C. P. Button Limited

Balance Sheet

30 September 2019

For the financial year ending 30 September 2019 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476; and
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.

These financial statements have been prepared and delivered in accordance with the special provisions relating to companies subject to the small companies regime within Part 15 of the Companies Act 2006 and the option not to file the Profit and Loss Account has been taken.

Approved and authorised by the Board on 3 June 2020 and signed on its behalf by:

.....

Mr Peter Mark Button

Director

Company Registration Number: 01492724

The notes on pages 3 to 11 form an integral part of these financial statements.

C. P. Button Limited

Notes to the Financial Statements

Year Ended 30 September 2019

1 General information

The company is a private company limited by share capital, incorporated in United Kingdom.

The address of its registered office is:

Polshea Farm

St Tudy

Bodmin

Cornwall

PL30 3PA

These financial statements were authorised for issue by the Board on 3 June 2020.

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements have been prepared in accordance with Financial Reporting Standard 102 Section 1A - 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Companies Act 2006.

Basis of preparation

These financial statements have been prepared using the historical cost convention except that as disclosed in the accounting policies certain items are shown at fair value.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the sale of goods and provision of services in the ordinary course of the company's activities. Turnover is shown net of value added tax.

The company recognises revenue when:

The amount of revenue can be reliably measured;

it is probable that future economic benefits will flow to the entity;

and specific criteria have been met for each of the company's activities.

Tax

Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current corporation tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates taxable income.

C. P. Button Limited

Notes to the Financial Statements

Year Ended 30 September 2019

Deferred tax is recognised on all timing differences at the balance sheet date unless indicated below. Timing differences are differences between taxable profits and the results as stated in the profit and loss account and other comprehensive income. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Tangible assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class	Depreciation method and rate
Leasehold Property	7.5% reducing balance
Plant and machinery	15% reducing balance
Motor vehicles	20% reducing balance
Renewables	5% straight line

Amortisation

Amortisation is provided on intangible assets so as to write off the cost, less any estimated residual value, over their useful life as follows:

Asset class	Amortisation method and rate
Entitlements	20% straight line

Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first-in, first-out (FIFO) method.

The cost of finished goods and work in progress comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition. At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

C. P. Button Limited

Notes to the Financial Statements

Year Ended 30 September 2019

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases are recognised at the lower of their fair value at inception of the lease and the present value of the minimum lease payments. These assets are depreciated on a straight-line basis over the shorter of the useful life of the asset and the lease term. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance costs in the Profit and Loss Account and reduction of the lease obligation so as to achieve a constant periodic rate of interest on the remaining balance of the liability.

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the company has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

Financial instruments

C. P. Button Limited

Notes to the Financial Statements

Year Ended 30 September 2019

Classification

The company holds the following financial instruments:

- Short term trade and other debtors and creditors;
- Bank loans; and
- Cash and bank balances.

All financial instruments are classified as basic.

Recognition and measurement

The company has chosen to apply the recognition and measurement principles in FRS102.

Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument and derecognised when in the case of assets, the contractual rights to cash flows from the assets expire or substantially all the risks and rewards of ownership are transferred to another party, or in the case of liabilities, when the company's obligations are discharged, expire or are cancelled.

Except for bank loans, such instruments are initially measured at transaction price, including transaction costs, and are subsequently carried at the undiscounted amount of the cash or other consideration expected to be paid or received, after taking account of impairment adjustments.

Bank loans are initially measured at transaction price, including transaction costs, and are subsequently carried at amortised cost using the effective interest method.

3 Staff numbers

The average number of persons employed by the company (including directors) during the year, was 17 (2018 - 13).
