CHATSWORTH HOUSE TRUST

Report of the Council of Management for the year ended 31 December 2013

The Members of the Council of Management, who are also directors and trustees for the purpose of the Companies and Charities Acts, have pleasure in presenting their report together with the audited financial statements for the year ended 31 December 2013.

The information with respect to the Council of Management (hereafter referred to as the Council), officers and advisors set out on page 1 forms part of this report.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Constitution

The Chatsworth House Trust is a company limited by guarantee incorporated on the 23 January 1981 and governed by its Memorandum and Articles of Association. It is also a registered charity, number 511149. The liability of each member in the event of winding up is limited to £5,000.

Charity Trustees, Directors and Members of the Council of Management

The following served on the Council during the year and up to the date of signing the financial statements.

- * The 12th Duke of Devonshire - Chairman
- * Duchess of Devonshire
- The Hon. Mrs C Chetwode
- Mr H M Wyndham
- Mr J G E Monson
- Mr E R H Perks
- Mr J D S Booth

- * These Members of the Council are also members of the company.

Mr Monson, Mr Booth and Mr Perks are also members of the Finance, Audit and Conflicts Committee and also Council sit on the Investment Committee. The Duke and Duchess of Devonshire, The Hon. Mrs C Chetwode and Mr Wyndham are members of the Conservation and Art Purchase Committee.

Appointment of Members

The power to appoint new Members of the Council of Management is vested in the Council.

In making Member appointments the Council make reference to the Charity Commission's guidelines and ensure the appropriate mix of skills, knowledge and experience exists to make sure the charity is well governed and is run effectively and efficiently in a manner appropriate to its size and complexity. The skills of Council Members together with their ability to devote the necessary time and energy to the charity, are regularly reviewed.

Membership of the Council is determined with a view to ensuring responsible oversight of the purposes of the Chatsworth House Trust.

CHATSWORTH HOUSE TRUST

Report of the Council of Management for the year ended 31 December 2013 (continued)

New Member Induction and Training

New members undergo an orientation day to brief them on their legal obligations under charity and company law, the Charity Commission guidance on public benefit, content of the Memorandum and Articles of Association, the committee and decision-making processes, the business plan and recent financial performance of the charity. During the induction day they meet key employees and other members. Members are encouraged to attend appropriate external training events where these will facilitate the undertaking of their role.

Organisational structure and decision making

The charity Council consists of the directors and charity trustees. The number of the Members of the Council shall not be less than 5 nor more than 8. Members of the Council serve for a period of up to 6 years. They are then eligible for re-election.

The Council of Management meet formally twice a year to review the company's operation and performance, receive reports as required and approve budgets and other matters. The Council has created sub-committees as set out below to oversee, monitor and report back to the full Council on specific aspects of the charity's activities and governance and to facilitate effective operations; the Council has delegated authority for day to day operational matters, including finance, estate management, employment and health and safety to a senior management team who are jointly employed with the Trustees of the Chatsworth Settlement.

Although not formally constituted sub-committees, the Council receives regular reports from and reviews the work of the Chatsworth Environmental and Health and Safety Committees who monitor the charity's activities and make such recommendations as they feel appropriate.

CHATSWORTH HOUSE TRUST

Report of the Council of Management for the year ended 31 December 2013 (continued)

OBJECTIVES AND ACTIVITIES

Objectives

The primary objectives and aims of the charity, as stated in its governing document, are to:

- Preserve for public benefit the mansion house known as Chatsworth House in Derbyshire, together with its ancillary buildings, gardens, arboreta woodlands, and park; or such part or parts thereof as shall from time to time be held by the charity, and to promote for the public benefit the study and appreciation of Chatsworth as a place of historic and architectural interest and natural beauty.
- Preserve for the public benefit such pictures, statues, furniture, books and other chattels being of historic or artistic interest such as the charity considers it appropriate to acquire, and to keep at Chatsworth and to promote for the public benefit the study and appreciation of the charity's works of art as features of historic or artistic interest.
- Advance the education of the public in the arts and sciences.
- Provide at Chatsworth, in the interests of social welfare, facilities for physical recreation (including sports).
- Facilitate and encourage the use, occupation and enjoyment of the whole or any part of Chatsworth and the charity's works of art for such other exclusively charitable purposes as the charity from time to time considers appropriate.

