## Directors' report

The directors present their annual report and the audited financial statements for the 55 week period ended 18 September 1999.

### Principal activities

The principal activity of the company in the period under review is that of the manufacture and sale of food products.

#### **Business review**

The year marked a major change for the business as on 16 June 1999 the entire share capital of the company was sold to Cereal Industries Limited, a subsidiary of Associated British Foods plc.

Immediately prior to the sale of the company the freehold property of the business was sold to Recipe Noodle Foods Limited ("RNFL"), a subsidiary of the company. Following the sale of the property, to RNFL, the share capital of RNFL was sold to a related party and a lease over the property was then granted to Cereal Industries Limited.

On the sale of the company Ashdens resigned as auditors and were replaced by KPMG Audit Plc. Also as a consequence of the sale, the accounting year of the company was changed to the Saturday nearest to 15 September 1999 to match the year end of ABF plc.

With effect from 19 September 1999, the company was made dormant through the transfer of its assets at book value to Cereal Industries Limited. The business will continue to trade as Davjon Food Limited but as an agent of Cereal Industries Limited.

#### Year 2000

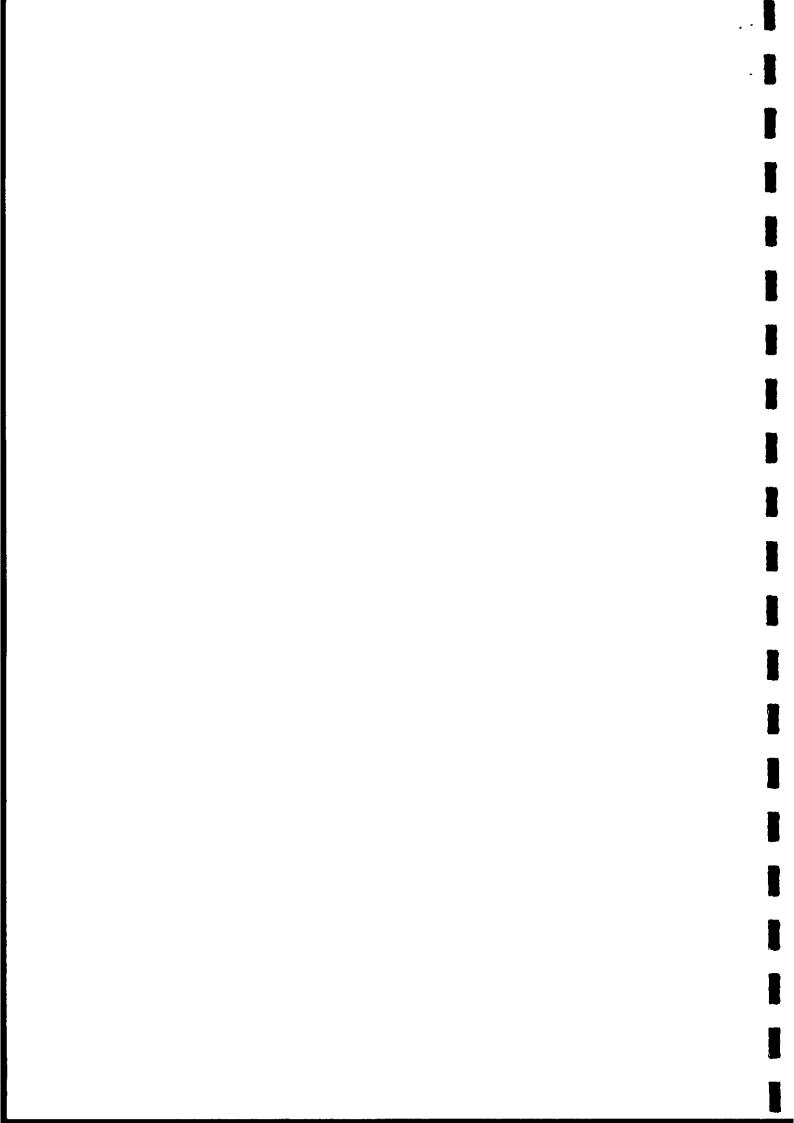

During the course of the year external IT consultants were instructed to assess the risks to the business posed by the millennium bug and where potential problems were identified appropriate measures have been instigated.

