### STRATEGIC REPORT FOR THE YEAR ENDED 30 JUNE 2018

#### Introduction

The principal activity of the company continues to be the operation of a professional football club, together with related commercial activities.

#### Football review

### First team

The first team competed in Sky Bet League One of the EFL after finishing 13th the year prior. The primary objective was promotion back to the Championship under manager Karl Robinson and his newly appointed coaching staff of assistant manager Lee Bowyer and player/coach Johnnie Jackson.

The Addicks began the season well and were in and around the play-off spots for much of the opening third of the season. CEO Katrien Meire resigned from the club at the end of 2017 and it was announced at that point that the club was for sale.

After a poor December and February, the club slipped out of the play-off spots. On March 22nd Karl Robinson left the club by mutual consent with Lee Bowyer appointed Caretaker Manager and Johnnie Jackson his assistant.

The club went on a fine run of form to make it into the play-offs, finishing the season in sixth place before losing to Shrewsbury Town in the play-off semi-finals.

The average home league attendance was 11,846, a small increase on 11,162 the previous season. The highest home attendance of the year was the annual "Football For A Fiver" game against Shrewsbury Town (17,581) and the final home league game of the season saw an attendance of 17,310 at The Valley against Blackburn Rovers.

During the close season in Summer 2018 the first team squad was added to with key first team players. Since then Lee Bowyer has been appointed permanent manager and at the time of writing the side currently sits in the play-off positions, hopeful of securing promotion in May 2019 to the Championship.

# Youth Academy

Academy performance for 2017/18 continued to deliver and further consolidate the intentions, beliefs and values in the Academy Performance Plan. The season began with the knowledge that the Academy had been awarded Category Two status for the next three years as a result of a successful audit in the preceding season.

The phase two pitch improvements were completed and along with the two new 3G floodlit all weather surfaces now functional and almost exclusively used by the Academy, there are high quality training and playing areas at the training ground.

All Heads of Department have been tasked with drawing up realistic and achievable targets and action plans for the 2018/19 season. In the Quality Appraisal of 2017/18 (report submitted to TCB) Talent Identification, Player Progression and Productivity along with Leadership, Management and Education feature highly in the outcomes.

There were seven Academy debutants in the first team over the course of 2017/18. By the end of the season (May 2018) there were nine Academy graduates in the first team squad of 26 (34%). Five of these players had been in the Academy for five years or more, good evidence that long term player development strategy does succeed.

# STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2018

Some notable individual successes.

Ezri Konsa continued to grow at First Team and England Under 20 level. He reached 86 appearances for Charlton before his summer transfer to Brentford on a three-year contract.

The Academy Manager Steve Avory was honoured and humbled to receive the 2018 Eamonn Dolan Award at the Premier League Youth Development Conference for recognition and service to youth development.

At Academy team level, the 17 -23 age group remain a talented and successful cohort. The Under 18s became National champions for the third time in five years and the Under 23s were League runners-up and National semi-finalists. These two age bands now have a total of five League Championships and four national titles between them since the inception of the EPPP in 2012 /13. Finally, one of our younger groups, the U13s reached the inaugural National competition at that age group before narrowly losing to Liverpool in the final.

#### Ownership

(

Throughout the year the club was owned by Staprix NV, a company registered in Belgium, which is beneficially owned by Roland Duchâtelet.

#### Financial review

#### **Capital Investment**

The development of the Addicks' training facility at Sparrows Lane continued with investment in the training ground of £2.2m in the financial year, mainly comprising:

- Reconstruction of first team natural turf training pitches
- Charlton Athletic Community Trust ("CACT") building renovation and extension
- New artificial football pitch for CACT
- New services including new electrical substation to support future new building
- New access road and car-parking facilities to support future new building

#### Turnover

	2018 (£000)	2017 (£000)	Variance (£000)	Variance (%)
Central income	1,420	1,803	(383)	(21)
Match day	3,402	3,176	226	7
Commercial	1,345	1,241	104	8
Other	1,140	1,392	(252)	(18)
Total	7,307	7,612	(305)	(4)

Central income consists of English Football League (EFL) and Premier League (PL) central distributions. The EFL distributions dropped from £1.2m to £0.7m, PL solidarity payment increased from £0.6m to £0.7m.