Strategies and activities for achieving objectives

The charity holds a lease of Chatsworth House and its essential contents, with approximately 1,822 acres of land including the garden, park and woodland surrounding the House.

The Council have implemented the following activities to help achieve the objectives:

- Opening the House and gardens at Chatsworth every day from mid March to Christmas, keeping much of the park open every day of the year.
- Holding various events and exhibitions displaying collections of art, sculpture and other historic artefacts open to the general public.
- Offering educational programmes for school visits and self-led activities at the Farmyard linked to key elements of the school curriculum.
- Holding a popular annual Country Fair.
- Keeping the Park and Stand Wood open all year round for free public use.
- Holding international horse trials and other sporting events
- Allowing use of grounds and buildings for other charity activities.

Public Benefit

The Council have considered and have taken due regard to the Charity Commission's guidance on public benefit and fee charging when setting their objectives for the year.

Chatsworth enjoys the reputation of being "contemporary in its time" and engages visitors by providing both access and engaging experiences. Respecting this legacy, the Council aims to continue supporting Chatsworth's evolution and, in particular, programmes which refurbish, update and improve both the fabric of Chatsworth and its appeal to a diversity of visitors.

In line with the Charities Commission guidelines the charity gives specific attention to how it benefits the poor in society. In this regard it targets its visitor proposition to those groups that are most likely to contain the most economically disadvantaged individuals in society. This attention is specifically evidenced by the following:

All educational visits are offered at rates of between twenty and fifty per cent lower than standard prices. In 2013, 22,642 educational visitors took advantage of this offer.

CHATSWORTH HOUSE TRUST

Report of the Council of Management for the year ended 31 December 2013 (continued)

Public Benefit (continued)

Working through the Devonshire Educational Trust and with Derbyshire County Council, in 2013 the charity helped deliver a range of recreational and learning opportunities to support children and young people in care. The charity provides free facilities to the Devonshire Educational Trust which has a fund open to schools and other educational organisations to apply for financial support in meeting the cost of entry to our visitor attractions and/or transportation costs. In 2013, 77 teachers/supporting adults and 155 pupils/students benefited from this scheme, with support predominantly directed towards schools with a high percentage of pupils receiving free school meals/pupil premium.

Local charities received over 200 complimentary admission tickets to the House & Garden in 2013 and access to the house for performances and charity events is offered at discounted prices. Also to encourage wider access, various "two for one" promotions are marketed throughout the year.

The charity allows free public access to its parkland which provides picnic facilities and magnificent vistas on the banks of the river Derwent.

Statement of Council Members' Responsibilities

The Council members (who are also directors of Chatsworth House Trust for the purposes of company law) are responsible for preparing the Report of the Council of Management and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

Company law requires the Council Members to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and the application of resources, including the income and expenditure, of the charity for that period. In preparing these financial statements, the Council Members are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Council Members are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the Council Members are aware:

- there is no relevant audit information of which the charity's auditor is unaware; and
- the Council Members have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditors

The charity's auditors are Saffery Champness, who are willing to continue in office and a resolution will be submitted to the forthcoming annual general meeting that they be re-appointed.

STRATEGIC REPORT

Achievements and Performance

The Council considers that the charity's principal objectives of maintaining and preserving Chatsworth and opening the property to the public are being achieved.

Factors relevant to achieving objectives

The key performance indicators which the Council use to monitor whether the charity is achieving these objectives are:

- Visitor numbers and trends
- Completion of essential restoration and preservation work to the House and gardens
- Financial performance against income and expenditure targets

Visitor Numbers

The number of visitors to Chatsworth for 2013 compared with 4 prior years was as follows:

	2013	2012	2011	2010	2009
Number of Visitors*	644,817	659,553	678,593	674,169	655,137

*Visitor numbers including estate passes

Special events and activities

The attendance and feedback from the various events that the charity organised and hosted, such as the annual Country and Christmas Fairs, Sotheby's successful exhibition of sculpture in the grounds, the series of concerts and the bonfire night in the grounds was good. The Council were disappointed that the annual International Horse Trials event had to be cancelled due to bad weather.

The charity purchased works of art during the year to the value of £477,976 (2012: £105,689) to enhance the collection held.

Restoration and preservation work

The Master Plan is a major project of essential restoration and development intended to safeguard Chatsworth's heritage and continue its history.

