ANGLO PACIFIC FORWARDING LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

The director presents his strategic report and the consolidated financial statements for the year ended 31 December 2017.

Principal activity

The principal activity of the company is that of shipping and freight forwarding agents.

Fair review of the business

The director considers that the business has performed well during the period, achieving reasonable profits in a challenging environment and the financial position at the year end is considered to be satisfactory.

The results for the year, which are set out in the profit and loss account, show a pre tax profit of £93,348 (2016 - £352,609). The group has tangible fixed assets including fixtures and fittings and motor vehicles valued in the financial statements at net book value amounting to £350,928 (2016 - £506,208) and trade debtors of £1,408,856 (2016 - £1,582,195). The group has trade creditors of £2,927,587 (2016 - £2,862,472).

Key performance indicators

The directors are of the opinion that key performance indicators are important. They use a number of indicators to monitor and improve the development, performance and position of the business. Indicators are reviewed and altered to meet changes in the internal and external environments.

The company's key financial and other performance indicators during the year were as follows:

	Unit	2017	2016
Revenue	£	13,832,000	14,740,000
Cash at bank and in hand	£	536,000	243,000

The Group management hold regular meetings, enabling an accurate measurement of performance of the business. The bank balance is monitored on a monthly basis throughout the year, to ensure sufficient headroom is available.

Future developments

The external commercial environment is expected to be challenging in 2018, however the director is committed to driving the business forward in this difficult environment.

Principal risks and uncertainties

The management of the business and the execution of the group's strategy are subject to a number of risks. The key business risks and uncertainties affecting the company are considered to relate to competition from both national and local providers of shipping services and the general state of the shipping and freight forwarding market.

The group is exposed to the usual credit risk and cash flow risk associated with selling on credit and manages this through credit control procedures. The nature of its financial instruments means that they are not subject to liquidity risk. The risk of fluctuation in foreign currency exchange rates deflating or inflating the group's foreign currency assets and liabilities is mitigated through the use of forward contracts and bank accounts held in foreign currencies.

ANGLO PACIFIC FORWARDING LIMITED

STRATEGIC REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

Going concern

In accordance with the Financial Reporting Council's 'Going Concern and Liquidity Risk: Guidance for Directors of UK Companies 2009' the directors of all companies are now required to provide disclosures regarding the adoption of the going concern basis of accounting.

The group has considerable financial resources available and continues to trade profitably generating cash. The director has prepared forecasts for the next 12 months that indicate that these trends will continue. The director therefore has a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future and has continued to adopt the going concern basis in preparing the financial statements.

Approved by the director on 3/9/18 and signed on its behalf by:

Director

ANGLO PACIFIC FORWARDING LIMITED

DIRECTOR'S REPORT FOR THE YEAR ENDED 31 DECEMBER 2017

The director presents his report and the consolidated financial statements for the year ended 31 December 2017.

Director of the group

The director who held office during the year was as follows:

S Shah

Dividends

The director recommends a final dividend payment of £Nil be made in respect of the financial year ended 31 December 2017.

Disclosure of information to the auditor

The director has taken the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditor is aware of that information. The director confirms that there is no relevant information that he knows of and of which he knows the auditor is unaware.

Reappointment of auditors

Hazlewoods have expressed their willingness to continue in office.

Approved by the director on 3/9/18 and signed on its behalf by:

S Shah
Director

ANGLO PACIFIC FORWARDING LIMITED

STATEMENT OF DIRECTOR'S RESPONSIBILITIES

The director is responsible for preparing the Director's Report, Strategic Report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the Group and Company and of the profit or loss of the Group and Company for that period. In preparing these financial statements, the director is required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the Group's and the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Group and the Company and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the Group and the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

ANGLO PACIFIC FORWARDING LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ANGLO PACIFIC FORWARDING LIMITED

Opinion

We have audited the financial statements of Anglo Pacific Forwarding Limited (the 'parent company') and its subsidiaries (the 'group') for the year ended 31 December 2017, which comprise the Consolidated Profit and Loss Account, Consolidated Balance Sheet, Company Balance Sheet, Consolidated Statement of Changes in Equity, Company Statement of Changes in Equity, Consolidated Statement of Cash Flows and Notes to the Financial Statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 December 2017 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may cast significant doubt about the group's or the parent company's ability to continue to adopt the going concern basis of accounting for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The director is responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

ANGLO PACIFIC FORWARDING LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ANGLO PACIFIC FORWARDING LIMITED

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Director's Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of our knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report and the Director's Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of the director

As explained more fully in the Statement of Director's Responsibilities, set out on page 5, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the director determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the director is responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the director either intends to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

ANGLO PACIFIC FORWARDING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1 General information

The company is incorporated and domiciled in England and Wales.

The address of its registered office is:

Anglo House
Laxcon Close
Drury Way
London
NW10 0TG

2 Accounting policies

Summary of significant accounting policies and key accounting estimates

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

Statement of compliance

These financial statements were prepared in accordance with Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

Basis of preparation

These financial statements have been prepared using the historical cost convention except for, where disclosed in these accounting policies, certain items that are shown at fair value.

The presentational currency of the financial statements is Pound Sterling, being the functional currency of the primary economic environment in which the company operates. Monetary amounts in these financial statements are rounded to the nearest Pound.

Basis of consolidation

The consolidated financial statements consolidate the financial statements of the company and its subsidiary undertakings drawn up to 31 December 2017.

