DIRECTORS' RESPONSIBILITIES

Company law requires the directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the company as at the end of the financial year and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue its business.

The directors are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

AUDITORS' REPORT TO THE MEMBERS OF DATA SYSTEMS TERMINALS LIMITED FOR THE YEAR ENDED 30 JUNE 1997

We have audited the financial statements on pages 5 to 13 which have been prepared under the historical cost convention and on the basis of accounting policies set out on page 7.

RESPECTIVE RESPONSIBILITIES OF THE DIRECTORS AND AUDITORS

As described in the Directors' Report, the company's directors are responsible for the preparation of financial statements. It is our responsibility to form an independent opinion, based on our audit, on those statements and to report our opinion to you.

BASIS OF OPINION

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the financial statements, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance as to whether the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the financial statements.

OPINION

Date OS flowled 199

In our opinion the financial statements give a true and fair view of the state of affairs of the company as at 30 June 1997 and of its profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

STATEMENT OF ACCOUNTING POLICIES

ACCOUNTING CONVENTION AND BASIS OF PREPARATION

The financial statements have been prepared in accordance with applicable accounting standards and on the historical cost basis...

DEPRECIATION

1.

Depreciation is calculated so as to write off the cost of an asset, net of anticipated disposal proceeds, over the useful economic life of that asset as follows:-

Motor vehicles

25% reducing balance

Equipment, fixtures and tools

15% reducing balance

No depreciation is charged on freehold properties. The directors consider that the level of repairs and maintenance on freehold buildings will result in their lives being so long and their residual values so high that their depreciation is insignificant.

STOCKS

Stock has been valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items. Costs include all direct expenditure and an appropriate proportion of fixed and variable overheads.

DEFERRED TAXATION

Provision is made for deferred taxation on the liability basis in respect of all material timing differences only to the extent that, in the opinion of the directors, there is a reasonable probability that a liability or asset will crystallise in the foreseeable future.

FOREIGN CURRENCIES

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into the profit and loss account for the year.

LEASING AND HIRE PURCHASE COMMITMENTS

Assets held under finance leases and hire purchase contracts are capitalised in the balance sheet and are depreciated over their estimated useful lives. The interest element of the rental obligations to charged to the profit and loss account over the period of the lease.

Lease payments under operating leases, where substantially all the risks and benefits remain with the lessor, are charged as expenses in the periods in which they are incurred.

PENSION COSTS

The company operates a defined contribution pension scheme. Contributions payable to this scheme are charged to the profit and loss account in the period to which they relate. These contributions are invested separately from the company's assets.

2. TURNOVER

4.

The turnover and profit before taxation are attributable to the one principal activity of the company.

3. **OPERATING PROFIT**

Operating profit is stated after charging:
