For the financial year ending 31 December 2020 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These financial statements have been prepared and delivered in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006. The option not to file the profit and loss account and directors' report has been taken.

Approved and authorised by the Board on 30 June 2021 and signed on its behalf by:

L Winterson  
Director

## **ABBEY GARAGE (SOUTH WEST) LIMITED**

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020**

#### **1 General information**

The company is a private company limited by share capital, incorporated in England.

The address of its registered office is:

189 High Street  
Street  
Somerset  
BA16 0NE  
United Kingdom

#### **2 Accounting policies**

##### **Summary of significant accounting policies and key accounting estimates**

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

##### **Statement of compliance**

The financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

##### **Basis of preparation**

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

These financial statements are presented in Sterling (£).

##### **Group accounts not prepared**

The company is part of a small group. The company has taken advantage of the exemption provided by Section 398 of the Companies Act 2006 and has not prepared group accounts.

##### **Turnover recognition**

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the company's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts. Turnover is recognised when the goods are physically delivered to the customer and services are fully completed.

The company recognises revenue when:

The amount of revenue can be reliably measured;  
it is probable that future economic benefits will flow to the entity;  
and specific criteria have been met for each of the company's activities.

##### **Government grants**

Government grants are recognised under the accruals model resulting in income being recognised on a systematic basis over the period in which the related costs are incurred for which the grant is compensating. The income from the scheme is recognised as other operating income in the profit and loss and timing differences presented as other debtors or deferred income within the balance sheet.

## ABBEY GARAGE (SOUTH WEST) LIMITED

### Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020

#### Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit and loss account, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

Deferred income tax is recognised on timing differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements and on unused tax losses or tax credits in the company. Deferred income tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Deferred tax liabilities are presented within provisions for liabilities on the balance sheet.

Deferred tax assets and deferred tax liabilities are offset, only where there is a legally enforceable right to offset current tax assets and liabilities and the deferred tax assets and liabilities relate to income taxes by the same authority to either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously.

#### Tangible assets

Freehold land and buildings are carried at revaluation, derived by the open market value considered by the directors. Revaluation is carried out annually.

Tangible assets, other than freehold land and buildings, are stated at cost, less accumulated depreciation and accumulated impairment losses. The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

#### Depreciation of tangible assets

Depreciation is charged so as to write off the cost or valuation of assets, less their residual value, over their estimated useful lives, as follows:

<b>Asset class</b>	<b>Depreciation method and rate</b>
Freehold land and buildings	50 years straight line
Plant and machinery	10% reducing balance
Furniture, fittings and equipment	10% reducing balance/ 10-33.3% straight line

#### Business combinations

Business combinations are accounted for using the purchase method. The consideration for each acquisition is measured at the aggregate of the fair values at acquisition date of assets given, liabilities incurred or assumed, and equity instruments issued by the group in exchange for control of the acquired, plus any costs directly attributable to the business combination. When a business combination agreement provides for an adjustment to the cost of the combination contingent on future events, the group includes the estimated amount of that adjustment in the cost of the combination at the acquisition date if the adjustment is probable and can be measured reliably.

## **ABBEY GARAGE (SOUTH WEST) LIMITED**

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020**

#### **Investments**

Investments in equity shares which are not publicly traded are valued at fair value being the amount of the underlying net assets of the fixed asset investments, any changes in fair value are recognised in other comprehensive income, valuation decreases will be recognised through the fair value reserve to the extent that they are reversing a valuation increase and recognised in the profit and loss once the decrease exceeds the fair value reserve.

#### **Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

#### **Debtors**

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the company will not be able to collect all amounts due according to the original terms of the receivables.

#### **Stocks**

Other stocks comprise of car stock and are stated at the lower of cost and estimated selling price less costs to complete and sell. At each reporting date, other stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

Raw materials and consumable stock are stated at the lower of cost or estimated selling price less costs to complete and sell. Cost is determined using the first-in, first-out (FIFO) method.

#### **Creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the company does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and subsequently measured at amortised cost using the effective interest method.

## **ABBEY GARAGE (SOUTH WEST) LIMITED**

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020**

#### **Borrowings**

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Profit and Loss Account over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Assets held under hire purchase agreements are capitalised as tangible fixed assets with the future obligation being recognised as a liability. Finance costs are recognised in the Profit and Loss Account calculated at a constant periodic rate of interest over the term of the liability.

#### **Reserves**

Called up share capital represents the nominal value of shares that have been issued.

Profit and loss account includes all current and prior period profits and losses.

