- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The Director is responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and to enable him to ensure that the financial statements comply with the Companies Act 2006. The following principal accounting policies have been applied:

**1.3 Going concern**

The financial statements have been prepared on the going concern basis which the Director believes to be appropriate for the following reasons:

The directors have paid particular attention to the assessment of the continued going concern of the Company in light of the outbreak of COVID-19, and the impact of the pandemic on the global economy, and have come to the conclusion that there is a reasonable expectation that the Company will be able to continue in operational existence for the foreseeable future.

On the basis of their assessment the directors believe that it remains appropriate to prepare the financial statements on a going concern basis.

**2. Judgements in applying accounting policies and key sources of estimation uncertainty**

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Director has not made any judgements in the process of applying the accounting policies that have a significant effect on the amounts recognised in the financial statements other than already disclosed in the notes to the accounts or made any key assumptions concerning the future and any other key sources of estimation uncertainty at the reporting date, that have a significant risk of resulting in material adjustments to the carrying amounts of assets and liabilities within the next financial year.
