## **Akhter Group Limited**

### **Directors' report For The Period Ended 31 December 2019**

The directors present their annual report and the audited financial statements for the period

#### **Principal activities**

The group is an established manufacturer, systems integrator and supplier of PC network and database technology to a broad base of predominantly public sector customers in the UK. The group principally serves the networked PC and workstation market offering customers complete turnkey systems solutions, comprising hardware, software, installation, networking, training and after sales support. The group sells mainly into niche markets in which it can differentiate itself and gain a competitive advantage. It has also entered the green energy market through the design and production of commercial solar powered lights.

#### **Review of the business**

Our review is consistent with the size and nature of our business and is written in the context of the risks and uncertainties we face. Financial performance indicators have been selected that reflect the performance of the group as a whole including turnover, gross profit and operating profit.

The group's business environment in which we operate continues to be challenging. The computer market is highly competitive and operating margins need to be maintained. We face competition from companies both inside and outside the UK. We are also affected by consumer spending patterns and consumer' overall level of disposable income within our economy. However, the market for "green technology" will continue to grow with the group's investment into manufacture of solar street lights and continued research and development is expected to contribute to growth in operating income.

#### **Results and dividends**

The group's consolidated profit and loss account is shown on page 5.

No interim dividend was paid during the year (2018: nil). The directors do not recommend the payment of a final dividend for the year (2018: nil).

An interim dividend was paid by Akter Computers Limited to Akhter Group Limited on 31 December 2019 of £900,000 (2018: £600,000).

#### **Market value of land and buildings**

In the opinion of the directors, the professional valuation of land and buildings exceed the current book value.

#### **Future developments**

The group is continuing to develop new products and will continue the development of new market sectors for its I.T. solutions and range of commercial solar products. Market conditions remain tough with the future of public sector investment into new I.T. products becoming increasingly uncertain.

The group's management team is dedicated to maintaining and extending the improvements in customer support, quality and productivity.

#### **Research and development**

Research and development is an important part of the group's operations. The directors intend to continue their policy of investment in research and development as an essential aspect of the continuing commitment to product and quality improvements.

The research expenditure is written off to the profit and loss account in the year in which it is incurred. Development expenditure is written off in the same way unless the directors are satisfied as to the technical, commercial and financial viability of individual projects. In this situation, the expenditure is deferred and amortised over the period during which the group or the relevant subsidiary company is expected to benefit.

## **Akhter Group Limited**

### **Directors' report (continued) For The Period Ended 31 December 2019**

#### **Directors**

The following directors have held office since 1 July 2014

Humayun A Mughal  
Alan G Laffoley

Chief Executive Officer  
Group Technical Director

#### **Employee consultation**

The group places considerable value on the involvement of its employees and has continued its practice of keeping them informed on matters affecting them as employees and on the various factors affecting the performance of the group. This is achieved through formal and informal meeting.

#### **Disabled employees**

Applications for employment by disabled persons are always fully considered, bearing in mind the aptitudes of the applicant concerned. In the event of members of staff becoming disabled, every effort will be made to ensure that their employment with the group continues and that appropriate training is arranged. It is the policy of the group that the training, career development and promotion of disabled persons should, as far as possible, be identical with that of other employees.

#### **Political and charitable contributions**

The group made no political contributions. Charitable donations paid during the year were nil (2018: nil).

#### **Creditor payment policy**

It is the group's policy to negotiate terms with its suppliers and to ensure that they know the terms on which payment will be made when business is agreed. It is the directors policy to abide by such terms. The group does not follow any special code or standard on payment practice due to the diverse nature of its supplier base.

#### **Principal risks and uncertainties**

All businesses face a range of risks and uncertainties, being subject to hazards from internal and external forces. The company and its subsidiaries undertakes regular risk assessments and the likelihood and significance of risk factors are considered to ensure risk mitigation.

#### **UK economic performance**

The UK economy has slowed down with reduced consumer spending and rising unemployments. The operational leverage is such that any deterioration in sales performance may have a disproportionate reduction in profitability. The company and its subsidiaries mitigate this risk by continuous monitoring of costs. In addition, the subsidiaries are aggressively pursuing work and orders from new and existing customers.

#### **Availability of credit**

The availability of credit for consumers and businesses has fallen considerably. Thus there is possibility of bad debts. However, this risk is mitigated by the company and its subsidiaries by the maintenance of cash reserves and through agreements with customers regarding payment terms and credit facilities. Extended credit terms are agreed with creditors where possible.

