Strategic report

Business review

The Company trades as Castle Environmental.

The Company maintained turnover in the year. The Directors anticipate that increased processing of Air Pollution Control Residue (APCr) via the recycling process, together with the investment in additional process plant, should lead to a significant increase and improvement in profitability in the next year.

Principal risks, uncertainties and financial management objectives

The key performance indicators for the business are cash flow and profitability and hence the most significant risks to the business are those that directly impact on these, which are correlated with general economic activity.

The company follows the following financial risk management policies:

Price risk

The business may be affected by rising costs of inputs, although purchasing policies and practices seek to mitigate, where practicable, such risks.

The business continues to offset the risk of competitive pressure through continual improvement in its customer-focussed activities, providing a good quality service at a market price.

Interest rate risk

The company is exposed to movements in interest rates and seeks to mitigate such exposure by obtaining facilities on the most beneficial terms available.

Credit risk

Credit risk arises on assets such as trade debtors. Policies and procedures exist to ensure that the trade debtors have an appropriate credit history before credit is granted.

Liquidity risk

At the year end the Hillbridge Investments Limited Group has bank and cash balances of £2,500,000 (2017: £2,631,000) and also continues to have access to an unused short term borrowing facility.

The Directors are confident that this funding structure is appropriate to allow the company to achieve its financial targets in the future.

Brexit uncertainties

The company is exposed to movements in interest rates and price inflation given the current Brexit negotiations taking place in the UK. We are continuing the process of reviewing the risks of disruption to supply following Brexit and have not identified any significant risk, mainly because the vast majority of our key suppliers are UK based. The full extent of any impact is currently unknown until a Brexit deal has been established.

By order of the board

AM Smith
Secretary

Dated: 28 February 2019

Directors' report

The directors present their report and the audited financial statements for the year ended 30 September 2018.

Principal activity

The principal activity of the company is waste treatment, recycling and disposal.

Dividends and transfers to reserves

The results for the year are shown in the profit and loss account on page 7.

Dividends of £nil (2017: £nil) were paid during the year.

Directors

The directors who held office during the year and to the date of this report were as follows:

MR Hewitt
AM Elliott
SR Cowley
TCA Diggle
DR Humphriss
DJ Tustin (Resigned 23 May 2018)
AM Smith
SP Spiteri (Appointed 1 January 2018)

Political contributions

The Company made no political donations or incurred any political expenditure during the year (2017: £nil).

Disclosure of information to auditor

The directors who held office at the date of approval of this directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the company's auditor is unaware; and each director has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

Other information

An indication of likely future developments in the business and particulars of significant events which have occurred since the end of the financial year have been included in the Strategic Report on page 2.

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

By order of the board

AM Smith
Secretary

Dated: 28 February 2019

Statement of directors' responsibilities in respect of the strategic report, the directors' report and the financial statements

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standards applicable in the UK and republic of Ireland*.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- Use the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the company and to prevent and detect fraud and other irregularities.

Independent auditor's report to the members of Castle Oils Limited

Opinion

We have audited the financial statements of Castle Oils Limited ("the company") for the year ended 30 September 2018 which comprise the statement of income and retained earnings, balance sheet and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 September 2018 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

The impact of uncertainties due to Britain exiting the European Union on our audit

Uncertainties related to the effects of Brexit are relevant to understanding our audit of the financial statements. All audits assess and challenge the reasonableness of estimates made by the directors and the appropriateness of the going concern basis of preparation of the financial statements. All of these depend on assessments of the future economic environment and the company's future prospects and performance.

Brexit is one of the most significant economic events for the UK, and at the date of this report its effects are subject to unprecedented levels of uncertainty of outcomes, with the full range of possible effects unknown. We applied a standardised firm-wide approach in response to that uncertainty when assessing the company's future prospects and performance. However, no audit should be expected to predict the unknowable factors or all possible future implications for a company and this is particularly the case in relation to Brexit.

Going concern

The directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the group or the company or to cease their operations, and as they have concluded that the group and the company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over their ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the directors' conclusions, we considered the inherent risks to the group's business model, including the impact of Brexit, and analysed how those risks might affect the group and company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the group or the company will continue in operation.