Match-day income consists primarily of ticket income, match-day hospitality, advertising and programmes.

Commercial income comprises primarily of sponsorship, non-matchday events and retail. Income in this area has been helped by our run in to the play-offs. The YouTube commercial venture was repeated this season with the game held at The Valley in early June 2018 for "Sidemen FC vs YouTube Allstars". Continued growth in Commercial Income is essential for the long-term sustainability of the Football Club.

### STRATEGIC REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2018

Other income principally comprises youth academy grant income arising from the Elite Player Performance Plan. Other income also includes significant contributions from Valley Gold, the lottery organisation directly linked to the Club, which further supports the development of players in our successful Youth Academy. The 18% decrease from 2017 is primarily due to benefit payments from UEFA for Johann Gudmundsson's appearance at the Summer 2016 Euro Finals not being repeated.

# Operating expenses

Operating expenses, excluding depreciation and player amortisation, were £17.1m (2017 - £18.3m), the £1.2m decrease on prior year primarily reflecting the contractual reduction in player wages following the disposal of some players - total staff costs were £10.2m (2017 - £11.1m).

### Profit on disposal of players' registrations

The 2017/18 financial year did not see a repeat of the level of profit generated on player sales during 2016/17. Profit on disposal of players' registrations amounted to £4m (2017 – £16.2m). Several previous player contingent clauses triggered during this financial year from these historical player sales, e.g. Gudmundsson, Joe Gomez, Ademola Lookman appearances, as well as player sales namely Konsa and Ricky Holmes.

#### Profit/ (loss) before taxation

Once interest, depreciation and amortisation are taken into account the loss before taxation for the year was £10.1m (2017 – Profit of £1.4m).

# **Key Performance Indicators**

R A Murray Director

The key performance indicators discussed above are further detailed in Notes 2 and 4 to the financial statements. These revenue and cost centres are monitored regularly by the Board against detailed budgets.

This report was approved by the board on 14/3/19

and signed on its behalf.

# DIRECTORS' REPORT FOR THE YEAR ENDED 30 JUNE 2018

The directors present their report and the financial statements for the year ended 30 June 2018.

#### Results and dividends

The loss for the year, after taxation, amounted to £10,095 thousand (2017 - profit £1,173 thousand).

Total comprehensive loss for the year was £10,095 thousand (2017: total comprehensive profit of £1,411 thousand).

#### **Directors**

The directors who served during the year were:

R Duchâtelet K Meire (resigned 31 December 2017) R A Murray

# Directors' responsibilities statement

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the company's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements and other information included in Directors' Reports may differ from legislation in other jurisdictions.

# DIRECTORS' REPORT (CONTINUED) FOR THE YEAR ENDED 30 JUNE 2018

#### Charitable contributions

The company provides match tickets, hospitality and signed memorabilia for numerous charitable organisations, local schools and youth teams. The company also provides certain administrative resources to the South of England Foundation, a registered charity that trades as the Charlton Athletic Community Trust. These resources are not material and have not been quantified. The company also facilitated fundraising for a variety of charitable organisations on matchdays at the Valley, including specifically Charlton Athletic Community Trust. There were no political donations. The company made charitable donations of £nil (2017: £nil) during the year.

### Payments policy

The company does not have a standard creditor payment policy. Payment terms are normally agreed with suppliers at the time of placing orders. All suppliers fulfilling the conditions of order will be paid in accordance with the terms agreed. Trade creditors represented 77 days (2017: 48 days) of annual purchases, when the effect of major capital works and player purchases are excluded.

### **Employee involvement**

The company places considerable value on the involvement of its employees and has continued to keep them informed on matters affecting them as employees and on the various factors affecting the performance of the company. This is achieved through formal and informal meetings and the company's website. The company operates an equal opportunity policy for recruitment and training development which gives equal opportunities to all employees regardless of age, gender, sexual orientation, marital status, nationality, pregnancy, colour, race, religion or ethnic origin. The company gives full consideration to applications for employment from disabled persons where the requirements of the job can be adequately fulfilled by a disabled person. Where existing employees become disabled it is the company's policy wherever practicable, to provide continuing employment under normal terms and conditions and to provide training, career development and promotion to disabled employees where appropriate. The company has a committee which is responsible for all aspects of its health, safety and environmental policies which meets regularly to discharge the company's responsibilities in these areas.

