DIRECTORS' REPORT

FOR THE YEAR ENDED 31ST DECEMBER 2012

The directors present their annual report and audited financial statements of Knights Property Company Limited ("the Company") for the year ended 31st December 2012

PRINCIPAL ACTIVITIES

Up until 2009 the principal activity of the Company was the owning of land and buildings that were let primarily to other members of National Farmers Union Mutual Insurance Society ("the Group") The Company sold all of the land and buildings it owned in that year From that point on the principal activity has been that of holding cash on deposit and the receipt of interest thereon

REVIEW OF BUSINESS AND FUTURE DEVELOPMENTS

The Profit and Loss Account for the year is set out on page 6

During the course of 2009 the properties held within the Company were sold to the parent company, resulting in the income and expenditure on these properties being classified as discontinued operations

Total profit before tax for the year was £48,474 (2011 Profit before tax of £54,360)

Given the straightforward nature of the accounts and the fact that the majority of income and expenditure is between Group companies, the Directors are of the opinion that an analysis using key performance indicators is not necessary

The directors do not expect any further changes to the Company for the immediate future

DIVIDENDS AND TRANSFERS TO RESERVES

The directors do not recommend the payment of a dividend (2011 £nil)

The profit for the financial year of £36,598 (2011) profit for the financial year of £47,696) will be transferred to reserves

FINANCIAL INSTRUMENTS

The Company is exposed to financial risk through its financial assets and financial liabilities. In particular, the key risks relate to cashflow risk and interest rate risk

Cashflow Risk

The risk is that current assets are insufficient to meet obligations to third party creditors. This position is managed by ensuring that sufficient money can be called of short-term deposit to cover the projected cashflows when they fall due

Interest Rate Risk

There is a risk that interest rates may fall resulting in reduced income from deposits. The directors do not consider this risk to be material

DIRECTORS' REPORT

FOR THE YEAR ENDED 31ST DECEMBER 2012

GOING CONCERN

After making enquiries, the directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. For this reason they continue to adopt the going concern basis in preparing the financial statements.

DIRECTORS

The directors during the year and up to the date of signing the accounts were as follows

K Arif, B Soc Sc (Hons), F I A R M Topps, BSc (Hons) MRICS