The project involves restoring the exterior stonework and the historic interiors of Chatsworth House, creating new spaces for more displays, upgrading the interior services in the House and, with improved accessibility, making it easier for every visitor to enjoy their visit to Chatsworth.

The programme of work commenced in January 2007 and has now been extended to include work to the North Wing and the Lodges. The extended works will continue well into 2016. The current projected total cost of the project is £30.4m of which £21.5m had been spent at the balance sheet date. A further £8.9m will be spent in the period 2014 to 2016.

Donations from The Duke of Devonshire's Charitable Trust of £6.2m (2009: £0.1m; 2010: £5.1m; 2011: £nil; 2012: £1.0m; 2013: £nil) have been spent on the Master Plan. Further funding has come from the realisation of investments of £2.1m (2012: £2.1m; 2013: £nil). The balance of funding (£22.1m) is derived from the existing and future cash resources of the charity.

Under the heading "Capital Commitments" within the Accounting Policies section on page 17 of these accounts, future expenditure commitments for the Master Plan programme are disclosed.

Report of the Council of Management for the year ended 31 December 2013 (continued)

Financial review

The assets and activities of the charity are split between two unrestricted funds: the General Fund and the designated Art Purchases Fund. Further details are set out in the notes to the accounts on pages 18 to 27.

The Statement of Financial Activities is set out in detail on page 12. It shows that overall the charity had net resources expended of £575,844 for the year incurred from its routine activities as compared with net incoming resources of £342,423 in 2012. Of this, net resources expended of £821,721 were incurred in the General Fund and net incoming resources of £245,877 arose in the Art Purchases Fund.

Incoming resources

The charity has three principal sources of income.

The first, which represents the majority of income, is income generated from the operation of the House and major events. This is predominantly income from admissions to the House and gardens during its open season from mid-March to December each year. The admissions income accounted for 68% (2012: 64%) of the charity's total incoming resources in 2013.

The Council expect that the present level of activity will be sustained for the foreseeable future and admissions income will continue to be the major source of funding for the charity.

The second main revenue stream is dividends from its investments. See the Investment objective and performance section below for more detail.

The third revenue stream is one-off grants and donations which this year amounted to £344,173 (2012: £1,304,515 re-stated).

Resources expended

The charity's income has been applied in pursuance of its charitable purposes. The largest proportion of expenditure is on the costs of operating the House, admissions, general upkeep of the house and stables, and the maintenance of the garden park and woods; this accounted for 69% (2012: 67%) of total resources expended.

The charity also spent £3,334,297 (2012: £3,339,826) on the essential preservation and maintenance of the House and grounds under its Master Plan project, as outlined earlier in this report.

Investment powers, policy and performance

Powers and policy:

Under its Memorandum of Association the charity has power to invest its funds in or upon such investments, securities or property as the charity thinks fit.

Aside from its directly held and managed investment properties, the Council has delegated management of its investment securities to Smith & Williamson Investment Management Limited who manage its portfolio on a discretionary basis, paying due consideration to the suitability of investments selected and their appropriate diversification.

The Council have set an investment objective of generating £500,000 in cash to support the charity's objects and current activities while preserving the real capital value of the investments over the longer term to enable them to sustain the charity's future activities and to fund its future obligations in accordance with its objects.

CHATSWORTH HOUSE TRUST

Report of the Council of Management for the year ended 31 December 2013 (continued)

Financial review (continued)

Investment powers, policy and performance (continued)

Performance review:

The General Fund received investment income of £416,441 (2012: £436,102) from its portfolio and from rental income from its property investments. In addition, the fund generated £1,147,595 (2012: £241,021) in realised and unrealised gains during the year from its investment portfolio.

The Art Purchases Fund received investment income of £262,000 (2012: £251,067) from its investment portfolio. In addition, the fund generated £967,945 (2012: £227,549) in realised and unrealised gains during the year.

The investment committee is undertaking a review of investment benchmarks used to monitor performance and risk, following a portfolio restructuring undertaken in 2014. The goal of this re-organisation was to increase manager and stock diversification in the global equity portion of the both the General and Art Purchases funds. In this the Committee aims both to capture long-term, diversified dividend flows while also managing the growing importance of emerging markets for income focused investors.

Against the benchmarks that prevailed at the end of 2013 the performance of the General Fund was 14.05% (benchmark: 14.08%) and the Art Purchase Fund was 13.59% (benchmark: 14.08%).