It is impossible for anyone to give an absolute guarantee that they will not be subject to a Year 2000 failure and we are no exception. We are, therefore, taking all necessary steps including continuing dialogue with our customers and suppliers, ensuring that contingency plans minimise any disruption that may arise to our supply chains should there be a failure.

#### Trading results, dividends and transfer to reserves

The profit and loss account for the period is set out on page 6.

Retained loss for the period was £503,996 which has been transferred to reserves.

## Directors' report (continued)

#### Directors and directors' interests

The directors who held office during the period were as follows:

RH Richard (Chairman) (appointed 16 June 1999) M Bottjer (appointed 16 June 1999) John Koon Tin Chan Koon Hang Chan (resigned 16 June 1999) Martina Harhung Chan (resigned 16 June 1999) Ming Chui (resigned 16 June 1999) CO Fillingham (appointed 16 June 1999) Hoi Tak Siu (resigned 16 June 1999)

Mr W Wright was appointed company secretary on 16 June 1999.

The interests of RH Richard are disclosed in the directors' report of the parent company.

According to the register of directors' interests, no rights to subscribe for shares in or debentures of the company, or any other group company, were granted to any of the directors or their immediate families, or exercised by them, during the financial period.

The number of shares held has been reduced by a factor of 88/100 as a result of a special dividend and share consolidation. The share options are not affected.

No director had at any time during the period any material interest in a contract with the company, other than service contracts.

The following directors had the following outstanding options to acquire Ordinary shares in Associated British Foods plc:

|               | At date of appointment | At end<br>of year | Exercise<br>price | Date from which exercisable | Expiry<br>date |
|---------------|------------------------|-------------------|-------------------|-----------------------------|----------------|
| CO Fillingham | 15,000                 | 15,000            | 561.5p            | 28 April 2003               | 28 April 2008  |

#### **Employees**

The company is committed to the further development of employee information and consultation. This is achieved both in conjunction with trade union representatives and through briefing sessions with wider groups of employees.

It is the policy of the company to offer equal opportunities to disabled persons in recruitment, training and career development, having due regard to their aptitudes and abilities in relation to the jobs available.

# Directors' report (continued)

#### Political and charitable contributions

Cand Wight

The company made no political contributions during the period (1998: £1,000 to the Labour Party). Donations to UK charities amounted to £7,467 (1998: £3,800).

## Statement of directors' responsibilities

Company law requires the directors to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## Report of the auditors to the members of Davjon Food Limited

We have audited the financial statements on pages 6 to 21.

Respective responsibilities of directors and auditors

As described on page 4 the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

#### Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

Qualified opinion arising from disagreement about accounting treatment

As explained in the accounting policies (note 2) no provision has been made for deferred tax. Note 9 specifies the total potential amount of deferred taxation not provided but no assessment has been made of the extent to which it is probable that this might crystallise and therefore, of the amount for which provision should be made in accordance with the requirements of Statement of Standard Accounting Practice No. 15 and the Companies Act 1985.

Except for any adjustments that might have been necessary to account for deferred tax as required, in our opinion the financial statements give a true and fair view of the state of the company's affairs at 18 September 1999 and of its loss for the 55 week period then ended and have been properly prepared in accordance with the Companies Act 1985.

#### Notes

(forming part of the financial statements)

#### 1 Accounting reference date

During the course of the period the company's accounting reference date was changed from 31 August to the Saturday nearest to 15 September to bring it in line with the accounting date of its parent company. Accordingly, these financial statements have been prepared for the 55 week period ended 18 September 1999.

#### 2 Accounting policies

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the company's financial statements.

#### Basis of preparation

The financial statements have been prepared under the historical cost convention in accordance with applicable Accounting Standards except that, for the reasons set out in the deferred tax accounting policy, they do not comply with Statement of Standard Accounting Practice No.15.

Under Financial Reporting Standard 1 (revised 1996) the company is exempt from the requirement to prepare a cash flow statement on the grounds that it is a wholly owned subsidiary undertaking. A group cash flow statement is included in the financial statements of Associated British Foods plc.

