**STRATEGIC REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2014**

---

The directors present their strategic report for the year ended 31 December 2014.

The principal activity of the company was that of operator of Southwell Racecourse and Golf Course in Nottinghamshire.

**REVIEW OF BUSINESS**

The Directors consider the performance of the company to be satisfactory in the current economic climate.

The course returned to a full fixture list in 2014 following the flooding in late 2012, early 2013.

The racecourse enjoyed a record attendance of over 8,000 for its Family Fun Day in July.

Strong performance in the catering and hospitality arm of the business has enabled further growth in the non raceday business, thus improving the overall utilisation of the racecourse.

**PRINCIPAL RISKS AND UNCERTAINTIES**

The company operates in the sporting and leisure sector within the UK and as such faces the same risks as other similar businesses, primarily economic welfare, the availability of disposable income and competing interests for the leisure pound.

In addition, as with any business that is conducted outdoors in the UK, a further risk is that of weather related abandonments. It is impossible to mitigate this risk but the company does allow for a certain number of abandonments when completing its business plans.

The main risks arising from the company's financial instruments are interest rate risk, liquidity risk and credit risk. The financial risk management objectives and policies for each of these risks are described in more detail below.

**Interest rate risk**

Given the current low interest rate economic climate, hedging for interest risk is not deemed necessary, although the position is kept under regular review by the Board.

**Liquidity risk**

Liquidity risk is managed centrally. The current loan facilities have been agreed at appropriate levels given the Group's forecasted operating cash flows, loan repayments, expected future capital expenditure and trading income over the course of the foreseeable future.

**Credit risk**

Due to the nature of the company's income streams, the exposure to credit risk is considered minimal. One of the main sources of income is received from the HBLB and media income from the transmission of pictures through the SIS contract. Other third party income is derived from customers on race days and this is either paid in advance of the event or paid on the day. Of the income received by the company that is subject to credit risk, there are established credit procedures and collection policies in place which are reviewed and monitored centrally.

**ON BEHALF OF THE BOARD:**

P C O'Driscoll - Director

**GOING CONCERN**

Having reviewed the company's financial forecasts and expected future cash flows, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the going concern basis has been adopted in preparing the financial statements for the year ended 31 December 2014.

**STATEMENT OF DIRECTORS' RESPONSIBILITIES**

The directors are responsible for preparing the Report of the Directors and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

**STATEMENT AS TO DISCLOSURE OF INFORMATION TO AUDITORS**

So far as the directors are aware, there is no relevant audit information (as defined by Section 418 of the Companies Act 2006) of which the company's auditors are unaware, and each director has taken all the steps that he ought to have taken as a director in order to make himself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

FOR THE YEAR ENDED 31 DECEMBER 2014**

**AUDITORS**

Pursuant to section 487(2) of the Companies Act 2006, the auditors, Gerald Edelman, will be deemed to be reappointed and will therefore continue in office.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2014**

---

**1. ACCOUNTING POLICIES**

**Basis of preparing the financial statements**

The Directors have drawn up the financial statements on a going concern basis, notwithstanding the net current liabilities of the Company.

The Directors consider it appropriate to draw up the financial statements on a going concern basis as they have received assurance from Aldersgate Investments Limited, an intermediate parent undertaking within the Landal Worldwide Corp. group, that it will continue to make sufficient funds available to enable the Company to meet its obligations as they fall due for the foreseeable future, and at least 12 months from the date of approval of these financial statements. Accordingly, they continue to adopt the going concern basis of accounting in preparing the financial statements.

**Accounting convention**

The financial statements have been prepared under the historical cost convention. The financial statements are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

**Cash flow statement**

Exemption has been taken under Financial Reporting Standard No 1 (revised 1996) from preparing a cash flow statement on the grounds that the company is a subsidiary undertaking where 90 per cent or more of the voting rights are controlled within the group.

**Turnover**

Turnover principally relates to income derived directly from the holding of horse race meetings, including industry related funding from the HBLB, and the non-raceday use of the Racecourse facilities. Income is also derived from the operation of a golf course.

Income is recognised once a race meeting or non-raceday event has been held or upon use of the golf course. This includes admissions revenue, other racing income and catering income. In certain circumstances income is taken over the life of the agreement to which it relates, such as rental income and annual memberships.

**Media rights**

Income received in respect of media rights over the broadcasts from the Group's racecourses is recognised within revenue in the period in which the relevant race meetings are held.

**HBLB Revenue**

The HBLB provides revenue to racecourses to support the holding of race meetings. For taxation purposes, this revenue can be waived by racecourses, with HBLB approval, and transferred to 'capital credits', which is a tax-efficient scheme operated by the HBLB. These capital credits may be claimed by racecourses against expenditure on HBLB-approved capital projects and as a result, are not assessable to tax. It is the Company's policy that, as they are derived from and are dependent upon trading activities, capital credit receipts are recognised within revenue when the race meetings to which they relate are held. A corresponding receivable is recognised until the cash is received.

**Tangible fixed assets**

Depreciation is provided at the following annual rates in order to write off the cost less estimated residual value of each asset over its estimated useful life.

Freehold land and buildings	- 2% on cost
Plant and equipment	- 5% to 25% on cost
Motor vehicles	- 25% on cost

**NOTES TO THE FINANCIAL STATEMENTS - continued  
FOR THE YEAR ENDED 31 DECEMBER 2014**

**1. ACCOUNTING POLICIES - continued**

**Stocks**

The closing stock is stated in accordance with Statement of Standard Accounting Practice Number 9 at lower of cost and net realisable value. The cost includes all expenditure which has been incurred in bringing the stock to its present location and condition. Stock is valued using the first in first out method.

**Deferred tax**

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.

**Leasing commitments**

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.

**Pension costs**

The company operates a defined contribution pension scheme. Contributions payable to the company's pension scheme are charged to the profit and loss account in the period to which they relate.

**Finance costs**

Finance costs are charged to profit and loss over the term of the debt so that the amount charged is at a constant rate on the carrying amount. Finance costs include issue costs, which are initially recognised as a reduction in the proceeds of the associated capital instrument.

**2. TURNOVER**

The total turnover of the company for the year has been derived from its principal activity wholly undertaken in the United Kingdom.
