable company's affairs as at 31 March 2021 and of the group's incoming resources and application of resources for the year then ended;
- Have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- Have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report.

## INDEPENDENT AUDITORS' REPORT FOR THE YEAR ENDED 31 MARCH 2021

#### Other information

The trustees are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## Opinions on other matters prescribed by the Companies Act 2006

In our opinion based on the work undertaken in the course of our audit

- The information given in the trustees' report, which includes the directors' report and the strategic report prepared for the purposes of company law, for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- The strategic report and the directors' report included within the trustees' report have been prepared in accordance with applicable legal requirements.

## Matters on which we are required to report by exception

In light of the knowledge and understanding of the group and the charitable company and their environment obtained in the course of the audit, we have not identified material misstatements in the [strategic report or the] directors' report included within the trustees' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- The parent company has not kept adequate accounting records; or
- The parent company financial statements are not in agreement with the accounting records and returns; or
- Certain disclosures of trustees' remuneration specified by law are not made; or
- We have not received all the information and explanations we require for our audit.

## INDEPENDENT AUDITORS' REPORT FOR THE YEAR ENDED 31 MARCH 2021

## Responsibilities of trustees

As explained more fully in the trustees' responsibilities statement set out on page 13, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the group's or the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

- the engagement partner ensured that the engagement team collectively had the appropriate competence, capabilities and skills to identify or recognise non-compliance with applicable laws and regulations;
- we identified the laws and regulations applicable to the company through discussions with directors and other management, and from our commercial knowledge of the business;
- we focused on specific laws and regulations which we considered may have a direct material effect on the financial statements or the operations of the company, including the Companies Act 2006, taxation legislation and employment legislation;
- we assessed the extent of compliance with the laws and regulations identified above through making enquiries of management and inspecting legal correspondence; and
- the identified laws and regulations were communicated within the audit team regularly and the team remained alert to instances of non-compliance throughout the audit.

We assessed the susceptibility of the company's financial statements to material misstatement, including obtaining an understanding of how fraud might occur, by:

- making enquiries of management as to where they considered there was susceptibility to fraud, their knowledge of actual, suspected and alleged fraud; and
- considering the internal controls in place to mitigate risks of fraud and non-compliance with laws and regulations.

## INDEPENDENT AUDITORS' REPORT FOR THE YEAR ENDED 31 MARCH 2021

To address the risk of fraud through management bias and override of controls, we:

- · reviewed the design and implementation of controls over significant audit risks; and
- we reviewed the revenue recognition policy and considered whether this was being applied correctly for a sample of transactions.

In response to the risk of irregularities and non-compliance with laws and regulations, we designed procedures which included, but were not limited to:

- agreeing financial statement disclosures to underlying supporting documentation;
- · reading the minutes of meetings of those charged with governance where meetings took place;
- enquiring of management as to actual and potential litigation and claims; and
- reviewing correspondence with HMRC and relevant regulators;

There are inherent limitations in our audit procedures described above. The more removed that laws and regulations are from financial transactions, the less likely it is that we would become aware of non-compliance. Auditing standards also limit the audit procedures required to identify non-compliance with laws and regulations to enquiry of the directors and other management and the inspection of regulatory and legal correspondence, if any. Material misstatements that arise due to fraud can be harder to detect than those that arise from error as they may involve deliberate concealment or collusion.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 1.1 Company information

The company is limited by guarantee, registered in England and Wales, and a registered charity. The registered office is Leeds Castle, Maidstone, Kent ME17 1PL.

## 2.1 Accounting policies

## 2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention, in accordance with the Statement of Recommended Practice – Accounting and Reporting by Charities SORP (FRS102) as it applies from 1 January 2015 and the Companies Act 2006. The statements have been prepared on the basis of a going concern. The principal accounting policies adopted in the preparation of the financial statements are set out below and are consistent with those of the previous year.

Leeds Castle Foundation meets the definition of a public benefit entity under FRS 102.

Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

The Trustees have assessed whether the use of going concern basis is appropriate and have considered possible events or conditions that might cast significant doubt on the ability of the charitable company to continue as a going concern. The Trustees have made this assessment for a period of at least one year from the date of the approval of these financial statements. In particular, the Trustees have considered the charitable company's forecasts and projections and have taken account of pressures on income. After making enquiries, the Trustees have concluded that there is a reasonable expectation that following the approved structural and cost saving measures that have been agreed, that the charitable company has adequate resources to continue in operational existence for the foreseeable future. The charitable company therefore continues to adopt the going concern basis in preparing its financial statements.

The Trustees have assessed the consequences of the current Covid-19 pandemic and recognise that, whilst this will impact the operating climate, the Foundation's reserves are such that it expects to maintain positive cash flows and reserves for at least one year from the date of approval of these financial statements and, as such, the Trustees are confident that the Foundation will continue to operate as a going concern.

The individual entity accounts of Leeds Castle Foundation have taken advantage of the disclosure exemption under FRS 102 to separately disclose categories of financial instruments and items of income, expenses, gains or losses relating to instruments as these have been presented on a group basis in the notes to the accounts.

#### 2.2 Basis of consolidation

The group financial statements consolidate the financial statements of the Foundation and its subsidiary for the period ended 31 March 2021. The statement of financial activities (SOFA) and the balance sheet consolidate the financial statements on a line by line basis where appropriate. No separate SOFA has been presented for the Charity alone as permitted by Section 408 of the Companies Act 2006 and paragraph 397 of the SORP 2015. Details concerning the subsidiary company, results and financial position are set out in note 5.

#### 2.3 Stocks

Stocks are valued at the lower of cost and net realisable value.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 2 Accounting policies (continued)

#### 2.4 Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate ruling on the date of the transaction. Exchange differences are taken into account in arriving at net incoming/(outgoing) resources.

## 2.5 Form of financial statements

The funds of the Charity comprise four distinct categories, which are:

## a) Heritage and Development fund

This restricted expendable endowment fund relates to changes to the infrastructure of the estate carried out to improve the facilities available to support public access. Such assets are, for all practical purposes, integral with the bequeathed estate and are therefore also regarded as being inalienable. See note 29 for more information regarding this fund.

## b) Restricted funds

Restricted funds are those funds subject to specific trusts declared by the donor, or in relation to funds generated from the sale of certain heritage assets. The funds are expendable by the Charity at the discretion of the Trustees in accordance with the terms of their receipt.

## c) General unrestricted fund

The Fund was created from a pecuniary legacy bequeathed by the late Lady Baillie, together with additional funds realised from the authorised sale of certain items included in the original transfer of the property.

The capital and income of the Fund are available for expenditure by the Trustees on the Foundation's charitable objectives, including development expenditure.

## d) Designated funds

Designated funds are those funds set aside by the Trustees out of unrestricted general funds for specific future purposes or projects.

## 2.7 Incoming resources

Incoming resources represents total income receivable, excluding value added tax, from admission fees, the sale of goods, services supplied, investment income and sundry income. Donations are recognised when received. All incoming resources are included in the SOFA when the Charity is legally entitled to recognise the income and the amount can be quantified with reasonable accuracy. Any income received in relation to future periods is deferred as appropriate.

#### 2.8 Investment income

Dividends and interest on listed investments are accounted for on an accruals basis. Interest on bank deposits is accounted for on an accruals basis.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 2 Accounting policies (continued)

## 2.9 Resources expended

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to each of the Charity's activities. Support costs which cannot be directly attributed to a specific activity have been allocated to activities on a basis consistent with their use of the resources. Governance costs are included within support costs.

Costs of raising funds includes all costs associated with the trading and management of the Charity's subsidiary.

Governance costs are incurred in meeting the constitutional and statutory requirements of the charity and are included within support costs.

## 2.10 Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged to the profit and loss account on the straight-line basis over the lease term.

## 2.11 Deferred taxation

Deferred tax is provided in full in respect of taxation, deferred by timing difference between the treatment of certain items for taxation and accounting purposes. Deferred tax balances are not discounted.

## 2.12 Pension scheme arrangements

The group accounts for pension schemes in accordance with Financial Reporting Standard 102 "Retirement Benefits".