Capital redemption reserve records the nominal value of shares repurchased by the company.

Property revaluation reserve is the surplus or deficit arising on the revaluation and deferred tax on the revaluation of the freehold property.

Investment fair value reserve is the surplus or deficit arising on the fair value adjustments and deferred tax on the fair value movements of its investment in its subsidiary.

#### **Leases**

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases are recognised at the lower of their fair value at inception of the lease and the present value of the minimum lease payments. These assets are depreciated on a straight-line basis over the shorter of the useful life of the asset and the lease term. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance costs in the Profit and Loss Account and reduction of the lease obligation so as to achieve a constant periodic rate of interest on the remaining balance of the liability.

#### **Share capital**

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

## **ABBHEY GARAGE (SOUTH WEST) LIMITED**

### **Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020**

#### **Defined contribution pension obligation**

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a separate entity. Once the contributions have been paid the company has no further payments obligations.

The contributions are recognised as an expense in the profit and loss account when they fall due. Amounts not paid are shown in accruals as a liability in the balance sheet. The assets of the plan are held separately from the company in independently administered funds.

#### **3 Staff numbers**

The average number of persons employed by the company (including directors) during the year was 13 (2019 - 12).

#### **4 Government grants**

During the year other income of £62,266 was received from the government under the Coronavirus Job Retention Scheme. At the year end £5,417 was presented in other debtors in relation to the scheme. In addition a further small business grant of £25,000 and a showroom grant of £2,000 was received.

The amount of grants recognised in the financial statements was £89,266 (2019 - £Nil).

### Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020

#### 5 Tangible assets

	Land and buildings £	Furniture, fittings and equipment £	Plant and machinery £	Total £
<b>Cost or valuation</b>				
At 1 January 2020	750,000	90,056	262,179	1,102,235
Additions	-	4,614	290	4,904
Disposals	-	(883)	-	(883)
At 31 December 2020	750,000	93,787	262,469	1,106,256
<b>Depreciation</b>				
At 1 January 2020	-	75,656	232,697	308,353
Charge for the year	-	2,698	2,977	5,675
Eliminated on disposal	-	(883)	-	(883)
At 31 December 2020	-	77,471	235,674	313,145
<b>Carrying amount</b>				
At 31 December 2020	750,000	16,316	26,795	793,111
At 31 December 2019	750,000	14,400	29,482	793,882

Included within the net book value of land and buildings above is £750,000 (2019 - £750,000) in respect of freehold land and buildings.

#### Revaluation

During the year, the fair value of the company's freehold land and buildings has been valued by the directors and disclosed in the financial statements at a current value of £750,000 (2019: £750,000), the carrying amount at historical cost of £275,000 (2019: £275,000) and accumulated depreciation on this historical cost is £32,879 (2019: £32,879). A tax liability of £50,000 (2019: £50,000) would arise if the property was realised at its net book value of £750,000 and this has been included within deferred tax in the accounts and realised through the revaluation reserve.

## ABBEY GARAGE (SOUTH WEST) LIMITED

### Notes to the Unaudited Financial Statements for the Year Ended 31 December 2020

#### 6 Investments

	2020	2019
	£	£
Investments in subsidiaries	477,902	486,292
<b>Subsidiaries</b>		
<b>Fair value</b>		
At 1 January 2020		486,292
Fair value adjustments		(8,390)
At 31 December 2020		477,902

Fair value is measured at the amount of the underlying net assets of the fixed asset investment. The fair value reduction of £8,390 (2019: £15,518) has been recognised in other comprehensive income. The decrease of the deferred tax liability on the fair value reserve of £1,500 (2019: increase £5,400) has also been recognised in other comprehensive income. The net decrease of the investment fair value reserve during the year was therefore £6,890 (2019: £20,918).

#### Details of undertakings

Details of the investments (including principal place of business of unincorporated entities) in which the company holds 20% or more of the nominal value of any class of share capital are as follows:

Undertaking	Registered office	Holding	Proportion of voting rights and shares held	
			2020	2019
<b>Subsidiary undertakings</b>				
Glastonbury Motor Body Repairs Limited	189 High Street, Street, Somerset, BA16 0NE  United Kingdom	Ordinary shares	100%	100%

#### Subsidiary undertakings

##### *Glastonbury Motor Body Repairs Limited*

The principal activity of Glastonbury Motor Body Repairs Limited is repairing motor vehicle bodies.. The loss for the financial period of Glastonbury Motor Body Repairs Limited was £8,390 and the aggregate amount of capital and reserves at the end of the period was £477,902.
