Prior to the publication of any notice of redemption pursuant to this paragraph, the Issuer shall deliver to the Trustee a certificate signed by two Directors of the Issuer stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, and an opinion of independent legal advisers of recognised standing to the effect that it has or will become impractical for the Issuer to obtain full recovery of such amounts withheld from payments on the Index Securities and the Trustee shall be entitled to accept the certificate as sufficient evidence of the satisfaction of the conditions

| | (b) Condition Precedent to the payment of the Final Redemption Amount: | The obligation of the Issuer to make payment of the Final Redemption Amount shall be conditional on there having been no Italy Default Event (as defined below) in existence prior to the date of such payment. In the event that an Italy Default Event has occurred the Issuer shall no longer be obliged to make payment of the Final Redemption Amount and no further amounts of Interest shall be payable on the Notes. Instead of the obligation to pay the Final Redemption Amount, the Issuer shall redeem the Notes at the Default Redemption Amount (as defined below) on the Early Termination Date (as defined below). |

For the purposes of this paragraph:

"Italy Default Event" means each of:

- (i) the failure by the Republic of Italy to make payment of any amount of principal or interest (other than any amounts withheld from payments due to taxes imposed generally in the Republic of Italy) on the

Index Securities or any other public debt obligation when due and such failure is not rectified on or before the fifth day following such principal or interest payment date (the "Delinquent Date"); or

(ii) the acceleration on any date of all or any of the Index Securities, by reason of a default by the Republic of Italy (the "Acceleration Date"); or

(iii) the issue of a statement by the Republic of Italy that it intends to defer or repudiate its obligations, domestic or foreign, for whatever reason, under or in respect of the Index Securities (the "Moratorium Date");

"Default Redemption Amount":

means such amount on a pro-rata basis for each Note, converted into U.S. dollars at the then current rate of exchange, as the Issuer, acting in good faith and in its sole and absolute discretion, shall be able to obtain in the market for the Index Securities within fifteen Business Days after the Italy Default Date (as defined below). If the Issuer is unable to obtain any amount for the Index Securities within such period, the Issuer and the Trustee shall agree such other course of conduct which may include delivery to each Noteholder of a pro-rata share of the Index Securities;

"Early Termination Date":

means the twentieth Business Day after the Italy Default Date; and

"Italy Default Date"

means the earliest of the Delinquent Date, the Acceleration Date and the Moratorium Date.

For the avoidance of doubt, if an Italy Default Event occurs, the right of a Noteholder to receive any

further Interest or to receive the Final Redemption Amount shall be extinguished and the only right a Noteholder shall have shall be to payment of the Default Redemption Amount. Subject to payment in full of the Default Redemption Amount, a Noteholder will have no claim on any other assets of the Issuer.

18. Early Redemption Amount for each Note payable on redemption for taxation reasons (in accordance with Condition 7(b)) or on an Event of Default (in accordance with Condition 10) and/or the method, if any, of calculating the same if required to be specified by or if different from that set out in Condition 7(e): 100 per cent. of their Nominal Amount.
19. Circumstances in which interests in the Permanent Global Note are exchangeable for definitive Notes: In the following limited circumstances: (1) if the Permanent Global Note is held on behalf of Euroclear or Cedel or any other clearing system and Euroclear or Cedel or any such other clearing system is closed for business for a continuous period of 14 days (other than by reason of holidays, statutory or otherwise) or announces an intention permanently to cease business or does in fact do so and no alternative clearing system acceptable to the Trustee is available, (2) if an Event of Default (as defined in Condition 10) occurs in relation to the Notes represented by the Permanent Global Note or (3) if the Issuer satisfies the Trustee that the Issuer would suffer a material disadvantage in respect of the Notes as a result of a change in the laws or regulations (taxation or otherwise) of any jurisdiction of the Issuer which would not be suffered were the Notes in definitive form, then the Issuer will promptly notify the Trustee of the relevant event and will, within 60 days of the occurrence of the relevant event in (1), (2) or (3), issue definitive Notes (in a form to be agreed between the Issuer and the

- Trustee) in exchange for the Notes represented by the Permanent Global Note.
20. Other relevant terms or special conditions and any modifications to terms and conditions:
- (a) The Issuer covenants that on the Issue Date it owns the Index Securities and that it will not dispose of the Index Securities prior to the earlier of the Italy Default Date and the Interest Payment Date falling in the Redemption Month.
 - (b) For the avoidance of doubt the Index Securities have not been secured for the benefit of the Noteholders. Following an Event of Default (as defined in Condition 10) the Noteholders will not have any specific claim to the Index Securities.
