ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention

TANGIBLE FIXED ASSETS

Fixed assets are stated at historical cost less depreciation

Depreciation is provided on all tangible fixed assets at rates calculated to write each asset down to its estimated residual value over its expected useful life, as follows

Plant and machinery

20% - 25% reducing balance

INVESTMENTS

Fixed asset investments are stated at cost less provision for diminution in value

STOCK

Stock is valued at the lower of cost and net realisable value. Cost of finished goods and work in progress includes overheads appropriate to the stage of manufacture. Net realisable value is based upon estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items.

DEFERRED TAXATION

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements.

LEASED ASSETS

The annual rentals on 'operating leases' are charged to the profit and loss account on a straight line basis over the lease term

PENSIONS CONTRIBUTIONS

The pension costs charged in the financial statements represent the contributions payable by the company during the year

FOREIGN CURRENCY TRANSLATION

Monetary assets and habilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the accounting date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

GROUP ACCOUNTS

The company and its subsidiary undertaking comprise a small-sized group. The company has therefore taken advantage of the exemptions provided by section 248 of the Companies Act 1985 not to prepare group accounts. Therefore the accounts present information about the company as an individual entity and not about its group.

TURNOVER

Turnover represents the invoiced value, net of Value Added Tax, of goods sold and services provided to customers