The company is controlled by Associated British Foods plc and is exempt from disclosing transactions with it and other group companies under Financial Reporting Standard 8 as it is a wholly owned subsidiary undertaking included within the consolidated Financial Statements which are publicly available.

#### Fixed assets and depreciation

As a consequence of the sale of the business the depreciation method of the company was changed to match that of Associated British Foods plc. The effect of this is not material.

Depreciation, calculated on cost or on valuation, is provided on a straight line basis over the anticipated life of the asset. No depreciation is provided on freehold land. Leaseholds are written off over the period of the lease. The anticipated life of other assets is generally deemed to be not longer than:

Plant, machinery, fixtures and fittings - 12 years
Commercial vehicles - 8 years
Computers - 5 years
Cars - 5 years

No depreciation is provided on freehold land.

### 2 Accounting policies (continued)

#### Leases

All material leases entered into by the company are operating leases whereby substantially all the risks and rewards of ownership of an asset remain with the lessor. Rental payments are charged against profits on a straight line basis over the life of the lease.

#### Stocks

Stocks are valued at the lower of cost and net realisable value after making due provision against obsolete and slow-moving items. In the case of finished goods manufactured by the company the term 'cost' includes ingredients, production wages and an appropriate proportion of attributable production overheads.

### Deferred taxation

No provision has been made for deferred tax as the company is a member of a group which provides for deferred tax only in the group financial statements. The assessment of what deferred tax, if any, will become payable in the foreseeable future has not been made separately for this company.

Historically, the company have provided for deferred taxation using the liability method, only to the extent that, in the opinion of the directors, there was a reasonable probability that a liability or asset will crystallise in the near future.

This change in accounting policy has given rise to a prior period adjustment in the 1999 financial statements.

