### **DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2015**

---

The directors present their report and the financial statements for the year ended 31 December 2015

#### **Principal activities and business review**

The principal activity of the company during the year was, and will continue to be, that of a holding company. The investments of the company are shown in note 16.

The company is a wholly owned subsidiary undertaking of Virgin Media Inc (Virgin Media) which is itself a wholly owned subsidiary of Liberty Global plc (Liberty Global).

The Virgin Media Inc consolidated group (the group) operates under the Virgin Media brand in the United Kingdom (UK) and Republic of Ireland (Ireland), following the acquisition of a controlling interest in Virgin Media Ireland Limited from a fellow subsidiary of Liberty Global in February 2015.

The group provides digital cable, broadband internet, fixed-line telephony and mobile services in the UK and Ireland to both residential and business-to-business (B2B) customers. The group is one of the largest providers of residential digital cable, broadband internet and fixed-line telephony services in terms of the number of customers in the UK and Ireland. The group believes its advanced, deep-fibre cable access network enables it to offer faster and higher quality broadband services than its digital subscriber line, or DSL, competitors. As a result, it provides its customers with a leading, next-generation broadband service and one of the most advanced interactive TV services available in the UK and Irish markets.

The group provides mobile services to its customers using third-party networks through mobile virtual network operator (MVNO) arrangements.

In addition, through the Virgin Media Business brand, the group offers a broad portfolio of B2B voice, data, internet, broadband and managed services solutions to small businesses, medium and large enterprises and public sector organisations in the UK.

At 31 December 2015, the group provided services to approximately 5.6 million residential cable customers on its network. The group is also one of the largest MVNOs by number of customers, providing mobile telephony services to 2.3 million contract mobile customers and 0.7 million prepay mobile customers over third party networks. At 31 December 2015, 83% of residential customers on the group's cable network received multiple services and 63% were "triple-play" customers, receiving broadband internet, digital cable and fixed-line telephony services from the group.

Liberty Global is the largest international cable company. As at 31 December 2015, it had operations in 14 countries and its market-leading triple-play services are provided through next-generation networks and innovative technology platforms that connected 27 million customers subscribing to 56 million television, broadband internet and telephony services. In addition at 31 December 2015, Liberty Global served 5 million mobile subscribers and offered WiFi service across six million access points.

During the year, the company received dividends from its subsidiaries amounting to £130,000 (2014 - £nil).

#### **Future outlook**

The directors will continue to review management policies in light of changing trading and market conditions. Further detail of the future outlook of the group is provided in Virgin Media Inc's financial statements and annual report for 2015, which are available from the company secretary at Virgin Media, Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

On 23 June 2016, the UK voted to leave the European Union, the implications of which are uncertain as of the date of signing these financial statements. Based on information currently available, we do not expect that this matter will have a material impact on our business. Accordingly, no adjustments have been made to these financial statements.

#### **Results and dividends**

The profit for the year, after tax, amounted to £46,249,000 (2014 - £224,000).

The directors have not recommended an ordinary dividend (2014 - £nil).

#### **Directors**

The directors who served during the year and thereafter were as follows:

R D Dunn  
M O Hifzi

The directors of the company have been indemnified against liability in respect of proceedings brought by third parties, subject to the conditions set out in the Companies Act 2006. Such qualifying third party indemnity provision is in force for directors serving during the financial year and as at the date of approving the Directors' report.

FOR THE YEAR ENDED 31 DECEMBER 2015**

**Going concern**

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc, a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so. On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

**Audit exemption**

Virgin Media Finance PLC issued a guarantee against all outstanding liabilities to which the company is subject as at 31 December 2015, until they are satisfied in full. The guarantee is enforceable against Virgin Media Finance PLC by any person to whom the company is liable in respect of those liabilities. Since Virgin Media Finance PLC is the smallest group to which the company's accounts are consolidated, the company has taken advantage of the exemption from audit of its individual accounts for the year ended 31 December 2015 by virtue of section 479A of the Companies Act 2006.

**Small company provisions**

This report has been prepared in accordance with the provisions applicable to companies entitled to the small companies exemption.

This report was approved by the board on 11 July 2016 and signed on its behalf

### **DIRECTORS' RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2015**

---

The directors are responsible for preparing the Directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 101 'Reduced Disclosure Framework'. Under company law the directors must not approve the financial statements unless satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. ### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2015

---

#### 1 Company information

Flextech (1992) Limited (the "company") is a company incorporated and domiciled in the United Kingdom. The registered office of the company during the year was Bartley Wood Business Park, Hook, Hampshire, RG27 9UP.

#### 2. Accounting policies

A summary of the principal accounting policies is set out below. All accounting policies have been applied consistently, unless noted below.

##### 2.1 Basis of accounting and transition from UK GAAP

These financial statements were prepared under the historical cost convention in accordance with the Companies Act 2006 and the Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101").

In preparing these financial statements, the company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with the Companies Act 2006, and has set out below where advantage of the FRS 101 disclosure exemptions have been taken.

In the transition to FRS 101, the company has applied IFRS 1 whilst ensuring that its assets and liabilities are measured in compliance with FRS 101. An explanation of how the transition to FRS 101 has affected the reported financial position, financial performance and cash flows of the company is provided in note 15.

IFRS 1 grants certain exemptions from the full requirements of Adopted IFRSs in the transition period. The following exemptions have been taken in these financial statements:

- Business combinations - business combinations that took place prior to 1 January 2014 have not been restated.

