 Director

The notes on pages 2 to 6 form part of these financial statements.

AVON CITY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

1. Company information

Avon City Limited (company number: 01786931) is a private company limited by shares, incorporated in England and Wales. The registered office is 113 Brent Street, London, NW4 2DX.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The financial statements are prepared in GBP sterling, which is the functional currency of the Company. Monetary amounts in these financial statements are rounded to the nearest £ (GBP).

The Company has taken advantage of the exemption in Financial Reporting Standard 102, section 1A.7 from the requirement to produce a Statement of Cash Flows on the grounds that it is a small company.

The following principal accounting policies have been applied:

2.2 Turnover

Turnover comprises rental and other property related income exclusive of Value Added Tax.

Turnover in respect of rental income, lease premiums, insurance and other recharges of property related expenditure is recognised to the extent that it is probable that the economic benefits will flow to the Company and the turnover can be reliably measured. Turnover is measured as the fair value of the consideration received or receivable, excluding Value Added Tax.

2.3 Investment properties

Investment properties are carried at fair value, determined annually by the directors on the basis of open market value for its current use. No depreciation is provided in relation to investment properties. Changes in fair value are recognised in the Statement of Income and Retained Earnings.

AVON CITY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.4 Financial instruments

Financial instruments are recognised in the Company's Balance Sheet when the Company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest rate method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Impairment of financial assets

Financial assets, other than those held at fair value through profit and loss, are assessed for indicators of impairment at each reporting end date.

Financial assets are impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows have been affected. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in profit or loss.

If there is a decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in profit or loss.

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans and other loans including loans from fellow group companies, are initially recognised at transaction price.

Short term creditors are measured at cost/transaction price and not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

AVON CITY LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 DECEMBER 2017

2. Accounting policies (continued)

2.5 Current and deferred taxation

The tax expense for the year comprises current and deferred tax.

The current corporation tax charge is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance Sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the Balance Sheet date.

2.6 Exceptional items

Exceptional items are transactions that fall within the ordinary activities of the Company but are presented separately due to their size or incidence.

3. Employees

The average monthly number of employees, including directors, during the year was 2 (2016 - 2).

AVON CITY LIMITED

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2017**

4. Investment property

	Freehold property £
Fair value	
At 1 January 2017 and 31 December 2017	5,000,000
