# Strategic Report for the Year Ended 31 December 2018

The directors present their strategic report for the year ended 31 December 2018.

### **REVIEW OF BUSINESS**

During the year the company was an investment holding company in the Deutsche Post DHL Group.

In the opinion of the directors the annexed financial statements give a fair review of the development of the business during the year and of its position at the end of the year.

	2018 £'000	2017 £'000
Profit/(loss) for the financial year	78,811	(172)

During the year the company received dividend income of £80,000,000 from investments in group undertakings. The loss in the prior year relates to interest expense.

Given the straightforward nature of the business, the directors consider that a discussion of the main business risks and analysis using key performance indicators is not necessary for an understanding of the development, performance or position of the business.

The directors are satisfied with the position of the company at the year end and continue to monitor performance.

### 1. GENERAL INFORMATION AND STATEMENT OF COMPLIANCE

#### **General information**

Exel Investments Limited is a private company limited by shares and is incorporated and domiciled in England. The address of its registered office is Ocean House, The Ring, Bracknell, Berkshire, RG12 1AN.

### Statement of compliance

These financial statements have been prepared in compliance with United Kingdom Accounting Standards, including Financial Reporting Standard 102, "The Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland" ("FRS 102") and in accordance with the Companies Act 2006.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### Basis of preparing the financial statements

The company has received a letter of support from Exel Limited, a fellow group undertaking and, therefore, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, these financial statements have been prepared on the going concern basis and under the historical cost convention and in accordance with the Companies Act 2006 and applicable UK accounting standards.

The principal accounting policies adopted by the company are set out below and are consistent with those of the previous year.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 3.

The company is a wholly-owned subsidiary of Deutsche Post AG, a company incorporated in Germany, and is included in the consolidated financial statements of Deutsche Post AG which are publicly available. Consequently, the company has taken advantage of the exemption from preparing consolidated financial statements under the terms of Section 400 of the Companies Act 2006. These financial statements are company's separate financial statements.

### Financial Reporting Standard 102 - reduced disclosure exemptions

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" Section 1.12:

- the requirements of Section 7 statement of Cash Flows and paragraph 3.17(d) of FRS 102
- the requirements of Section 4.12(a)(iv) Statement of Financial Position FRS 102 paragraph for
  providing a reconciliation of the number of shares outstanding at the beginning and end of the
  period
- the requirements of Section 33.7 regarding the disclosure of key management personnel compensation in total
- the requirements of Section 11 paragraphs 11.39 to 11.48A regarding the disclosure of financial instruments

The company has also taken advantage of the exemption granted under Section 33.1A of FRS 102 from the disclosure of related party transactions with other wholly owned members of the group.

Notes to the Financial Statements - continued for the Year Ended 31 December 2018

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### **Taxation**

### (i) Current tax

Current tax is the amount of income tax payable in respect of the taxable profit for the year or prior years. Tax is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the year end.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

### (ii) Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that resulted in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements.

Deferred tax is measured at the tax rates that are expected to apply in the years in which the timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

The company has entered into an agreement regarding UK corporation tax payments and refunds with Exel Limited, a fellow group undertaking. Under the terms of this agreement, Exel Limited has undertaken to discharge the current and future UK corporation tax liabilities on behalf of, and benefit from any tax recoverable due to, the company. The company recognises its UK corporation tax and deferred tax liabilities, but as such liabilities are indemnified by Exel Limited, an indemnification asset for the amount due from Exel Limited is also recognised in the balance sheet until the amount is settled on the company's behalf. The net tax charge on the profit or loss on ordinary activities that has been indemnified by Exel Limited is netted against the indemnification amount due from Exel Limited in the statement of comprehensive income.

As a result of the above agreement with Exel Limited, the company will not benefit from the reversal of deferred tax assets and consequently these are not recognised in the financial statements.

### Foreign currencies

The company's functional and presentation currency is the pound sterling.

### Dividend income

Dividend income is recognised when the right to receive payment is established.

### Fixed asset investments

Fixed asset investments are included in the balance sheet at cost less provision for any impairment in value. Investment carrying values are reviewed for impairment at the balance sheet date and when there has been an indication of potential impairment.

### Amounts owed by group undertakings

As a part of its normal activity, the company provides loan financing to members of the group. The loans are advanced on commercial terms, taking into account the borrower's status and financial position. The company periodically assesses the ability of the borrower to repay the loans, and provisions are made where necessary and recognised in other operating charges. If the borrower's financial position subsequently improves or the loan is repaid then any excess provision is released and recognised in other operating income. The loans are repayable on demand and for the purposes of FRS 102 are regarded as basic financial instruments.

# Notes to the Financial Statements - continued for the Year Ended 31 December 2018

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

### Contingencies

Contingent liabilities arise as a result of past events when

- (i) it is not probable that there will be an outflow of resources or that the amount cannot be reliably measured at the reporting date or
- (ii) when the existence will be confirmed by the occurrence or non-occurrence of uncertain future events not wholly within the company's control.

Contingent liabilities are disclosed in the financial statements unless the probability of an outflow of resources is remote.

Contingent assets are disclosed in the financial statements when an inflow of economic benefits is probable.

### 3. CRITICAL ACCOUNTING JUDGEMENTS AND ESTIMATION UNCERTAINTY

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

### Impairment of debtors

The company makes an estimate of the recoverable value of amounts receivable from group undertakings by performing an annual impairment review based on the net assets of those group companies. See note 11 for the net carrying amount of the debtors and the associated impairment provision.

### Impairment of investments

The company holds investments in fellow group undertakings which are reviewed for impairment on a regular basis. The carrying value of the investments is compared to the net asset value and an impairment recognised in the statement of comprehensive income where appropriate. See note 10 for the net carrying amount of the investments and the associated impairment provision.

### 4. STAFF COSTS

There were no staff costs for the year ended 31 December 2018 nor for the year ended 31 December 2017.

The company had no employees (2017: none).

Key management personnel include the directors of fellow group undertakings within the UK and Germany. The key management personnel receive no payment from the company with regard to these services.

There is no audit fee for 2018 (2017: £nil) as the company has taken advantage of the exemption from audit granted under Section 479A of the Companies Act 2006.