A subsidiary is an entity controlled by the Company. Control is achieved where the Company has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

The results of subsidiaries acquired or disposed of during the year are included in the Profit and Loss Account from the effective date of acquisition or up to the effective date of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Group.

The purchase method of accounting is used to account for business combinations that result in the acquisition of subsidiaries by the Group. The cost of a business combination is measured as the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange, plus costs directly attributable to the business combination. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. Any excess of the cost of the business combination over the acquirer's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities recognised is recorded as goodwill.

Inter-company transactions, balances and unrealised gains on transactions between the Company and its subsidiaries, which are related parties, are eliminated in full.

Intra-group losses are also eliminated but may indicate an impairment that requires recognition in the consolidated financial statements.

ANGLO PACIFIC FORWARDING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

Going concern

The Group has considerable financial resources available and continues to trade profitably generating cash. The director has prepared forecasts for the next 12 months that indicate that these trends will continue. The director therefore has a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future and have continued to adopt the going concern basis in preparing the financial statements.

Critical accounting judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements and estimation uncertainty

Included within accruals is an amount relating to insurance claims taken out against the Group. This is calculated by multiplying the original claim by a percentage, the percentage being what proportion of the claim they believe will eventually be payable. This percentage is based on past experience of insurance claims against the Group.

Revenue recognition

Turnover comprises the fair value of the consideration received or receivable for the provision of services in the ordinary course of the Group's activities. Turnover is shown net of sales/value added tax, returns, rebates and discounts. The Group recognises revenue at such time that containers are loaded.

Foreign currency transactions and balances

Transactions in foreign currencies are recorded at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the closing rates at the balance sheet date. All exchange differences are included in the profit and loss account.

Tax

The tax expense for the period comprises current and deferred tax. Tax is recognised in the profit and loss account, except that a charge attributable to an item of income or expense recognised as other comprehensive income is also recognised directly in other comprehensive income.

The current tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Group operates and generates taxable income.

Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements on unused tax losses or tax credits in the Group. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

ANGLO PACIFIC FORWARDING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

Tangible assets

Tangible assets are stated in the statement of financial position at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses. The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Depreciation

Depreciation is charged so as to write off the cost of assets, other than land and properties under construction over their estimated useful lives, as follows:

Asset class	Depreciation method and rate
Short leasehold land and buildings	over the lease term
Fixtures, fittings and equipment	10% - 25% of cost per annum
Motor vehicles	25% of cost per annum

Investments

Fixed asset investments are stated at historical cost less provision for any diminution in value. Dividends on equity securities are recognised in income when receivable.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Trade receivables

Trade debtors are amounts due from customers for services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the Group will not be able to collect all amounts due according to the original terms of the receivables.

Stock

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost is determined using the first-in, first-out method.

At each reporting date, stocks are assessed for impairment. If stocks are impaired, the carrying amount is reduced to its selling price less costs to complete and sell; the impairment loss is recognised immediately in profit or loss.

Trade Creditors

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the Group does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price and all are repayable within one year and hence are included at the undiscounted amount of cash expected to be paid.

Provisions

Provisions are recognised when the Group has an obligation at the reporting date as a result of a past event, it is probable that the group will be required to settle that obligation and a reliable estimate can be made of the amount of the obligation.

ANGLO PACIFIC FORWARDING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee.

Assets held under finance leases are recognised at the lower of their fair value at inception of the lease and the present value of the minimum lease payments. These assets are depreciated on a straight-line basis over the shorter of the useful life of the asset and the lease term. The corresponding liability to the lessor is included in the Balance Sheet as a finance lease obligation.

Lease payments are apportioned between finance costs in the Profit and Loss Account and reduction of the lease obligation so as to achieve a constant periodic rate of interest on the remaining balance of the liability.

Leases in which substantially all the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease.

Share capital

Ordinary shares are classified as equity. Equity instruments are measured at the fair value of the cash or other resources received or receivable, net of the direct costs of issuing the equity instruments. If payment is deferred and the time value of money is material, the initial measurement is on a present value basis.

Defined contribution pension obligation

A defined contribution plan is a pension plan under which fixed contributions are paid into a pension fund and the group has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised as employee benefit expense when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

Dividends

Dividend distribution to the Company's shareholders is recognised as a liability in the financial statements in the reporting period in which the dividends are declared.

ANGLO PACIFIC FORWARDING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

Financial instruments

Classification

Financial instruments are classified and accounted for according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability on the balance sheet. The corresponding dividends relating to the liability component are charged as interest expenses in the profit and loss account.

Recognition and measurement

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the balance sheet when, and only when, there exists a legally enforceable right to set off the recognised amounts and the company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Impairment

Assets, other than those measured at fair value, are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss as described below.

A non financial asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

For financial assets carried at amortised cost, the amount of an impairment is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the financial asset's original effective interest rate.

For financial assets carried at cost less impairment, the impairment loss is the difference between the asset's carrying amount and the best estimate of the amount that would be received for the asset if it were to be sold at the reporting date.

Where indicators exist for a decrease in impairment loss, and the decrease can be related objectively to an event occurring after the impairment was recognised, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an individual impaired financial asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value had no impairment been recognised.

ANGLO PACIFIC FORWARDING LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

3 Turnover

The analysis of the Group's turnover for the year from continuing operations is as follows:

	2017	2016
	£	£
Rendering of services	<u>13,832,302</u>	<u>14,740,094</u>

The analysis of the Group's turnover for the year by market is as follows:

	2017	2016
	£	£
United Kingdom	458,838	623,001
Other EU Countries	543,840	612,130
