## 1 Accounting policies

## **Basis of preparation**

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015). **Going concern** 

The company has net current liabilities of £30,503 (2015: £35,702). Financial support is being provided primarily by way of a loan from the director. The financial statements do not include any adjustments that would result from the withdrawal of financial support by the director as the director has stated that support will continue to be provided.

Should the company be unable to continue trading, adjustments would be necessary to write down assets to their recoverable amounts, provide for any further liabilities which may arise and to reclassify fixed assets and long term liabilities as current assets and liabilities.

#### **Turnover**

Turnover represents amounts receivable for goods and services net of VAT and trade discounts.

## Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciations is provided at rates calculated to write off the cost less estimated residual value of each asset over its expected useful life, as follows:

#### **Asset class**

#### Depreciation method and rate

Office equipment

15% of written down value

### **Financial instruments**

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