#### Disclosure of information to auditors

Each of the persons who are directors at the time when this Directors' Report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the company's auditors are unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the company's auditors are aware of that information.

#### Directors' and officers' liability insurance

During the year the company has maintained cover for its directors and officers under a directors' and officers' liability insurance policy.

# **Auditors**

The auditors, Nyman Libson Paul, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

# INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED

## **Opinion**

We have audited the financial statements of Charlton Athletic Football Company Limited (the 'company') for the year ended 30 June 2018, which comprise the Statement of Comprehensive Income, the Statement of Financial Position, the Statement of Changes in Equity and the related notes, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 June 2018 and of its loss for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

#### Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the United Kingdom, including the Financial Reporting Council's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

# Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the directors' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the directors have not disclosed in the financial statements any identified material uncertainties that may
  cast significant doubt about the company's ability to continue to adopt the going concern basis of
  accounting for a period of at least twelve months from the date when the financial statements are
  authorised for issue.

# INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED (CONTINUED)

#### Other information

The directors are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Auditors' Report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

# Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

### Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or the Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

# INDEPENDENT AUDITORS' REPORT TO THE SHAREHOLDERS OF CHARLTON ATHLETIC FOOTBALL COMPANY LIMITED (CONTINUED)

## Responsibilities of directors

As explained more fully in the Directors' Responsibilities Statement on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

# Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an Auditors' Report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our Auditors' Report.

# Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an Auditors' Report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

# NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

#### 1. General information

Charlton Athletic Football Company Limited is a private company limited by shares and incorporated in England. The address of the registered office is The Valley, Floyd Road, London, SE7 8BL.

The principal activity of the company continues to be the operation of a professional football club, together with related commercial activities.

# 2. Accounting policies

#### 2.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the company's accounting policies (see note 3).

The company has taken advantage of exemptions, provided by FRS 102, from disclosing key management personnel compensation and financial instruments and from preparing a statement of cash flows, as part of these financial statements. These exemptions are available to the company on the basis that it is a qualifying company by virtue of it being a member of a group where the parent undertaking of the group prepares publicly available consolidated financial statements which are intended to give a true and fair view, and in which the company is included as part of the consolidation. The parent of the group in which the financial statements will be consolidated is Baton 2010 Limited.

### 2.2 Going concern

The company meets its day to day liabilities using funding from its ultimate parent company, Staprix NV. The board of directors has reviewed the future cash flow projections of the company and in their opinion, the company is able to continue its normal day to day operations for at least 12 months from the date of approval of these financial statements, due to receiving a letter of support from Staprix NV for the period. Accordingly the accounts have been prepared on a going concern basis.

## 2.3 Revenue

Turnover represents income receivable from football and related commercial activities excluding transfer fees receivable and value added tax. Broadcast and matchday income is recognised when related matches are played. Advance season tickets sales are included within deferred income and released to turnover in the relevant season.

# 2.4 Players' registrations

The cost of obtaining players' registrations with the FA are capitalised as intangible assets and amortised evenly over the period of the respective players' contracts. These costs include transfer fees, transfer levies and agents' fees. Payments contingent on the occurrence of uncertain future events are recognised when the event takes place. Players' registrations are written down for impairment when the individual player's carrying value exceeds the amount recoverable through use or sale. Players are derecognised as intangible assets when they are sold, or if their contracts run out. Any profit or loss on disposal is recognised through the statement of comprehensive income.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

#### 2. Accounting policies (continued)

# 2.5 Tangible fixed assets

# Leasehold buildings

Leasehold buildings comprise of the Valley stadium and the Sparrows Lane training ground. Leasehold buildings are initially recognised at cost. Other costs include leasehold improvements, interior fitouts to the stadium and training ground which are initially recognised at cost. After recognition, under the revaluation model, they are carried at fair value determined with sufficient regularity so as to ensure that the carrying value does not differ materially from that which would be determined using fair value at the end of each reporting period.

Such fair values are determined every five years, with an interim valuation three years in to the five years, by external valuers and derived using the depreciated cost approach because the specialised nature of the asset means that there are no market transactions of this type of asset except as part of the business or entity.

