Strategic Report For the year ended 31 December 2019

Business review

Prudential Unit Trusts Limited (the 'Company') is a member of the M&G plc group, the UK and international savings and investments business. The Company is a member of the sub-group headed by M&G Group Limited ("M&G" or the "M&G Group") and an indirect subsidiary of M&G plc following the demerger of M&G plc from Prudential plc, the former parent company, on 21 October 2019.

The Company's principal activity is limited to receiving interest on cash balances retained on the Balance Sheet following the transfer of business to Capita plc, and the residual administrational costs associated.

The Company is authorised and regulated by the Financial Conduct Authority ('FCA'). In 2018, the Company applied for its regulatory authorisation to be cancelled. This application is still in progress.

The Company earned a profit before tax of £3,000 (2018: £2,000). Further details of the results for the year are set out in the Profit and Loss Account and Other Comprehensive Income shown on page 10.

Brexit

Reflecting the UK's decision to leave the European Union (EU) on 31 January 2020 and following the referendum result of 2016, M&G had already taken several steps to minimise potential disruption to our clients, protect their interests and provide as much certainty and clarity as possible.

These steps include the implementation of M&G's Brexit plan, designed in 2016, which involved the establishment of a Luxembourg based super management Company and MiFID distribution firm. Both are now fully licensed and operational, distributing traditional and alternative funds, products and services across our network of European offices, and internationally. Today, M&G has more than 35 people based in Luxembourg, including team members from Risk, Legal and Compliance, Operations and Distribution.

A business contingency plan has also been developed. This includes the establishment of a portfolio management capability within continental Europe to provide continuation of service to M&G's clients with whom there are segregated account arrangements, leveraging off the recently established EU platform which has the required regulatory permissions to carryout portfolio management activities.

The Company continues to monitor political and regulatory developments on the negotiations during the transition period and is ready to adjust or activate contingency plans, where necessary.

COVID-19

The Company continues to monitor the effects of the coronavirus (COVID-19) outbreak which has been declared as a pandemic by the World Health Organization. COVID-19 has caused significant sickness and death globally, along with substantial isolation where people may only leave their homes for critical journeys or if identified as a key worker. The outbreak has not only prompted widespread health concerns, but has caused recent deteriorations in global market conditions. The eventual outcome is highly uncertain and is largely dependent on the success of authorities in containing and managing the outbreak.

In these difficult times, the Company has two clear priorities: the safety and well-being of colleagues and the continuation of service to customers and clients to the best of our abilities. Detailed business continuity plans have been invoked to ensure that the Company can operate as usual in the face of the challenge posed by the spread of COVID-19. The vast majority of colleagues are now working from home with access to the full set of support systems and necessary equipment to perform their roles.

Whilst the full financial implications are not yet known, based on the Company's current strong financial and liquidity position, the Directors believe the Company is in a position to withstand the financial impact of the pandemic.

Strategic Report (continued) For the year ended 31 December 2019

Principal risks and uncertainties

Overview

Principal risks and uncertainties are managed by the M&G Group at a global level.

The M&G Group is exposed to a number of risks. Some are inherent in running an investment management business and are not unique; others are unique and result from business strategy and structure.

The specific risks and uncertainties relevant to the Company may be categorised as follows:

Operational risk

Operational risk is the risk of loss or unintended gain arising from inadequate or failed internal processes and systems, from failure by personnel or from external events. The M&G Group aims to manage all aspects of operational risk in a way that meets or surpasses the reasonable expectations of its clients, shareholders and Regulators. The Company has a robust risk management framework, established risk governance arrangements and effective risk management processes to ensure appropriate challenge and oversight of operational risk exposures and continued effectiveness of controls in the context of risk appetite

M&G plc has rigorous plans in place to ensure business continuity in the event of disruptive circumstances and, in response to COVID-19, these have been activated. Our Incident Management Structure is working hard to ensure we protect our customers interests, safeguard our employees, protect our financial capability, stabilise our supply partners and engage with our regulators. Operational resilience is regularly reviewed to ensure we are taking all appropriate action to manage the wellbeing and safety of our employees, and that we continue to give our clients the service they need. Specific COVID-19 reporting has been created and is monitored on a regular basis to manage the risks emanating from the pandemic on our operations.

Financial risk

Financial risk is the risk that the Company is unable to maintain adequate capital and liquidity to meet its clients' and stakeholders' requirements under normal and stressed conditions. Financial risk encompasses credit and liquidity.

Credit risk is the exposure to loss arising from counterparty's failure to meet its contractual obligations, either as a result of business failure or intentional withholding of amounts due. In order to help ensure the profitability and solvency of the Company, the Company provides ongoing monitoring of key credit risk exposures on its balance sheet and actively manages these exposures via established governance forums.

Liquidity risk is the risk that the Company, although solvent, does not have available financial resources to enable it to meet its obligations as they fall due, or that the Company can secure such resources only at excessive cost. The Company expects to hold sufficient liquidity to ensure the continuity of its business under normal and stressed conditions.