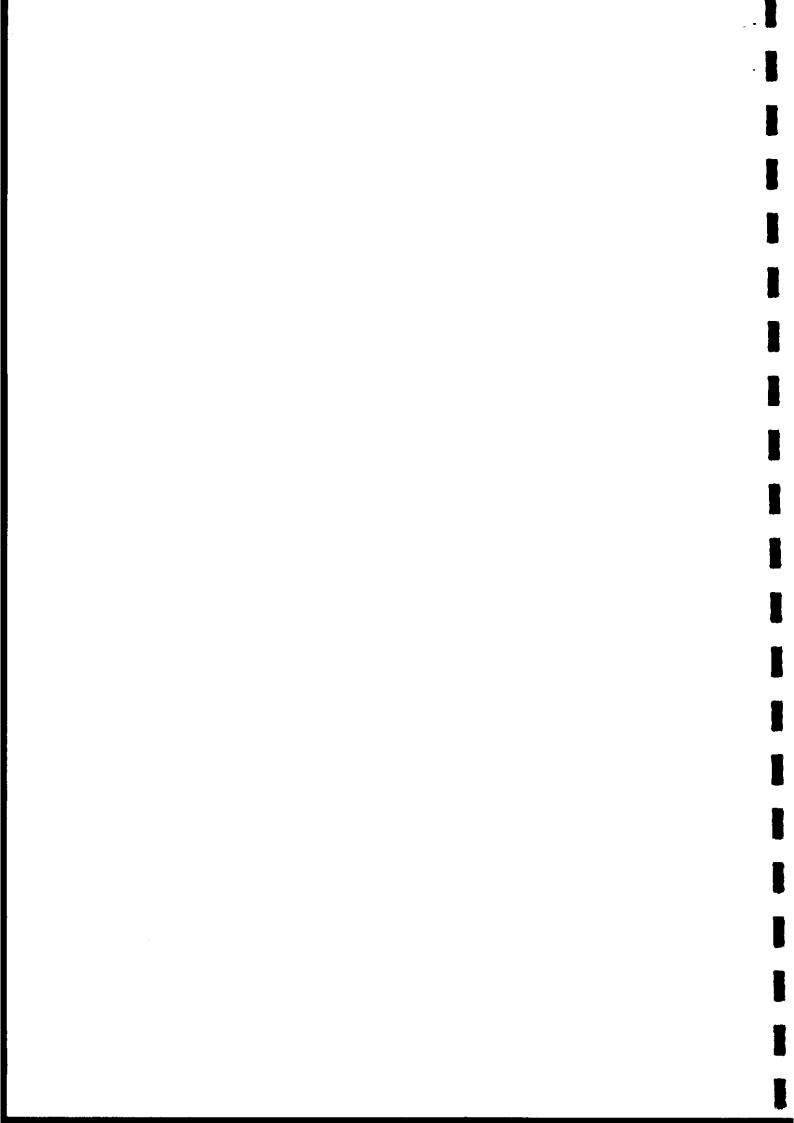

#### Pension costs

The company is a member of the UK defined benefit scheme of Associated British Foods plc, the assets of which are held in trustee administered funds. Contributions are charged to the profit and loss account so as to spread the cost of pensions over employees' working lives with the company. Any differences between the charge for pensions and total contributions is included within pension provisions or debtors as appropriate.

Prior to acquisition, the company operated a defined contribution scheme for some of its employees whereby the cost of the contributions was charged against revenue in order to recognise the expected cost of providing pensions on a systematic and rational basis over the employees' expected working lives with the company.

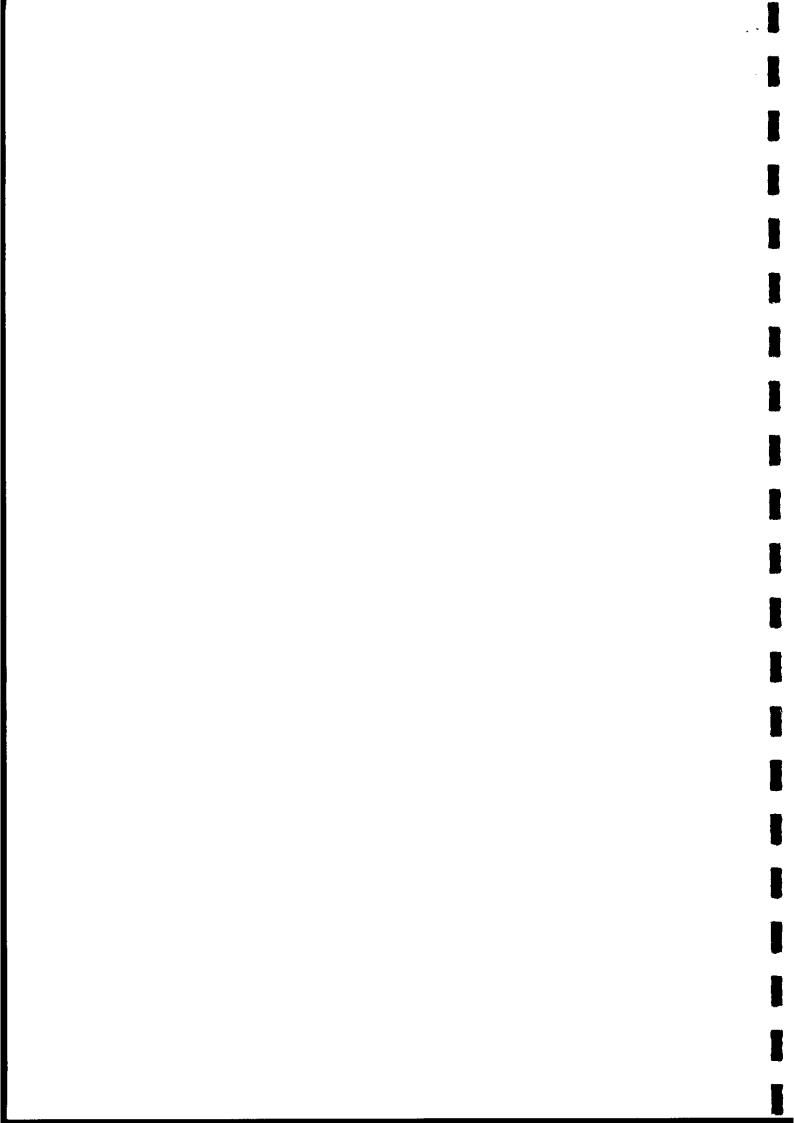

#### Current asset investments

Current asset investments are stated at the lower of cost and market value.
