Basis of preparation

These financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 – The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland ('FRS 102'), and with the Companies Act 2006.

The directors have received confirmation that Turnstone Equityco 1 Limited intend to support the company for at least one year after these financial statements are signed, and therefore the going concern of the company is dependent on the going concern of the parent company. 2. Accounting policies (continued)

Financial instruments

Basic financial assets and liabilities, including amounts owed by group undertakings, borrowings and cash and bank balances, in accordance with section 11 and 12 of FRS102 are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the income statement. If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the income statement.

3. Significant accounting judgements and estimates

In preparing the financial statements, the directors are required to make significant judgements and estimates. The principal areas of the financial statements where judgements and estimates have been made are:

Carrying value of financial assets and liabilities

At the end of each reporting period, the directors assess the carrying value of financial assets for objective evidence of impairment. In addition, where financial assets or liabilities constitute a financing arrangement, the value of the asset or liability is measured by reference to the present value of the estimated future cash flows. Both of these estimates require the future cash flows arising from the financial assets or liabilities to be estimated and an appropriate discount rate to be selected.

4. Directors and employees

The directors received no emoluments from the company for their services during the financial year (2020: £nil). The directors are paid by Petrie Tucker and Partners Limited and no recharge is made to this company. The emoluments received as a director of a group trading company are disclosed in the financial statements of Petrie Tucker and Partners Limited for R Storah and N Whitley, and in the financial statements of Turnstone Equityco 1 Limited for T Riall and NK Pandya.

The company has no other employees (2020: none).
