### **Directors' report for the year ended 30 November 2008**

#### **Directors**

The following were directors of the company during the year and subsequently, none of whom had any interest in the shares of the company:

W A Oliver  
T P Haywood  
J A W Dodds

#### **Statement of directors' responsibilities**

The directors are responsible for preparing the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). The financial statements are required by law to give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

### **Directors' report for the year ended 30 November 2008**

#### **Disclosure of information to the auditors**

Each director at the date of approval of this report confirms that:

- so far as they are aware, there is no relevant audit information of which the company's auditors are unaware; and
- they have taken all steps necessary to be aware of any relevant audit information and to establish that the company's auditors are aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of S234ZA of the Companies Act 1985.

#### **Going Concern**

The current economic conditions create uncertainty over the level of demand for property and access to liquidity. However, despite this uncertain outlook, the directors believe that the company is well placed to manage its risks by adapting its activities to changing conditions. Such action has included:

Eliminating speculative development activity;

Minimising any other non-funded commitments;

Focusing on cash and asset management in order to maximise the company's rent roll; and

Close management of working capital.

The ultimate parent company, St. Modwen Properties PLC, has provided the directors with confirmation that it will continue to provide the company with financial support, to the extent that it is not otherwise available, for a period of at least 12 months from the date of approval of the financial statements. St Modwen Properties PLC has adequate lines of credit in place which do not require any material refinancing before 2011 and the company is trading within all its banking covenants and its forward projections show a continuation of that position.

Having received such confirmation, the directors have a reasonable expectation that the company has adequate resources to meet its obligations and continue in operational existence for the foreseeable future. Accordingly, the directors continue to adopt the going concern basis in preparing the annual report and accounts.

#### **Auditors**

Deloitte LLP, our Auditors, have conducted the audit for the year ended 30 November 2008 and have expressed a willingness to remain in office. A resolution to reappoint Deloitte LLP will be put forward at the Annual General Meeting.

### **Notes to the financial statements for the year ended 30 November 2008**

#### **1. Accounting policies**

##### **1.1 Accounting convention**

The financial statements are prepared under the historical cost convention in accordance with applicable United Kingdom company law and accounting standards.

The accounting policies have been applied consistently throughout the year and the preceding year. The directors have prepared the financial statements on a going concern basis for the reasons set out in the paragraph headed going concern in the directors' report.

##### **1.2 Turnover and profit recognition**

Turnover represents sales of development properties, rental income receivable on a straight line basis to the first break point in the lease, and other recoveries. Profit on development properties is recognised on legal completion of sale.

##### **1.3 Stock and work in progress**

Stocks and work in progress are valued at the lower of cost and net realisable value.

##### **1.4 Taxation**

Current tax is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

A net deferred tax asset is regarded as recoverable and therefore recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured at the average tax rates that are expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

##### **1.5 Interest**

Interest incurred on properties in the course of development, whether for sale or retention as investments, is charged to the profit and loss account.

##### **1.6 Cash flow statement**

The company is a 100% subsidiary of St. Modwen Properties PLC. Its cash flows are included in that company's consolidated cash flow statement. Consequently, the company is exempt from the requirement of Financial Reporting Standard 1 (Revised) to prepare a cash flow statement.