The running yield on the investment portfolio before investment management fees was 2.64% (2012: 2.65%).

Overall result

After accounting for realised and unrealised gains on investments and on the pension scheme obligations, the total increase in funds was £384,529 as compared to £676,538 in 2012. Of this, £829,293 (2012: £213,413 increase) related to a decrease in the General Fund and £1,213,822 (2012: £463,125) to an increase in the designated Art Purchases Fund.

Reserves policy

It is the policy of the Council to hold and maintain sufficient reserves at Chatsworth, to cover:

- Sustained periods of bad weather or emergencies that might affect visitor numbers (eg foot and mouth outbreak);
- Obligations under the charity's lease;
- Pension obligations to former employees;
- Commitment to maintain a living collection of art;
- An ongoing liability for repairs and maintenance.

Due to the uncertainty over the nature and magnitude of the future commitments of the charity, during 2014 the Council of Management has supported the creation of a fund raising office in order actively to solicit donations in support of the charity's objectives and meet its financial commitments.

The charity had total reserves at the year end of £25,290,114 (2012: £24,905,585). Free reserves as at 31 December 2013 amounted to: £7,894,682 (2012: £8,984,528). Free reserves comprise assets that are available for expenditure in furtherance of the overall objects of the charity and the figure therefore excludes the Art Purchase Fund and other unrestricted funds which are tied up in tangible fixed assets and heritage assets.

The Council of Management is satisfied that the charity's assets are available and adequate to fulfil its obligations.

CHATSWORTH HOUSE TRUST

Report of the Council of Management for the year ended 31 December 2013 (continued)

Financial review (continued)

Charitable donations

Charitable donations amounted to £25,000 during the year (£18,000 to the Red Socks Charitable Trust, £1,250 to Countryside Alliance, £1,000 to the British Softball Federation, £750 each to Game & Wildlife Conservation, Fire Service Benevolent, Victim Support Derby, Buxton Mountain Rescue and Derbyshire Cave Rescue, £500 each to Buckenham House Group RDA and RNLI). (Donations for 2012 were £25,000).

Employees

As stated in note 21 to the accounts, staff are jointly employed by the charity and the Trustees of the Chatsworth Settlement. During the year the average number of staff involved was 138 (2012: 138). There was one staff member earning more than £60,000 per year, falling into the £60,000-£70,000 band (2012: one member falling into the band £60,000-£70,000). Pension contributions for this staff member amounted to £7,851 (2012: £nil).

The charity's policies for recruitment, training, career development and promotion of employees are based on the role and capability of the individual and give those who are disabled equal treatment with the able bodied. In addition, the charity does not discriminate against employees or potential employees on the basis of race, colour, nationality, ethnic or national origin, religion, political beliefs, sex or marital status. Where appropriate, employees disabled after joining the charity are given suitable training for continuing employment with the charity or elsewhere.

Plans for the Future

The Council will continue to maintain and preserve Chatsworth for the benefit of the public. This will include respecting Chatsworth's legacy as a place of evolution and for being contemporary in its time. Enhancing and extending the visitor experience will remain central to protecting the financial health of the organisation and thus enable it to deal with the challenges and potential risks ahead. Particular challenges the Council are considering include; ambitious plans to extend Chatsworth's renovation programme and improving the capability of Chatsworth's lakes to cope with extreme rainfall.

Risk Management

The Council of Management has reviewed the major risks to which the charity is exposed, in particular those related to the operations and finances of the charity and the protection of Chatsworth House against major damage or loss to its structure or fabric.

The Council desires to achieve and maintain appropriate corporate governance and, acknowledging its ultimate responsibility for the operation of the charity and safeguarding the assets in its ownership, has appointed senior management (as detailed above) to manage the systems that are in place to identify and mitigate the exposure to the major strategic, business and operational risks.

Financial Risk

The charity is also exposed to price or liquidity risk through changes in interest rates and to the credit risk of the securities it holds. The Council have appointed qualified investment managers to manage this risk.