For defined contribution schemes, contributions are charged to resources expended in the statement of financial activities as payable in respect of the accounting period. This includes contributions made to the personal pension schemes of employees.

For defined benefit schemes the amounts charged to resources expended include the current service costs and gains and losses on settlements and curtailments. They are included as part of staff costs. Past service costs are recognised immediately in the statement of financial activities if the benefits have vested. If the benefits have not vested immediately, the costs are recognised over the period until vesting occurs. The interest cost and the expected return on assets are shown as part of investment income. Actuarial gains and losses are recognised immediately as part of other recognised gains and losses within the statement of financial activities.

The assets of the group's defined benefit scheme are held separately from those of the group, in separate trustee administered funds. Pension scheme assets are measured at fair value and liabilities are measured on an actuarial basis using the projected unit method and discounted at a rate equivalent to the current rate of return on a high-quality corporate bond of equivalent currency and term to the scheme liabilities. The actuarial valuations are obtained at least triennially and are updated at each balance sheet date. The resulting defined benefit asset or liability, net of the related deferred taxation, is presented after other net assets on the face of the balance sheet and is represented by the unrestricted pension reserve.

If the actuarial valuation of the defined benefit pension scheme results in a surplus then no asset is recognised in accordance with the requirements of FRS 102.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 2 Accounting policies (continued)

## 2.13 Tangible fixed assets and depreciation

#### a) Heritage assets

Heritage assets are the tangible assets of the Charity that are of historical importance and are held to advance the preservation, conservation and educational objectives of the Charity and, through public access, contribute to the nation's culture and education.

The Castle, grounds and contents bequeathed by the late Lady Baillie, in 1974 and subsequent development expenditure in these assets, are considered to be heritage assets and are integral to the Leeds Castle Estate.

Due to the historic and unique nature of the assets concerned conventional valuation approaches lack sufficient reliability. As a consequence, the value of heritage assets has not been included in the financial statements.

Included in the assets bequeathed were certain inalienable assets which are not considered to be heritage assets but cannot be realised and so no value is attributed to these assets.

Costs incurred which, in the Trustees' view, are required to preserve the heritage assets are recognised as expenditure as incurred. Capital improvements to the Maidens Tower have been capitalised at cost and included as fixed assets since the Trustees consider that the improvements are operational in nature. Further information on the maintenance of the heritage assets is given in note 13 to the accounts.

## b) Other tangible assets

Functional assets are those tangible assets which are used for charitable purposes, including fundraising, but are not considered to be heritage assets. This includes modern buildings utilised for charitable purposes, such as education, and ancillary purposes such as catering outlets. It also includes plant and equipment used for charitable purposes.

Depreciation has been provided on buildings on a straight-line basis over their remaining economic lives of ten or twenty-five years.

Plant and equipment are included in the balance sheet at cost and depreciated on a straight-line basis over their useful economic life estimated to be 4 years. Assets costing less than £1,000 are written off in the year of purchase. Assets are disposed of and replaced when it is no longer economically viable to keep them in working use.

#### 2.14 Investment

#### a) Investment land and properties

Investment land and properties relate to interests in land and buildings which are held for their investment potential, and which are not utilised by the company or its group in the course of their operations. However, some of these holdings have strategic value to the Foundation, securing boundaries from unwanted development. The property assets are included within investments at their open market valuation, based on a professional valuation undertaken at 31 March 2020. The land at index linked valuation is pending further review. Further professional valuations will be obtained every five years. In the intermediate years the carrying value of the investment properties will be reviewed by the Trustees and any material movement in their valuation recognised.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 2 Accounting policies (continued)

## 2.14 Investment (continued)

## b) Listed investments

These are included in the balance sheet at market valuation. Realised and unrealised gains/(losses) arising on the disposal or revaluation of investments are included in the Statement of Financial Activities and credited or charged to the Unrestricted General Fund. The fees charged for the purchase and sale of investments in the portfolio are included within the Foundation's resources expended.

## 3 Financial instruments

Leeds Castle Foundation has financial assets and financial liabilities of a kind that qualify as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at amortised cost using the effective interest method. Financial assets held at amortised cost comprise stock, cash and bank and in hand, together with trade and other debtors. Financial liabilities held at amortised cost comprise, trade, other creditors and accruals.

