Notes to the financial statements for the year ended 31 March 2013

1. PRINCIPAL ACCOUNTING POLICIES

a) Basis of preparation

The financial statements have been prepared in accordance with IFRS adopted by the EU, IFRIC interpretations and with those parts of the companies Act 2006 applicable to companies reporting under IFRS and therefore comply with Article 4 of the EU IAS Regulation. The financial statements have also been prepared under the historical cost convention, as modified to include the fair value of certain financial instruments in accordance with IFRS. The financial statements are prepared in pound sterling, which is the functional currency of the Company and presented in thousands.

During the year, the Company did not trade on its own account and therefore has not prepared an income or cash flow statement. The Company had no employees and annual filing fees were borne by a fellow subsidiary company of ICAP plc.

1 PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

b) Recent accounting developments

The following new standards and amendments to standards and interpretations have been issued, but are not effective for the financial year beginning 1 April 2012 and have not been early adopted

- IFRS9 'Financial instruments' addresses classification and measurement of financial assets, as the first phase of the replacement of IAS39 'Financial Instruments – recognition and measurement' and is effective for annual periods beginning after 1 January 2015, subject to EU endorsement. The impact on the Company's financial statements of the future adoption of the standard is still under review
- IFRS10 'Consolidated financial statements' requires a parent to present consolidated financial statements as those of a single economic entity, replacing the requirements previously contained in IAS27 'Consolidated and separate financial statements' and SIC-12 'Consolidation – special purpose entities'. The standard has been endorsed by the EU for annual periods beginning on or after 1 January 2014
- IFRS11 'Joint arrangements' replaces IAS31 'Interests in joint ventures' and requires a party to a joint arrangement to determine the type of joint arrangement in which it is involved by assessing its rights and obligations and then account for those rights and obligations in accordance with that type of joint arrangement. The standard has been endorsed by the EU for annual periods beginning on or after 1 January 2014
- IFRS12 'Disclosure of interests in other entities' requires the extensive disclosure of information that enables users of financial statements to evaluate the nature of, and risks associated with, interests in other entities and the effects of those interests on its financial position, financial performance and cash flows. The standard has been endorsed by the EU for annual periods beginning on or after 1 January 2014
- IFRS13 'Fair value measurement' replaces the guidance on fair value measurement in existing IFRS accounting literature with a single standard. The standard becomes effective for annual periods beginning on or after 1 January 2013
- IAS27 'Consolidated and separate financial statements' – reissued as IAS27 'Separate financial statements' (as amended in 2011). This standard is an amended version of IAS27 'Consolidated and separate financial statements' which now deals only with the requirements for separate financial statements which have been carried over largely unchanged from IAS27 'Consolidated and separate financial statements'. Requirements for consolidated financial statements are now contained in IFRS10 'Consolidated financial statements'. The standard has been endorsed by the EU for annual periods beginning on or after 1 January 2014
- IAS28 'Investments in associates and joint ventures (2011)' supersedes IAS28 'Investments in associates' and prescribes the accounting for investments in associates and sets out the requirements for the application of the equity method when accounting for investments in associates and joint ventures. The standard has been endorsed by the EU for annual periods beginning on or after 1 January 2014

The impact on the Company's financial statements of adopting IFRS10, IFRS11, IFRS12, IFRS13, IAS27 and IAS28 is currently under review. However the adoption of these standards is not expected to have a material impact. The impact of adopting IFRS9 is still to be determined.

c) Trade receivables

Trade receivables are recognised at fair value less provision for impairment

1. PRINCIPAL ACCOUNTING POLICIES (CONTINUED)

d) Share capital

Ordinary shares are classified as equity. Dividends are recognised as deductions from retained earnings in the period in which they are declared.

2. FINANCIAL RISK MANAGEMENT

Financial risk factors

The Company's activities expose it to a variety of financial risks, including liquidity, interest rate, currency and credit risk. The overall financial risk management framework, strategy and policies of the Company are determined by the board of its ultimate parent Company, ICAP plc. It does this through the Group Risk and Capital Committee, and also by regional and market risk committees. The Company does not manage its own financial risk framework.

Financial assets and liabilities

The Company's financial assets are classified as loans and receivables.

Market risk

Foreign exchange risk

The Company operates principally in the United Kingdom and therefore has no exposure to foreign exchange risk.

Interest rate risk

The Company's financial assets are non interest bearing.

Price Risk

The Company's activities do not expose it to price risk.

Credit risk

Credit risk arises from the potential that a counterparty is unable or unlikely to perform on an obligation resulting in a loss for the Company. All counterparties are subject to regular review and assessment by regional credit officers and credit limits are set and approved by the appropriate credit committee as overseen by the Group Risk and Capital Committee. Limits are set based on Group parameters determining the maximum loss any one Company (within the Group) can suffer as a result of counterparty default.

The Company has no significant concentrations of credit risk.

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and ensuring the availability of funding through an adequate amount of committed credit. This is important to ensure that the Company can meet all present and future financial obligations as they fall due and comply with regulatory requirements. The Group Risk and Capital Committee monitors free cash resources ensuring that all Companies within the Group maintain sufficient resources to finance their operations and that all investments comply with the Group Investment Policy. This dictates borrowing and investing limits based on an institution's credit rating and the nature of financial instruments that can be held.

The Company's exposure to liquidity risk is not significant.

2. FINANCIAL RISK MANAGEMENT (CONTINUED)

Fair value

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arms length transaction. The fair values of financial instruments are determined as per the Company's accounting policies.

As at 31 March 2013 there are no assets or liabilities whose carrying value was not a reasonable approximation of its fair value (2012: none).

3. KEY ACCOUNTING JUDGEMENTS AND SOURCES OF ESTIMATION UNCERTAINTY

The Company makes various judgements in applying its accounting policies and various assumptions and estimates, including about the future, when determining the carrying value of certain assets and liabilities.

As at 31 March 2013 there were no such judgements or assumptions that had a significant effect on the amounts recognised in the financial statements. None of these items give rise to a significant risk of causing material adjustment to the carrying amounts of assets and liabilities in the next financial year.

4. DIRECTORS' REMUNERATION

No fees were paid to the directors in respect of services to the Company during the year (2012: £nil).

During both the current and comparative years, the directors received no remuneration in respect of their services as directors of the Company.
