DIRECTORS' RESPONSIBILITIES STATEMENT

United Kingdom company law requires the Directors to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Company as at the end of the financial year and of its profit or loss for that year. In preparing those financial statements, the Directors are required to:

- Select suitable accounting policies and then apply them consistently;
- · Make judgements and estimates that are reasonable and prudent;
- · State whether applicable United Kingdom accounting standards have been followed; and
- Prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Directors are responsible for keeping proper accounting records which disclose with reasonable accuracy at any one time the financial position of the Company and to enable them to ensure that the financial statements comply with the Companies Act 1985. They are also responsible for the system of internal control, for safeguarding the assets of the Company and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITORS' REPORT TO THE MEMBERS OF CORNHILL PUBLICATIONS LIMITED

We have audited the financial statements of Cornhill Publications Limited for the year ended 31 March 2004, which comprise the profit and loss account, the statement of retained earnings, the balance sheet, and the related notes 1 to 19. These financial statements have been prepared under the accounting policies set out therein.

This report is made solely to the Company's members, as a body, in accordance with section 235 of the Companies Act 1985. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and auditors

As described in the statement of Directors' responsibilities, the Company's Directors are responsible for the preparation of the financial statements in accordance with applicable United Kingdom law and accounting standards. Our responsibility is to audit the financial statements in accordance with relevant United Kingdom legal and regulatory requirements and auditing standards.

We report to you our opinion as to whether the financial statements give a true and fair view and are properly prepared in accordance with the Companies Act 1985. We also report if, in our opinion, the Directors' report is not consistent with the financial statements, if the Company has not kept proper accounting records, if we have not received all the information and explanations we require for our audit, or if information specified by law regarding Directors' remuneration and transactions with the Company is not disclosed.

We read the Directors' report for the above year and consider the implications for our report if we become aware of any apparent misstatements.

Basis of audit opinion

We conducted our audit in accordance with United Kingdom auditing standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the financial statements. It also includes an assessment of the significant estimates and judgements made by the Directors in the preparation of the financial statements and of whether the accounting policies are appropriate to the Company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion, we also evaluated the overall adequacy of the presentation of information in the financial statements.

NOTES TO THE ACCOUNTS for the year ended 31 March 2004

1 Accounting policies

Accounting convention

The accounts are prepared under the historical cost convention and are in accordance with applicable United Kingdom law and accounting standards and have been applied consistently in the current and preceding year.

Turnover

Turnover, which excludes value added tax, comprises amounts invoiced for services performed or advertisements placed in books published by the Company during the year. Books are treated as published when the Company has completed those tasks for which it is directly responsible, under its contractual arrangements.

Tangible fixed assets

Tangible fixed assets are stated at cost, net of depreciation and any provision for impairment. Depreciation is provided to write off the cost or valuation, less the estimated residual value, on all tangible fixed assets over their expected useful lives. The principal rates used for this purpose are as follows:

Fixtures, fittings and equipment

- 20% per annum on a straight-line basis

Short Leasehold premises

- Over the term of the lease

Work in progress

Costs incurred on books unpublished at the year end, including attributable overheads, are treated as work-in-progress which is valued at the lower of cost and net realisable value.

Leasing commitments

Where assets are financed by leasing agreements that give rights approximating to ownership ('finance leases'), the assets are treated as if they had been purchased outright. The amount capitalised is the present value of the lease payments during the lease term. The corresponding lease commitments are shown as amounts payable to the lessor. Depreciation of the relevant asset is charged to the profit and loss account.

Lease payments are split between capital and interest, on a straight-line basis, evenly over the period of the lease. The interest is charged to the profit and loss account.

Rentals paid under operating leases are charged on a straight-line basis over the lease term.

NOTES TO THE ACCOUNTS – CONTINUED for the year ended 31 March 2004

1 Accounting policies (continued)

Foreign currencies

Transactions denominated in foreign currencies are translated into the functional currency at the rates ruling at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are re-translated at the rates ruling at that date.

All exchange differences arising are included in the profit and loss account.

Taxation

The Company is party to a Group Payment Arrangement with the Inland Revenue under which all tax liabilities are met by SPG. Accordingly, any liabilities for corporation tax form part of amounts due to/from balances with the ultimate parent company. No charge is made for losses claimed or surrendered under group relief provisions.

Deferred taxation is provided in full on timing differences that result in an obligation at the balance sheet date to pay more tax, or a right to pay less tax, at a future date, at rates expected to apply when they crystallise based on current tax rates and law. Timing differences arise from the inclusion of items of income and expenditure in taxation computations in periods different from those in which they are included in financial statements. Deferred tax assets are recognised to the extent that it is regarded, as more likely than not that they will be recovered. Deferred tax is measured on a non-discounted basis.

Pension schemes

The Company's pension contributions to pension schemes for its employees, all of which are defined contribution schemes, are charged against profit in the year in which they fall due.