The trustees are approving both the Annual Report and the Strategic Report in their capacity as company directors.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CHATSWORTH HOUSE TRUST

We have audited the financial statements of Chatsworth House Trust for the year ended 31 December 2013 set out on pages 12 to 27. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the charitable company's members and the trustees, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members and trustees those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company, the charitable company's members and trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of trustees and auditors

As explained more fully in the Statement of Council Members' Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

We have been appointed as auditors under the Companies Act 2006 and report in accordance with that Act. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the charitable company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the trustees; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Report of the Council Management to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 December 2013 and of the incoming resources and application of resources, including its income and expenditure and cash flow, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other requirement of the Companies Act 2006

In our opinion the information given in the Strategic Report and the Report of the Council of Management for the financial year for which the financial statements are prepared is consistent with the financial statements.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CHATSWORTH HOUSE TRUST

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- the charitable company has not kept adequate and sufficient accounting records, or returns adequate for our audit have not been received from branches not visited by us; or
- the charitable company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

CHATSWORTH HOUSE TRUST

Accounting Policies for the year ended 31 December 2013

Basis of Accounting

The financial statements are prepared on the going concern basis, under the historical cost convention, modified by the revaluation of investments. The financial statements have been prepared in accordance with the Statement of Recommended Practice – Accounting and Reporting by Charities (SORP 2005) issued in March 2005, applicable United Kingdom Accounting Standards and the Companies Act 2006. The principal accounting policies adopted in the preparation of the financial statements are set out below.

The financial statements present information about the company as an individual undertaking and not about its group. The company has claimed the exemption available under section 405(2) of the Companies Act 2006 and has not consolidated its sole subsidiary undertaking, The Chatsworth Estates Company, in these financial statements as the directors consider that the amounts involved are not material for the purposes of giving a true and fair view.

Tangible Fixed Assets

All tangible fixed assets are for the company's use and are stated at cost to the company, or where gifted at probate value, less accumulated depreciation in accordance with the policies noted below.

Cost includes the original purchase price of the asset and the costs attributable to bringing the asset to its working condition for its intended use.

Depreciation of equipment and vehicles is calculated on the straight line basis at annual rates estimated to write off assets over expected useful lives varying from three to ten years with the exception of turbines and boilers which are given an expected life of fifteen years. The minimum level at which assets are capitalised is £250.

The House and leasehold property are maintained in such a condition that the fabric and ambience of the House and park are not impaired by the passage of time. Expenditure on maintaining the House and park is written off as incurred. Additions to leasehold property are capitalised and written off over their expected useful lives, or the period of the lease if shorter. The expenditure on the Stables restaurant, bar and meeting room is being written off over twenty-five years, and expenditure on the farmyard buildings and adventure playground over ten years.

Growing timber granted to the Council of Management is not valued in the accounts as the timber will revert to The Trustees of the Chatsworth Settlement at the end of the lease.

Heritage Assets

In 2011, the company adopted FRS30 which requires separate identification and disclosure of Heritage Assets.

In its own right the company owns a collection of paintings, ceramics and sculptures previously identified as Arts & Treasures. These items are included in the accounts at their historical cost and are not depreciated as they are deemed to have indefinite lives. To date, no impairments have occurred of capitalised items. Revaluations are not performed as the Council of Management do not consider that reliable information can be obtained due to the diverse nature of the assets and the lack of comparable market values. At the balance sheet date the book value of these items was £5,474,773 (2012: £4,996,797).

The company also owns historical archives that have been donated to it. The archives are held at £nil value on the basis that they are rarely used for public display and that it would be extremely difficult to place a meaningful value upon them.

In addition to the above there are items not belonging to the company but displayed in areas open to the public within Chatsworth House and Gardens. These items are included in the lease assigned to the company on 10 April 1981 (see note 21) and represent the essential contents of Chatsworth House. The company does not therefore recognise these assets on its Balance Sheet. Under the terms of the lease and subject to the agreement of the Council of Management, chattels can be removed from public display if they are replaced by an item or items that are deemed to be of equal value, public interest or heritage importance.

CHATSWORTH HOUSE TRUST

Accounting Policies for the year ended 31 December 2013 (continued)

Investments

Investments are stated in the balance sheet at mid market value and include cash balances held by the investment managers. Unrealised losses and gains on investments are taken to the revaluation reserve.

Investments denominated in foreign currencies are converted into sterling at the exchange rate prevailing at the year end.

Investment Properties

Investment properties are stated at open market value. A formal revaluation is carried out every five years by an independent valuer and property valuations are assessed annually by the Council of Management.

The aggregate surplus or deficit on revaluation is transferred to a revaluation reserve. No depreciation or amortisation is provided in respect of freehold investment property.