**Akhter Group Limited**

**Directors' report (continued)  
For The Period Ended 31 December 2019**

**Principal risks and uncertainties (continued)**

**Exchange rate fluctuations**

Exchange rate fluctuations have had, and continue to have, a material impact on the subsidiaries operating results. The global financial crisis has led to increased volatility in exchange rates which make it harder to predict exchange rates and thus perform financial planning. Thus the company and its subsidiaries only monitors closely the foreign exchange market to try and mitigate this risk.

**Directors' responsibilities**

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and the group and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## **Akhter Group Limited**

### **Notes to the financial statements For The Period Ended 31 December 2019**

#### **Statement of compliance**

These financial statements have been prepared in compliance with FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'

#### **Accounting policies**

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the group's financial statements.

#### **Basis of preparation**

The financial statements have been prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) under the historical cost convention modified to include the revaluation of certain land and buildings.

#### **Transition to FRS 102**

The group transitioned from previous UK GAAP to FRS 102 as at 1 July 2015. No transitional adjustments were required.

#### **Basis of consolidation**

The consolidated financial statements include the financial statements of the company and its subsidiary undertakings, together with the Group's share of the results and net assets of its associate, made up to 31 December 2019.

#### **Goodwill**

Goodwill arising on the acquisition of subsidiaries or other businesses, represented by the excess of their fair value of the consideration given over the fair value of the separable net assets acquired, is capitalised and amortised over its useful economic life in accordance with Financial Reporting Standard 10. Goodwill is amortised over a period of not more than twenty years.

#### **Company accounts**

Under section 408 of the Companies Act 2006, the company is exempt from the requirement to present its own profit and loss account. The amount of the profit for the financial year dealt with in the accounts of the company is £64,000 (2018: £654,000).

#### **Turnover**

Turnover represents the invoiced value of goods sold and services provided and is stated net of Value Added Tax. The turnover is attributable to the principal activities of the group which all represent continuing operations. For equipment supplied under rental agreements, turnover is recognised on an accruals basis.

#### **Revenue recognition**

Revenue is generally recognised as contract activity progresses so that for incomplete contracts it reflects the partial performance of the contractual obligations. For such contracts the amount of revenue reflects the accrual of the right to consideration by reference to the value of work performed. Revenue not billed to clients is included in debtors and payments on account in excess of the relevant amount of revenue are included in creditors.

Fee income that is contingent on events outside the control of the firm is recognised when the contingent event occurs.

#### **Foreign currencies**

Transactions in foreign currencies are translated at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the balance sheet date and any exchange differences arising are taken to the profit and loss account.

For consolidation purposes, the assets and liabilities of overseas subsidiary undertakings are translated at the closing exchange rates. Profit and loss accounts of such undertakings are consolidated at the average rates of exchange during the year. Exchange differences arising on these translations are taken to reserves, net of exchange differences arising on related foreign currency borrowings.

## **Akhter Group Limited**

### **Accounting policies (continued) For The Period Ended 31 December 2019**

#### **Leases and hire purchase commitments**

Assets held under finance leases, which are leases where substantially all the risks and rewards of ownership of the asset have passed to the company, and hire purchase contracts, are capitalised in the balance sheet and are depreciated over their useful lives. The capital elements of future obligations under the leases and hire purchase contracts are included as liabilities in the balance sheet.

Rentals under operating leases are charged on a straight line basis over the lease term.

#### **Deferred taxation**

Deferred tax is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted. Deferred tax assets are recognised only to the extent that they are likely to be realised.

#### **Fixed assets and depreciation**

Depreciation is provided on all tangible fixed assets except land, to write off the cost, less estimated residual value, of each asset over its expected useful life on a reducing balance basis, except where stated, as follows:

Fixtures, fitting and equipment	Between 10 and 33.33 per cent, per annum, on a reducing balance basis
Motor vehicles	Between 20 and 25 per cent, per annum, on a reducing balance basis
Buildings in UK	2 per cent, per annum, on cost or valuation on a straight line basis unless revalued at year end
Equipment for rental	On a systematic basis so as to spread profit evenly over the period of the rental agreements
Computer equipment	33.33 per cent, per annum, on a straight line basis and some of the equipment are depreciated on 33 per cent on a reducing balance basis

#### **Stocks**

Stock is valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

**Akhter Group Limited**

**Notes to the financial statements**
