### **Directors' responsibilities statement**

for the year ended 31 March 2010

The Directors are responsible for preparing the financial statements in accordance with applicable law and regulations. Company law requires the Directors to prepare financial statements for each financial year.

Under that law they have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards and applicable law (UK Generally Accepted Accounting Practice).

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgments and estimates that are reasonable and prudent,
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities.

## Notes to the financial statements

for the year ended 31 March 2010

### 1 Accounting policies

#### Basis of preparation

The financial statements have been prepared in accordance with UK Generally Accepted Accounting Practice, and under the historical cost convention

AB Acquisitions Holdings Limited ('ABAHL'), the ultimate parent undertaking of the Company, includes the Company's assets, liabilities and results in its own publicly-available consolidated financial statements. Under FRS 1 (Revised 1996), 'Cash flow statements', the Company is therefore exempt from the requirement to prepare a cash flow statement

The Company's voting rights are wholly controlled within the ABAHL group and, consequently, the Company is exempt under FRS 8, 'Related party Disclosures', from disclosing transactions with entities that are part of the Group or investees of the Group qualifying as related parties

The Company is exempt under section 401 of the Companies Act 2006 from the requirement to prepare consolidated financial statements and deliver them to the Registrar of Companies. The financial statements therefore present information about the Company as an individual undertaking and not about its group

#### Share capital

##### Equity instruments

An equity instrument is a contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Accordingly, a financial instrument is treated as equity if

- there is no contractual obligation to deliver cash or other financial assets or to exchange financial assets or liabilities on terms that may be unfavourable, and
- the instrument is a non-derivative that contains no contractual obligation to deliver a variable number of shares or is a derivative that will be settled only by the Group exchanging a fixed amount of cash or other assets for a fixed number of the Company's own equity instruments

Equity instruments are recorded as share capital and share premium, as applicable, net of tax-effected share issue costs. To the extent that this definition is not met, the proceeds of any issue are classified as a financial liability
