NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2022

1. GENERAL INFORMATION

Unicao Limited ("the Company") is a dormant company.

The Company is a private company, limited by shares and is incorporated and domiciled in the United Kingdom (England and Wales). The address of its registered office is King George Dock, Hull, HU9 5PX.

2. ACCOUNTING POLICIES

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Basis of preparing the financial statements

These financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework'. The financial statements have been prepared under the historical cost convention. FRS 101 sets out a reduced disclosure framework for a 'qualifying entity' as defined in the standard which addresses the financial reporting requirements and disclosure exemption in the individual statements of qualifying entities that otherwise apply the recognition measurement and disclosure requirements of EU adopted IFRS.

The Company is a qualifying entity for the purposes of FRS 101. Note 9 gives details of the company's ultimate parent and from where its consolidated financial statements prepared in accordance with EU adopted IFRS may be obtained.

FRS101 sets out amendments to EU adopted IFRS that are necessary to achieve compliance with the Act and related Regulations.

The following exemptions from the requirements of IFRS have been applied in the preparation of these financial statements, in accordance with FRS 101:

- IAS 7, 'Statement of cash flows'.
- The following paragraphs of IAS 1, 'Presentation of financial statements':
 - 10(d), (statement of cash flows)
 - 16 (statement of compliance with all IFRS)
 - 38A (requirement for minimum of two primary statements, including cash flow statements)
 - 38B-D (additional comparative information)
 - 111 (cash flow statement information), and
 - 134-136 (capital management disclosures)
- Paragraph 38 of IAS 1 'Presentation of Financial Statements' comparative information in respect of Paragraph 79(a)(iv).
- The requirements in IAS 24, 'Related party disclosures' to disclose related party transactions entered into between two or more members of a group.
- Paragraphs 91 to 99 of IFRS 13 'Fair value measurement (disclosure of valuation techniques and inputs used for fair value measurement of assets and liabilities).

2. ACCOUNTING POLICIES (CONTINUED)

Basis of preparing the financial statements (continued)

- Paragraphs 30 and 31 of IAS 8 'Accounting policies, changes in accounting estimates and errors' (requirement for the disclosure of information when an entity has not applied a new IFRS that has been issued but is not yet effective).
- IFRS 7 'Financial Instruments: Disclosures'.

The preparation of financial statements in conformity with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the company's accounting policies. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

Going concern

The company is not active but receives parental support from its Ultimate Parent and after making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. The company therefore continues to adopt the going concern basis in preparing its financial statement.

Consolidation

The company is a subsidiary of Anglia Oils Ltd, which is a subsidiary of AAK Denmark Holding A/S. It is included in the consolidated financial statements of AAK AB, which are publicly available on the AAK AB's website.

Trade and other Debtors

Trade and other debtors are amounts due from group companies. If collection is expected in one year or less, they are classified as current assets. If not, they are presented as non-current assets.

Creditors

Creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers.

Creditors are recognised initially at fair value and subsequently measured at amortised cost using the effective interest rate method.

Share capital

Ordinary shares are classified as equity.

3. CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. There are no estimates and assumptions that have a significant risk of causing a material adjustment in the carrying amounts of assets and liabilities within the next financial year.
