2.2 Going concern

The Company has made a loss during the year.

The parent company Stockford Limited has agreed to provide support and has confirmed to the Company that it will make available sufficient financial resources as required to enable the Company to meet its short term liabilities as they fall due for a period of at least 12 months from the date of approval of these financial statements.

In conclusion the directors consider that the Company will have adequate cash and other liquid resources to meet its commitments, and therefore the financial statements are appropriately prepared on a going concern basis.

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
