REPORT OF THE AUDITORS
For the Year Ended 31st August, 1981

We have audited the annexed Balance Sheet and Profit and Loss account. Our audit was conducted in accordance with approved auditing standards having regard to the matters referred to in the following paragraph.

In common with many businesses of similar size and organisation the company's system of control is dependent upon the close involvement of the directors who are major shareholders. Where independent confirmation of the completeness of the accounting records was therefore not available we have accepted assurances from the directors that all the company's transactions have been reflected in the records.

Subject to the foregoing, in our opinion the financial statements, which have been prepared under the historical cost convention, give a true and fair view of the state of the company's affairs at 31st August 1981 and of its results for the year then ended and comply with the Companies Acts 1948 to 1981, in so far as the provisions of those Acts are applicable to these financial statements.