#### Other tangible fixed assets

Other tangible fixed assets comprise ground and office equipment and motor vehicles. These assets are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives.

Depreciation is provided on the following basis:

Freehold buildings - 2% Leasehold improvements - 2%

Ground and office equipment - 20 - 33.33% Motor vehicles - 20%

Interior fit outs - 20%

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

### Derecognition

Tangible assets are derecognised on disposal or when no future economic benefits are expected. On disposal, the difference between the net disposal proceeds and the carrying amount is recognised through profit or loss.

# 2.6 Debtors

Short term debtors are measured at transaction price, less any impairment.

# 2.7 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

# 2. Accounting policies (continued)

# 2.8 Financial instruments

The company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties and loans to related parties.

### 2.9 Creditors

Short term creditors are measured at the transaction price.

#### 2.10 Grants received

Grants received in respect of safety work and ground improvements are treated as deferred income and released through profit or loss over the estimated useful life of the assets to which they relate.

### 2.11 Foreign currency translation

# Functional and presentation currency

The company's functional and presentational currency is GB pounds.

# Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

# 2.12 Finance costs

#### Bank overdrafts

Finance costs incurred on bank overdrafts are recognised through profit or loss in the period in which they are charged.

#### Other debt

Finance costs are charged through profit or loss over the term of the debt using the effective interest rate method so that the amount charged is at a constant rate on the carrying amount.

### NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 JUNE 2018

#### 2. Accounting policies (continued)

#### 2.13 Pensions

The company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the company pays fixed contributions into a seperate entity. Once the contributions have been paid the company has no further payment obligations. The contributions are recognised as an expense when they fall due. Amounts not paid are included with accruals in the balance sheet. The assets of the plan are held seperately from the company in independently administered funds.

The club participates in the Football League Pension and Life Assurance Scheme ('the Scheme') which is a defined benefit scheme. As the Club is unable to identify its share of the assets and liabilities of the Scheme, it therefore accounts for its contributions as if they were paid to a defined contribution scheme.

#### 2.14 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised through profit or loss, except that a change attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the company operates and generates income.

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation.

Deferred tax is provided on timing differences arising from the revaluation of fixed assets in the financial statements.

A net deferred tax asset is not recognised only if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reveral of the underlying timing differences can be deducted.

Deferred tax assets and liabilities are calculated at the tax rates expected to effective at the time the timing differences are expected to reverse.

Deferred tax assets and liabilities are not discounted.

# 2.15 Long term season ticket schemes

The net amount received by the company through long term season ticket schemes is treated as deferred income within creditors and is released through profit or loss over the period in which the investors receive their season ticket.

# 2.16 Signing on fees and loyalty payments

Signing on fees are recognised through profit or loss evenly over the period covered by the players' contract. Loyalty payments are accrued through profit or loss for the period to which they relate.

# 2. Accounting policies (continued)

# 2.17 Leasing and hire purchase

Leases of assets that transfer substantially all risks and rewards incidental to ownership are classified as finance leases.

Assets acquired under finance leases and hire purchase contracts are capitalised in the balance sheet and are depreciated over their estimated useful economic lives. The outstanding liabilities under the agreements less interest not yet due are amortised evenly over the term of the debt. The interest element of these obligations is charged through profit or loss over the terms of the relevant agreements.

Leases that do not transfer all of the risks and rewards of ownership are classified as operating leases. Rentals payable under operating leases are charged through profit or loss on a straight line basis.

# 2.18 Exceptional items

Exceptional items are transactions that fall within the ordinary activities of the company but are presented separately due to their size or incidence.

# 3. Judgments in applying accounting policies and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the reporting date and the amounts reported for revenues and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

# **Ex-director loans**

Under FRS 102, these loans have to be recognised at their present value which differs from the original transaction value. In calculating the present value, given the highly subjective nature of any assumption used, it is assumed that promotion to the Premier League is gained at the earliest possibility (i.e. 2 years from 30 June 2018). Should this not be achieved the present value of the loans will differ materially from the value currently presented.

# Depreciation of tangible fixed assets

Tangible fixed assets are depreciated over their useful life taking into account residual value where appropriate. The actual useful lives of the assets and residual values may vary depending upon a number of factors, including technological innovation and maintenance programmes.