Strategic report and directors' report

The directors are responsible for the strategic report and the directors' report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the strategic report and the directors' report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the strategic report and the directors' report;

Independent auditor's report to the members of Castle Oils Limited (Continued)

- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 4, the directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

These financial statements were approved by the board of directors on 28 February 2019 and were signed on its behalf by:

MR Hewitt
Director

AM Smith
Director

Company registered number: 01742061

Notes

(forming part of the financial statements)

1 Accounting policies

Castle Oils Limited (the "Company") is a company limited by shares and incorporated and domiciled in the UK. The registered number is 01742061 and the registered address is Treatment Centre, Crompton Road, Ilkeston, Derbyshire, DE7 4BG.

These financial statements were prepared in accordance with Financial Reporting Standard 102 *The Financial Reporting Standard* applicable in the UK and Republic of Ireland ("*FRS 102*") as issued in August 2014. The amendments to FRS 102 have been applied. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

The Company's ultimate parent undertaking, Hillbridge Investments Limited includes the Company in its consolidated financial statements. The consolidated financial statements of Hillbridge Investments Limited are available to the public and may be obtained from Companies House, Crown Way, Cardiff, CF14 3UZ. In these financial statements, the company is considered to be a qualifying entity (for the purposes of this FRS) and has applied the exemptions available under FRS 102 in respect of the following disclosures:

- Cash Flow Statement and related notes; and
- Key Management Personnel compensation.

As the consolidated financial statements of Hillbridge Investments Limited include the equivalent disclosures, the Company has also taken the exemptions under FRS 102 available in respect of the following disclosures:

- The disclosures required by FRS 102.11 *Basic Financial Instruments* and FRS 102.12 *Other Financial Instrument Issues* in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

There are no judgements made by the directors, in the application of these accounting policies that have significant effect on the financial statements and estimates with a significant risk of material adjustment in the next year.

1.1. Measurement convention

The financial statements are prepared on the historical cost basis.

1.2. Going concern

The company is part of the Hillbridge Investments Limited group ('the Group') which has cash balances at the year end totalling £2,500,000 (2017: £2,631,000). The Group also has access to an unused short term borrowing facility.

The directors monitor cash flow against forecasts as a key performance indicator (KPI) and have assessed that the company will operate within its available facilities for the next twelve months and the foreseeable future. They have therefore prepared the accounts on a going concern basis.

Notes (continued)

1 Accounting policies (continued)

1.3. Classification of financial instruments issued by the Company

In accordance with FRS 102.22, financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions:

- (a) they include no contractual obligations upon the company to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the company; and
- (b) where the instrument will or may be settled in the company's own equity instruments, it is either a non-derivative that includes no obligation to deliver a variable number of the company's own equity instruments or is a derivative that will be settled by the company's exchanging a fixed amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the company's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

1.4. Basic financial instruments

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors. If the arrangement constitutes a financing transaction, for example if payment is deferred beyond normal business terms, then it is measured at the present value of future payments discounted at a market rate of instrument for a similar debt instrument.

1.5. Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation and accumulated impairment losses. Where parts of an item of tangible fixed assets have different useful lives, they are accounted for as separate items of tangible fixed assets, for example land is treated separately from buildings.

Leases in which the Company assumes substantially all the risks and rewards of ownership of the leased asset are classified as finance leases. All other leases are classified as operating leases. Leased assets acquired by way of finance lease are stated on initial recognition at an amount equal to the lower of their fair value and the present value of the minimum lease payments at inception of the lease, including any incremental costs directly attributable to negotiating and arranging the lease. At initial recognition a finance lease liability is recognised equal to the fair value of the leased asset or, if lower, the present value of the minimum lease payments. The present value of the minimum lease payments is calculated using the interest rate implicit in the lease. Lease payments are accounted for as described at 1.10 below.

The company assesses at each reporting date whether tangible fixed assets (including those leased under a finance lease) are impaired.

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of each part of an item of tangible fixed assets. Leased assets are depreciated over the shorter of the lease term and their useful lives. Land is not depreciated. The estimated useful lives are as follows:

Freehold buildings	- 2% to 6% on cost
Plant and machinery	- 10% to 25% on net book value
Fixtures and fittings	- 15% to 25% on net book value

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the company expects to consume an asset's future economic benefits.

