- For the year ending 30 June 2016 the company was entitled to exemption under section 477 of the Companies Act 2006 relating to small companies.
- The members have not required the company to obtain an audit in accordance with section 476 of the Companies Act 2006.
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts.
- These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

Approved by the Board on 30 March 2017

And signed on their behalf by:

John Taylor, Director

Notes to the Abbreviated Accounts for the period ended 30 June 2016**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover policy

Turnover represents invoiced sales less credit notes, excluding value added tax.

Tangible assets depreciation policy

Depreciation is provided to write off the cost less estimated residual values of all fixed assets over their expected useful lives. It is calculated on the original cost of the assets, on a straight line basis, at the following rates:

Fixtures, fittings & equipment 20%-25% per annum

Motor vehicles 25% per annum

Other accounting policies**Stocks**

Stocks are valued at the lower of cost and net realisable value. Cost is based on the cost of purchase on an average basis. Net realisable value is based on estimated selling price less further costs to completion and disposal.

Hire Purchase and Leasing Commitments

Where assets are financed by hire purchase or leasing agreements that give rights approximating to ownership ("finance leases"), the assets are treated as if they had been purchased outright. The assets are capitalised and the obligation to the finance provider is treated as a creditor. Depreciation on the relevant assets is charged to the profit and loss account.

Payments to the finance provider are analysed between capital and interest using the straight-line method. The interest is charged to the profit and loss account. The capital part reduces the amounts payable to the finance provider. All other leases are treated as "operating leases". Their annual rentals are charged to the profit and loss account on a straight-line basis over the term of the lease.

Pension costs

The company operates a defined contribution pension scheme. The assets are held separately from those of the company in an independently administered fund. Contributions paid by the company are charged to the profit and loss account in the year in which they become payable.
