## Notes to the Financial Statements for the Year Ended 31 December 2015

### 1 Accounting policies

The financial statements are prepared in accordance with applicable accounting standards. The particular accounting policy adopted is described below.

#### Accounting convention

The accounts are prepared under the historical cost convention.

#### Trade receivables

Trade receivables are carried at fair value (in the majority of cases this will equate to original invoice amount less an estimate made for doubtful receivables based on a review of all outstanding amounts at the year-end). Bad debts are written off when identified.

#### Trade payables

Trade payables are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method.

#### Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

### 2 Directors' remuneration

The directors received no remuneration for their services in respect of the Company in the current or preceding year. The Company had no employees other than the directors.

### 3 Trade and other receivables

	2015 £ 000	2014 £ 000