Notes (continued)

1 Accounting policies (continued)

1.6. Intangible assets, goodwill and negative goodwill

Other intangible assets

Other intangible assets that are acquired by the Company are stated at cost less accumulated amortisation and less accumulated impairment losses.

Amortisation

Amortisation is charged to the profit or loss on a straight-line basis over the estimated useful lives of intangible assets. Intangible assets are amortised from the date they are available for use. The estimated useful lives are as follows:

- Licence 25% reducing balance

Goodwill and other intangible assets are tested for impairment in accordance with Section 27 Impairment of assets when there is an indication that goodwill or an intangible asset may be impaired.

1.7. Impairment excluding stocks and deferred tax assets

Financial assets (including trade and other debtors)

A financial asset not carried at fair value through profit or loss is assessed at each reporting date to determine whether there is objective evidence that it is impaired. A financial asset is impaired if objective evidence indicates that a loss event has occurred after the initial recognition of the asset, and that the loss event had a negative effect on the estimated future cash flows of that asset that can be estimated reliably.

An impairment loss in respect of a financial asset measured at amortised cost is calculated as the difference between its carrying amount and the present value of the estimated future cash flows discounted at the asset's original effective interest rate. For financial instruments measured at cost less impairment an impairment is calculated as the difference between its carrying amount and the best estimate of the amount that the Company would receive for the asset if it were to be sold at the reporting date. Interest on the impaired asset continues to be recognised through the unwinding of the discount. Impairment losses are recognised in profit or loss. When a subsequent event causes the amount of impairment loss to decrease, the decrease in impairment loss is reversed through profit or loss.

1.8. Employee benefits

Defined contribution plans and other long term employee benefits

A defined contribution plan is a post-employment benefit plan under which the company pays fixed contributions into a separate entity and will have no legal or constructive obligation to pay further amounts. Obligations for contributions to defined contribution pension plans are recognised as an expense in the profit and loss account in the periods during which services are rendered by employees.

1.9. Turnover

Turnover represents the amount derived from the provision of services which fall within the company's ordinary activities, entirely within the United Kingdom, stated net of value added tax. There are two revenue streams in place at the company; these being direct disposals and waste sales. Waste sales involve the processing of customer waste with revenue being recognised at the point at which the customer delivers the waste to the receiving site. Any Waste which Castle Oils Limited cannot treat themselves is sent to a third party supplier who is able to dispose of the waste. This is known as a direct disposal sale with the revenue being recognised when the waste reaches the third-party and confirmation of disposal is obtained.

1.10. Charges

Operating lease

Payments (excluding costs for services and insurance) made under operating leases are recognised in the profit and loss account on a straight-line basis over the term of the lease unless the payments to the lessor are structured to increase in line with expected general inflation; in which case the payments related to the structured increases are recognised as incurred. Lease incentives received are recognised in profit and loss over the term of the lease as an integral part of the total lease expense.

Notes (continued)

1 Accounting policies (continued)

1.11. Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. The following timing differences are not provided for: differences between accumulated depreciation and tax allowances for the cost of a fixed asset if and when all conditions for retaining the tax allowances have been met. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is provided in respect of the additional tax that will be paid or avoided on differences between the amount at which an asset (other than goodwill) or liability is recognised in a business combination and the corresponding amount that can be deducted or assessed for tax. Goodwill is adjusted by the amount of such deferred tax.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. In the latter case the tax rate that is expected to apply to the reversal of the related difference is used. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

2 Turnover

	2018 £000	2017 £000
Rendering of services	3,278	3,262
Total turnover	<u>3,278</u>	<u>3,262</u>

All turnover arises within the United Kingdom.