### Players' registrations

The cost of obtaining players' registrations are amortised evenly over the period of the representative players' contracts. The market value of a player could differ significantly from its net book value in the financial statements.

# Factors affecting tax charge for the year

The tax assessed for the year is higher than (2017 - lower than) the standard rate of corporation tax in the UK of 19% (2017 - 19%). The differences are explained below:

	2018 £000	2017 £000
(Loss)/profit on ordinary activities before tax	(10,095)	1,173
(Loss)/profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 19% (2017 - 19%)  Effects of:	(1,918)	223

The figures for cost of player registrations are historical cost figures for purchased players only. Accordingly the net book value of player registrations will not reflect, nor is it intended to, the current market value of these players nor does it take into account the value of any players developed through the club's youth system.

The directors consider the net realisable value of intangible assets to be considerably greater than their net book value.

Additions primarily related to the acquisitions of Ben Reeves, Anfernee Dijksteel and Tariqe Fosu.

Disposals (including contract terminations) related primarily to Tony Watt, Jorge Teixeira, Ricky Holmes, Dimitar Mitov and Lee Novak.

	71,319	67,208

In the current year, an amount of £61,929,335 (2017: £57,705,059) was owed to Baton 2010 Limited, the parent company. This amount consists of £21.6m acquired at the date of acquisition of Baton 2010 Limited by Staprix NV (4 January 2014), with the balance consisting of cash funds injected into the Company since 4 January 2014 along with capitalised interest at 3% on those funds. The interest rate was reduced to 2% effective from 1 July 2016. There is no fixed repayment date for the amounts owed to Baton 2010 Limited.

Other loans are historic loans from R A Murray and other former directors of the company totalling £7,000,000 (2017: £7,000,000) which are interest free and repayments only commence on promotion of the football club to the Premier League. In accordance with FRS 102 these loans have been discounted to present value using a discount factor of 3%, giving a net present value of £6,043,538 (2017: £6,043,538). The unwinding of interest of £nil (2017: £nil) is included within interest payable (see note 7).

# 18. Contingent liabilities and assets

Additional transfer and agent fees of £1,930,654 (2017: £1,150,875) will become payable depending on players making specific numbers of appearances, gaining international honours and on-field playing success.

Additional fees are receivable of £7,658,750 (2017: £8,578,125) where players sold make specific numbers of appearances, gain international honours or achieve on-field success.

The company has guaranteed the bank overdrafts of its parent company and fellow subsidiary. At the year end the liability was £nil (2017: £nil).

# 19. Pension commitments

The club participates in the Football League Pension and Life Assurance Scheme ('the Scheme'). The Scheme is a funded multi-employer defined benefit scheme, with 92 participating employers, and where members may have periods of service attributable to several participating employers. The Club is unable to identify its share of the assets and liabilities of the Scheme and therefore accounts for its contributions as if they were paid to a defined contribution scheme.

The accrual of benefits ceased within the Scheme on 31 August 1999, therefore there are no contributions relating to current accrual. The Club pays monthly contributions based on a notional split of the total expenses and deficit contributions of the Scheme. At 30 June 2018 the Club's notional share of the deficit was £83,105 (£108,761 as at 30 June 2017).

The Club currently pays total contributions of £25,860 per annum which increases at 5.0% per annum (first increase at 1 September 2016) and based on the actuarial valuation assumptions used in the scheme, will be sufficient to pay off the deficit by 31 August 2022.

# 21. Related party transactions

The company is a wholly owned subsidiary within a group for which consolidated financial statements are publicly available and accordingly has taken advantage of the exemptions provided by "Financial Reporting Standard 102" not to disclose transactions with the other group entities including its parent and fellow subsidiary undertakings.

### 22. Post balance sheet events

Since the year end the disposal of players' registrations has generated income of £1,079,970 (2017: £337,600).

In addition, transfer costs, termination payments and agency fees totalling £135,050 (2017: £497,771) were paid.

### 23. Ultimate parent undertaking and controlling party

The company's ultimate holding company is Staprix NV, a company registered in Belgium, which is 95% owned by Roland Duchâtelet.

The company's immediate parent company is Baton 2010 Limited, a company registered in England which is the only company in the group required to prepare group financial statements. Copies of these are available from Companies House.