Investments, including bonds held as part of an investment portfolio are held at fair value at the Balance Sheet date, with gains and losses being recognised within income and expenditure. Investments in subsidiary undertakings are held at cost less impairment.

## 4 Critical accounting judgements and key sources of estimation uncertainty

In the application of the charity's accounting policies, which are described in note 2, Trustees are required to make judgements, estimates, assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an on-going basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects the current and future periods.

The key sources of estimation uncertainty that have a significant effect on the amounts recognised in the financial statements are described in the accounting policies and are summarised below:

Pension assets/liabilities – The charity recognises its asset/liability to its defined benefit pension scheme which involves a number of estimations as disclosed in note 30.

Valuation of investment properties— The charity's investment properties are stated at their estimated fair value based on professional valuations as disclosed in note 21.

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 5 Net income from trading activities of subsidiary

The Charity has one wholly owned subsidiary, Leeds Castle Enterprises Limited, company no: 01413563, which is registered in England and Wales. The registered office of the subsidiary is the same address as for the parent charity (see note 1.1). A summary of the company's trading results is shown below:

	2021 £'000	2020 £'000
Turnover	1,182	5,308
Costs of trading activities and administrative expenses	(1,683)	(4,833)
Operating profit	(501)	475
Interest receivable	152	371
Interest payable to Leeds Castle Foundation on long term loan		-

	from charitable activities	(2,405)		(2,405)	(427)

Income from charitable activities comprises income from the admission of day visitors to Leeds Castle (primary purpose trading) and related ancillary income. In addition, the proceeds from the disposal of heritage assets are included within charitable activities. This income is considered to be restricted and can only be used to acquire replacement heritage assets.

In addition to expenditure related to these activities, costs include amounts incurred in acquiring new heritage assets, maintaining the Castle and other existing heritage and assets and ensuring their security (see note 13).

Totals	51	112	86	161
		163		247

The number of employees with annual remuneration packages in excess of £60,000 was as follows:

	Group		Foundation		
	2021	2020	2021	2020	
	No	No	No	No	
£60,000 to £70,000	3	1	3	1	
£70,000 to £80,000	-	1	-	1	
£80,000 to £90,000	-	-	-	-	
£90,000 to £100,000	-	-	-	-	
£110,000 to £120,000	-	1	-	1	
£130,000 to £140,000	1	-	1	-	
£190,000 to 200,000	<u> </u>	1		1	
	4	4	4	4	

During the period the group paid contributions totalling £53,257 (2020: £35,289) in respect of the personal pension schemes of four of the above higher-paid employees (2020: three).

Pension contributions to defined contribution schemes in the period totalled £205,000 (2020 - £152,000).

No remuneration was paid to the Trustees and Directors of the Charity or any persons connected with them during this period or the previous period.

There was no reimbursement of expenses to Trustees (2020: £1,009 to four Trustees).

The company considers that the key management personnel comprise the Senior Leadership Team as listed in the administrative details. During the period the group made remuneration payments to key management personnel totalling £366,034 (2020: £654,761).

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

#### 15 Taxation

The Foundation, as a charitable company, is exempt from corporation tax on its charitable activities, including primary purpose trading, and investment income. Leeds Castle Enterprises Limited, the Foundation's operating subsidiary is subject to corporation tax on its trading profits, in as far as they are not donated to the Foundation.

Details relating to the tax charge of Leeds Castle Enterprises Limited are disclosed in that company's financial statements. The corporation tax liability in the period for the company was £nil (2019: £nil).

## Deferred tax

## NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

# 19 Heritage assets (Group and Foundation)

In accordance with the Foundation's accounting policy, heritage assets are not included within the financial statements as, due to the historic and unique nature of the assets concerned, conventional valuation approaches lack sufficient reliability.

The Castle island buildings are insured for £52.0m and other estate buildings for £17.2m. Castle contents which include various pieces of furniture, pictures and prints, silverware and textiles have been valued for insurance purposes with Ecclesiastical Insurance at £26.4m, which includes loaned items valued at £11.1m.