3 Auditor's remuneration

Auditor's remuneration:

	2018 £000	2017 £000
Audit of these financial statements	10	10
Amounts receivable by the company's auditor and its associates in respect of:		
Tax compliance services	3	3
Other tax advisory services	2	2
IXBRL accounts tagging	<u>1</u>	<u>1</u>

Notes (continued)

4 Staff numbers and costs

The average number of persons employed by the Company (including directors) during the year, analysed by category, was as follows:

	Number of employees	
	2018	2017
Office and management	1	1
Operations and sales	9	8
	<u>10</u>	<u>9</u>

The aggregate payroll costs of these persons were as follows:

	2018 £000	2017 £000
Wages and salaries	342	305
Social security costs	36	33
	<u>378</u>	<u>338</u>

5 Directors' remuneration

	2018 £000	2017 £000
Directors' remuneration	229	175
Company contributions to money purchase pension plans	4	3
	<u>233</u>	<u>178</u>

Directors' remuneration represents costs incurred directly by the Company as well as an allocation of the time dedicated to the Company by directors remunerated elsewhere in the group.

6 Taxation

Total tax charge recognised in the profit and loss account, other comprehensive income and equity

	2018		2017	
	£000	£000	£000	£000
<i>Current tax</i>				
Current tax on income for the period		-		54
Group relief payable		27		-
Adjustments in respect of prior periods		-		(3)
		<u>27</u>		<u>51</u>
Total current tax		27		51
<i>Deferred tax (note 11)</i>				
Origination and reversal of timing differences	7		2	
	<u>7</u>		<u>2</u>	
Total deferred tax		7		2
Total tax		<u>35</u>		<u>53</u>

Notes (continued)

6 Taxation (continued)

Reconciliation of effective tax rate

	2018 £000	2017 £000
Profit for the year	145	230
Total tax charge	35	53
Profit before taxation	180	283
Tax using the UK corporation tax rate of 19% (2017: 19.5%)	34	55
Fixed asset differences	1	3
Adjustment to tax charge in respect of previous periods	-	(3)
Adjust closing deferred tax to average rate of 19.00%	(9)	(12)
Adjust opening deferred tax to average rate of 19.00%	9	10
Total tax charge included in profit or loss	35	53

Factors that may affect future tax charges

A reduction in the UK corporation tax rate to 18% (effective 1 April 2020) was substantively enacted on 26 October 2015, and an additional reduction to 17% (effective from 1 April 2020) was subsequently enacted on 6 September 2017. The deferred tax liability at 30 September 2018 has been calculated based on these rates and the rate at which the balance is expected to unwind.

7 Intangible assets

	Licences £000
Cost	
Balance at 1 October 2017 and 30 September 2018	48
Amortisation and impairment	
Balance at 1 October 2017	47
Amortisation for the year	1
Balance at 30 September 2018	48
Net book value	
At 30 September 2018	-
At 30 September 2017	1

Notes (continued)

7 Intangible assets and goodwill (continued)

Amortisation and impairment charge

The amortisation, impairment charge and impairment reversals are recognised in the following line items in the profit and loss account:

	2018 £000	2017 £000
Administrative charges	1	-
	<u>1</u>	<u>-</u>

8 Tangible fixed assets

	Freehold buildings £000	Plant and machinery £000	Fixtures and fittings £000	Assets under construction £000	Total £000

14 Commitments

Capital commitments

The Company's contractual commitments to purchase tangible fixed assets at the year end were £nil (2017: £nil).

15 Contingent liabilities

The Company is a member of a VAT Group which comprises itself and its fellow subsidiaries, Castle Waste Services Limited and Castle Construction Products Limited. As such it has jointly guaranteed the VAT liability of all Group Companies such that failure by other Group members to make payment may give rise to additional liabilities by the Company. The Directors are of the opinion that no additional liability is likely to arise.

16 Related parties

As the Company is a wholly owned subsidiary of Hillbridge Investments Limited, the Company has taken advantage of the exemption contained in FRS102.33.1A and has therefore not disclosed transactions or balances with wholly owned entities which form part of the group headed by Hillbridge Investments Limited.

17 Ultimate parent company and parent company of larger group

The Company is a subsidiary undertaking of Hillbridge Investments Limited whose registered address is Castle Environmental, Crompton Road, Ilkeston, Derbyshire, DE7 4BG.

The consolidated financial statements of Hillbridge Investments Limited are available to the public and may be obtained from Companies House, Crown Way, Cardiff, CF14 3UZ.

The ultimate controlling party is MR Hewitt.
