CHAIRMAN'S STATEMENT

For the year ended 30 June 2015

On Behalf of the board of directors of the WPBSA, I have pleasure in presenting to you the financial statements for the year ended 30 June 2015.

The World Snooker Main Tour has grown substantially in the past 5 years since the commercial rights once held by the WPBSA were divested. The Tour has delivered strong prize money growth year on year and this growth has been consolidated in the 2014/15 season with prize money of £8.12m (2013/14: £8.35m) again exceeding the £8m mark.

The World Snooker Main Tour has grown not only the prize money for WPBSA members, but also the gross income of the WPBSA (Turnover plus Other Operating Income plus Dividends) reached £978,477 (2013/14: £869,155), growth of 13% during the year.

Of this gross income, £716,937 (2013/14: £608,605) was generated directly from World Snooker Limited, further evidencing the value in our new commercial arrangements.

With this additional income, the WPBSA have continued to strengthen the financial position of the company. Following the sport's re-structure at the end of 2010, WPBSA reserves stood at little over £730k, they now stand over twice that amount at just over £1.5m (2013/14: £1.4m).

The board have remained committed to reinvesting money generated back in to the sport, including direct benefits to WPBSA playing members. The key areas identified by the board for reinvestment are sports development/globalisation, integrity/strong governance and member benefits.

Sports Development/Globalisation: The board has invested a further £102k into coaching and development (2013/14: £45k), growing the sport by engaging with the next generation. The board firmly believe that increasing the presence of the sport globally in schools and grass roots programmes will continue to inspire players and new fans, key for our long term survival in a tough and competitive sporting environment. The board will continue to invest in the development of the hugely successful 'Cue Zone into Schools programme' that was launched in its full form at the 2014 World Championships. In the year the scheme was delivered to a further 16 schools in the Sheffield area and the WPBSA have set about growing the scheme further still with 32 schools in the Sheffield area signed up for the 2015/16 scheme. This area is having a direct impact on the cities who look to host World Snooker events, further cementing our sports future.

Integrity/Governance: The need to demonstrate strong governance in sport has never been greater as governing bodies face more and more public scrutiny. The WPBSA board remain committed to continuing this work in order to demonstrate the sport is clean and that the viewing public, sponsors and broadcasters can have confidence in the integrity of every match that is played.

Player Benefits: Whilst it is hugely important to inspire the next generation of players and to maintain the image and integrity of our sport, the board remain fully aware of the importance of delivering to the current membership. This year has been no different. The board have invested £255,000 (2013/14: £275,250) direct to prize money.

As well as direct funding of benefits for members, the board have continued to help players manage their cash flows which are stretched by the payment policy for prize money from overseas events. The board last year introduced two direct policies, 1) to underwrite the player flight purchasing facility enabling players to source long haul flights and deduct the associated cost from their prize money and, 2) to provide an advance on prize money to help players negotiate the period between competition and the payment of their prize money. These measures have been continued in the year and the plan is for the measures to remain in place for the foreseeable future.

The World Professional Billiards and Snooker Association Limited Company Limited by Guarantee

CHAIRMAN'S STATEMENT

For the year ended 30 June 2015

Despite these investments, The WPBSA has reported strong profits and further increases in the reserves of the Association. It is vital that the Association's reserves remain robust, this allows us as a governing body to build on our recent successes and further expand our sport whilst at the same time protect your interests as our Member's. Members' funds now sit at a healthy £1.5m (2013/14: £1.4m) which includes strong cash reserves.

The WPBSA board is confident that the company is well placed for the future and I look forward to further representing your interests.

NOTES TO THE FINANCIAL STATEMENTS

for the year ended 30 June 2015

1 ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements.

BASIS OF ACCOUNTING

The financial statements have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Under FRS 1, the company is exempt from the requirement to prepare a cash flow statement on the grounds of its size.

CONSOLIDATION

In the opinion of the directors, the company and its subsidiary undertakings comprise a small group. The company has therefore taken advantage of the exemption provided by Section 398 of the Companies Act 2006 not to prepare group accounts. The financial statements present the results of the parent company only and do not show the results of the group.

GOING CONCERN

The directors have considered the factors that impact the company's future development, performance, cash flows and financial position along with the company's current liquidity in forming their opinion on the going concern basis.

The company is expected to continue to generate positive cash flows for the foreseeable future. On the basis of the directors' assessment of the financial position, the directors have a reasonable expectation that the company will be able to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing the annual financial statements.

TURNOVER

Turnover represents amounts receivable for services net of VAT and trade discounts. Licence fee income is recognised in the season to which it relates.

FIXED ASSETS & DEPRECIATION

All fixed assets are initially recorded at cost.

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Fixtures, fittings and equipment	- 10% straight line per annum
----------------------------------	-------------------------------

INVESTMENTS

Fixed asset investments are stated at cost less provision for diminution in value.

FOREIGN CURRENCIES

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Exchange differences are taken into account in arriving at the operating profit.