### 20 Investment in subsidiary company

	2021	2020
100 Ordinary shares of £1 each at cost	£'000	£'000
	866	866
	866	866

Leeds Castle Foundation owns 100% of the voting rights and nominal share capital of Leeds Castle Enterprises Limited. The subsidiary's accounts have been consolidated with the Foundation's accounts.

### 21 Investment land and properties (Group and Foundation)

	2021 £'000	2020 £'000
Market value of properties at 31 March 2020	7,153	7,620

The H&D (Heritage and Development) Fund, which is an expendable endowment fund, represents freehold land and buildings classified as functional tangible assets, as these are considered to be integral to the bequeathed estate (see note 2.6(a)) and investment properties included within investment properties.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE PERIOD ENDED 31 MARCH 2021

## 29 Group Funds (continued)

The Chattels Fund, which is a restricted income fund, represents the proceeds from disposal of items formerly held for display and presentation purposes. This fund is utilised to acquire furniture, works of art or other antiques. The unrestricted General Fund represents surpluses generated from activities for generating funds, charitable activities and investment performance. This fund is utilised in acquiring new heritage assets and the preservation and maintenance of existing heritage assets.

The M&D (maintenance and development) fund is an unrestricted, designated fund which the trustees have allocated for future capital development and the ongoing maintenance programme of the Castle and the wider estate. In the year £122,000 was used to finance the renovation of various Castle rooms.

The Heritage and Development Fund and the Chattels Fund relate entirely to the Foundation. The proportion of the Unrestricted General Fund attributable to the Foundation amounts to £12,636,000 (2020: £11,742,000).

### 30 Pension scheme

Leeds Castle Enterprises Ltd (LCE) sponsors Leeds Castle Retirement Benefits Scheme, a funded defined benefit pension scheme in the UK, which was closed to future accrual in 2005. The scheme is set up on a tax relieved basis as a separate trust independent of LCE and is supervised by independent trustees. The trustees are responsible for ensuring that the correct benefits are paid, that the scheme is appropriately funded and that scheme assets are appropriately invested.

The Trustees are required to use prudent assumptions to value the liabilities and costs of the scheme whereas the accounting assumptions must be best estimates.

The most recent triennial actuarial valuation of the Scheme was carried out as at 1 April 2019. Previous valuation was performed as at 1 April 2016.

Valuation date 1 April	2019	2016
The value of the technical provisions was:	6,260,000	5,468,000
The value of the assets at that date was:	4,911,000	4,406,000

To ensure the Statutory Funding Objective is met the Trustees and Employer have agreed that additional Employer contributions will be paid to the Scheme of £140,000 per annum, over a period of 6 years from 1 April 2020 to 31 March 2026.

### The amounts recognised in the statement of financial position are as follows:

	2021	2020
	£'000	£'000

### 32 Limited by Guarantee

The company is limited by guarantee and does not have a share capital. The liability of each member is limited to £1.

### 33 Capital commitments and contingent liability

At 31 March 2021 the Foundation and the group had no contractual commitments for development expenditure (2020: nil).

### 34 Related party transactions

At the year end the trading subsidiary, Leeds Castle Enterprises Limited had a net intercompany debtor balance, owing £2,222,000 to the Charity (2020: net debtor balance of £2,119,000). During the period the Charity received gift aid payments totalling £1,046,000 from Leeds Castle Enterprises Limited, but with no further payment accrued at the year end.

### 35 Parent company exemption

As permitted by Section 408 of the Companies Act 2006, the parent company's statement of financial activities has not been included in the financial statements.

### 36 Financial instruments

At the balance sheet date, the consolidated group held financial assets at amortised cost comprising cash and short-term deposits, trade debtors, other debtors and accrued income of £2,171,000 (2020: £1,958,000) and financial liabilities at amortised cost, comprising trade creditors, other creditors and accruals of £419,000 (2020: £372,000). Total interest income received in respect of financial assets held at amortised cost totalled £nil (2020: £nil).

The charity held assets at fair value through income and expenditure of £7,852,000 (2020: £6,342,000). Movements in the year through the statement of financial activities comprised income of £nil (2020: £nil) and gains of £1,726,000 (2020: losses of £112,000).