Although this accounting policy is in accordance with the applicable accounting standard, SSAP 19, Accounting for investment properties, it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the Council compliance with the standard is necessary for the financial statements to give a true and fair view. Furthermore, the amount of any depreciation would be immaterial. Depreciation or amortisation is only one of many factors reflected in the annual valuation and the amount of this which might otherwise have been charged cannot be separately identified or quantified.

Foreign Exchange

Foreign currency transactions during the year have been translated at rates approximating to the rates prevailing at the date of the transaction. Foreign currency current assets and liabilities are translated to sterling at the rates of exchange prevailing at the end of the financial year. Any exchange profits or losses are credited or charged to net income in the year in which they arise.

Stocks

Stocks are stated at the lower of cost and estimated net realisable value. The cost of stock is determined on a FIFO basis. 100% provision at cost has been made for items over 1 year old.

Provisions

A provision is recognised in the balance sheet when the company has a legal or constructive obligation as result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

Donations and Gifts

Donations and gifts comprise the fair value of amounts receivable during the year.

Revenue Recognition

Grants receivable comprise amounts receivable during the year. Capital grants are recognised in full in the year of receipt, as required by the Charity Commission.

Income from UK equity investments is accounted for when it falls due; income from fixed interest securities and foreign investments is accounted for when it is received.

Other revenue is recognised on an accruals basis and represents net amounts, invoiced to third parties, excluding value added tax.

CHATSWORTH HOUSE TRUST

Accounting Policies for the year ended 31 December 2013 (continued)

Allocation of Costs

All expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category:

- Charitable expenditure comprises the costs of maintaining and preserving the House and its associated land together with costs associated with opening it to the public.
- Governance costs include those incurred in the governance of the charity and its assets and are primarily associated with constitutional and statutory requirements.
- Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, eg allocating staff costs by the time spent and other costs by their usage.

Transfers between funds

The General Fund is an unrestricted fund which is available for the use at the discretion of the Council in furtherance of the general objectives of the company and which has not been designated for other purposes.

The Art Purchase Fund is an unrestricted fund that has been set aside by the Council for the purposes set out in note 19.

Investment income, gains and losses are allocated to the appropriate fund.

Irrecoverable VAT

All resources expended are classified under activity headings that aggregate all costs related to the category. Irrecoverable VAT is charged against the category of resources expended for which it was incurred.

Pension Liabilities

There has been a liability to provide pensions since 12 April 1981, for eligible employees of the Trustees of the Chatsworth Settlement on secondment to the company. This liability remains unfunded, and is met as it falls due. The unfunded scheme has been closed to new entrants and a new money purchase pension scheme has been established for employees joining on or after 1 September 1999.

The liability in respect of the unfunded pension scheme has been recognised on the balance sheet.

Capital Commitments

At the 31st December 2013 phases 1, 2 and 3b of the Master Plan were complete and phase 3a was in progress. The members of the Council of Management are committed to the completion of phase 3a and further expenditure to complete this phase during 2014 is expected to be £1.5m. The Council of Management anticipate that further commitments will be entered into during 2014 for phase 4 of the Master Plan which will be undertaken during 2015 and 2016 for an anticipated additional expenditure of £7.2m.

CHATSWORTH HOUSE TRUST

Notes to the financial statements for the year ended 31 December 2013

1 Legal status of the Company

The company is a charitable company limited by guarantee and has no share capital. The liability of each member in the event of winding up is limited to £5,000.

The company is limited by guarantee. Each member has undertaken to contribute to the assets of the company, in the event of its being wound up while he is a member, or within one year after he ceases to be a member, an amount not exceeding £5,000. At 31 December 2013 there were seven (2012: seven) members.

Preservation and Management

The company employs its own Collections Department which is responsible for the ongoing restoration and maintenance of the collection at Chatsworth. The collections team consists of fourteen full-time and five part-time staff and comprises a Head of Arts and Historic Collections who has overall responsibility as well as his team of curators, archivists, librarians and a textiles team.

The team utilises a sophisticated collections management system which is used to maintain the nature, location and provenance of all items in the collection.

The company incurs as an expense all the costs associated with its own heritage assets as well as those assets which are the subject of the lease. In 2013 £60,108 was expended on restoration and maintenance of the collection (2012: £53,321).
