ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention modified to include the revaluation of freehold land and buildings.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cashflow statement on the grounds that it is a small company.

DEPARTURE FROM ACCOUNTING STANDARDS

The financial statements are prepared in accordance with applicable accounting standards.

TANGIBLE FIXED ASSETS

Fixed assets are stated at historical cost or valuation less depreciation.

Depreciation is provided on all tangible fixed assets other than freehold land and investment properties at rates calculated to write each asset down to its estimated residual value evenly over its expected useful life, as follows:-

Land and buildings Freehold	2% straight line
Land and buildings Leasehold	Straight line over the life of the lease
Plant and machinery	15% straight line
Fixtures, fittings & equipment	15% - 25% straight line
Motor vehicles	25% reducing balance

STOCK

Stock is valued at the lower of cost and net realisable value. Net realisable value is based upon estimated selling price less further costs expected to be incurred to completion and disposal. Provision is made for obsolete and slow-moving items.

DEFERRED TAXATION

Provision is made for taxation deferred or accelerated by the effect of timing differences, to the extent that it is probable that a liability will crystallise, at the rate expected to be ruling at that date.

LEASED ASSETS AND OBLIGATIONS

Where assets are financed by leasing agreements that give rights approximating to ownership ('finance leases'), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the minimum lease payments payable during the lease term. The corresponding leasing commitments are shown as obligations to the lessor.

Lease payments are treated as consisting of capital and interest elements, and the interest is charged to the profit and loss account in proportion to the remaining balance outstanding.

PENSIONS CONTRIBUTIONS

The pension costs charged in the financial statements represent the contributions payable by the company during the year.

FOREIGN CURRENCY TRANSLATION

Monetary assets and liabilities denominated in foreign currencies are translated into sterling at the rates of exchange ruling at the accounting date. Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. All differences are taken to profit and loss account.

TURNOVER

Turnover represents the invoiced value, net of Value Added Tax, of goods sold and services provided to customers.