The company's ultimate parent undertaking, Liberty Global plc, includes the company in its consolidated financial statements. The consolidated financial statements of Liberty Global plc are available to the public and may be obtained from Liberty Global's website at [www.libertyglobal.com](http://www.libertyglobal.com).

In these financial statements, the company has applied the exemptions available under FRS 101 in respect of the following disclosures, where required equivalent disclosures are included within the consolidated financial statements of Liberty Global plc:

- a cash flow statement and related notes,
- comparative period reconciliations for share capital,
- disclosures in respect of related party transactions with fellow group undertakings,
- disclosures in respect of capital management,
- the effects of new but not yet effective IFRSs,
- an additional balance sheet for the beginning of the earliest comparative period following the retrospective change in accounting policy,
- disclosures in respect of the compensation of Key Management Personnel, and
- certain disclosures required by IFRS 13 Fair Value Measurement and the disclosures required by IFRS 7 Financial Instrument Disclosures.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements and in preparing an opening FRS 101 balance sheet at 1 January 2014 for the purposes of the transition to FRS 101.

The company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

##### 2.2 Changes in accounting policies

This is the first year in which the financial statements have been prepared in accordance with FRS 101. The date of transition to FRS 101 is 1 January 2014. An explanation of the transition is included in note 15 to the financial statements. In applying FRS 101 for the first time, the company has applied early the amendment to FRS 101 which permits a first time adopter not to present an opening balance sheet at the beginning of the earliest comparative period presented.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2015

---

#### 2 Accounting policies (continued)

##### 2.3 Fundamental accounting concept

After making suitable enquiries and obtaining the necessary assurances from Virgin Media Inc., a wholly owned subsidiary of Liberty Global plc and the intermediate holding company which heads the Virgin Media group, that sufficient resources will be made available to meet any liabilities as they fall due should the company's income not be sufficient, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. As with any company placing reliance on other group entities for financial support, the directors acknowledge that there can be no certainty that this support will continue although at the date of approval of these financial statements they have no reason to believe that it will not do so. On this basis the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

##### 2.4 Group accounts

The company is exempt by virtue of section 400 of the Companies Act 2006 from the requirement to prepare group financial statements. These financial statements present information about the company as an individual undertaking and not about its group.

##### 2.5 Investments

Investments are recorded at cost, less provision for impairment as appropriate. The company assesses at each reporting date whether there is an indication that an investment may be impaired. If any such indication exists, the company makes an estimate of the investment's recoverable amount. Where the carrying amount of an investment exceeds its recoverable amount, the investment is considered impaired and is written down to its recoverable amount. A previously recognised impairment loss is reversed only if there was an event not foreseen in the original impairment calculations, such as a change in use of the investment or a change in economic conditions. The reversal of impairment loss would be to the extent of the lower of the recoverable amount and the carrying amount that would have been determined had no impairment loss been recognised for the investment in prior years.

##### 2.6 Trade and other debtors

Trade and other debtors are stated at their recoverable amount. Provision is made when the amount receivable is not considered recoverable and the amount is fully written off when the probability for recovery of a balance is assessed as being remote.

##### 2.7 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

##### 2.8 Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

---

**FLEXTECH (1992) LIMITED**

---

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2015**

---

**2. Accounting policies (continued)**

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside of profit or loss.

Deferred tax items are recognised in correlation to the underlying transaction either in Other comprehensive income or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred taxes relate to the same taxable entity and the same tax authority.

**3 Judgements in applying accounting policies and key sources of estimation uncertainty**

In the process of applying the company's accounting policies, management has not made any critical judgements that have a significant effect on the amounts recognised in the financial statements, except for

***Carrying value of investments***

Investments are held at cost less any necessary provision for impairment. Where the impairment assessment did not provide any indication of impairment, no provision is required. If any such indications exist, the carrying value of an investment is written down to its recoverable amount.

**4. Operating profit**

The operating profit is stated after crediting

	2015 £000	2014 £000
Forgiveness of amounts owed to group undertakings	43,438	-
Release of provision against amounts owed by group undertakings	2,409	-

During the year, the company received a waiver of other amounts owed to group undertakings amounting to £43,438,000.

The group's inter-company funding arrangements are managed centrally. Recoverability of inter-company receivables is assessed annually. The provision for non-recoverability may increase or decrease as a result of that review. Based on the impairment review of inter-company indebtedness as at 31 December 2015 the directors concluded that a release of provision against amounts due from group undertakings totalling £2,409,000 should be made (2014 - £nil).

The directors received no remuneration for qualifying services as directors of this company. All directors' remuneration is paid by and disclosed in the financial statements of Virgin Media Limited.

**NOTES TO THE FINANCIAL STATEMENTS

The tax assessed for the year is lower than (2014 - higher than) the standard rate of corporation tax in the UK of 20.25% (2014 - 21.49%). The differences are explained below

	2015 £000	2014 £000

<b>Total tax charge for the year</b>	-	-

**Factors affecting current and future tax charges**

A reduction in the UK corporation tax rate from 21% to 20% (effective from 1 April 2015) was substantively enacted on 2 July 2013. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective from 1 April 2020) were substantively enacted on 8 July 2015. This will reduce the company's future current tax charge accordingly. A further reduction to 17% (effective from 1 April 2020) was announced in Budget 2016. This represents an additional 1% reduction on top of the previously announced rate reductions. The future rate reduction to 17% is expected to be included in Finance Bill 2016, which was not substantively enacted at the balance sheet date, therefore this has not been reflected in these financial statements.