With regard to COVID-19, the Company has modelled financial projections allowing for the impact of the pandemic. The projections currently show that the Company is expected to maintain sufficient net assets and liquid resources to remain financially viable for at least the period of the going concern assessment as outlined in the Directors' Report. Regarding liquidity management, the Company is also party to the M&G Group's contingency funding plan should a particularly adverse liquidity event arise.

In accordance with the Capital Requirements Directive, the Pillar 3 disclosures for the M&G Group, along with the M&G Group's compliance with the provisions of the FCA's Remuneration Code, are published on the Internet at:

http://docs.mandg.com/docs/Corporate/Pillar-3-Disclosures.pdf

Strategic Report (continued) For the year ended 31 December 2019

Financial key performance indicator

Net assets

Net assets remain comparable at £5,579,000 as at 31 December 2019 (2018: £5,577,000).

This report was approved by the Board and signed on its behalf.

TNelson

M&G Management Services Limited Secretary

Date: 24 April 2020

Directors' Report (continued) For the year ended 31 December 2019

The Directors present their report and the financial statements for the year ended 31 December 2019.

Directors' responsibilities statement

The Directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law they have elected to prepare the financial statements in accordance with UK accounting standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 101 Reduced Disclosure Framework.

Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- assess the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and
- use the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error, and have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the Company and to prevent and detect fraud and other irregularities

Dividends paid

Dividends paid in the year amount to £nil (2018: £nil).

Results and dividends

The profit for the year, after taxation, amounted to £3,000 (2018: £2,000)

The Directors do not recommend the payment of a further dividend.

Directors

The Directors who served during the year were:

G W Macdowall (resigned 4 January 2019)

L J Mumford

L R Tustain (appointed 13 February 2019, resigned 26 June 2019)

Political contributions

The Company made no political contributions during the year (2018: £nil).

Directors' Report (continued) For the year ended 31 December 2019

Employee involvement

All staff were employed during the year by the immediate parent company. Employment policies are described in the annual report and financial statements of that company.

Qualifying third party indemnity provisions

Qualifying third-party indemnity provisions (as defined by section 234 of the Companies Act 2006) were accordingly in force during the course of the financial year ended 31 December 2019 for the benefit of the then Directors and, at the date of this report, are in force for the benefit of the Directors in relation to certain losses and liabilities which may occur (or have occurred) in connection with their duties, power or office.

Going concern

The Directors have a reasonable expectation that the Company has adequate resources to continue its operations for a period of at least 12 months from the date that the financial statements are approved. In making this assessment the Directors have considered the profitability, liquidity and solvency of the Company, taking into account current performance and financial position, factors likely to affect the Company's future development, and key risks in the current economic climate. This assessment has taken into consideration the current information available in respect of the COVID-19 outbreak, acknowledging that information in respect of the outbreak and its outcome are highly uncertain. Due to the uncertainty regarding COVID-19, additional stress tests have been carried out to test the Company's resilience to an increased severity than is currently being experienced and actions available to the Company to mitigate or reduce the impact.

On the basis of the assessment described, the Directors have adopted the going concern basis of accounting in preparing the Company's financial statements for the year ended 31 December 2019.

Engagement with stakeholders

Engagement with M&G's key stakeholder groups helps foster and maintain relationships and forms an important part the wider Company's operation and is therefore considered at an M&G plc level.

Not all stakeholder engagement is reported directly to the Board or takes place directly with the Board. However, the output of engagement across the wider Company informs business level decisions and proposals, with an overview of developments and relevant feedback being reported to the M&G plc Board and/or its Committees. The purpose of this is to ensure that the M&G plc Board can understand and consider the views of relevant stakeholders when making decisions.

Customers

The customer is at the heart of everything M&G plc does. The M&G plc Board has included in its scheduled meetings regular reports from the Chief Customer and Distribution Officer and determined that its Matters Reserved would cover new forms of business or geographic regions to ensure the Board maintains oversight of who the Company's customers are.

Business partners

The M&G plc Board is conscious of the huge importance of third-party suppliers and business partners in the operating model of the M&G plc business. This is an area of focus for the M&G plc Risk and Audit Committees, examples being the Audit Committee's time spent in 2019 on audit tender considerations and the Risk Committee's review of operational risks connected to technology partners. The Chief Operating Officer gives a full report to the M&G plc Board on all functional matters twice a year and ad hoc reports on projects as necessary. The COO leads the merger and transformation work for the wider group and the M&G plc Board has had careful oversight of this, both in terms of cost and suppliers.

Directors' Report (continued) For the year ended 31 December 2019

Disclosure of information to auditor

Each of the persons who are Directors at the time when this Directors' Report is approved has confirmed that:

- so far as the Directors are aware, there is no relevant audit information of which the Company's auditor is unaware, and
- the Directors have taken all the steps that ought to have been taken as a Director in order to be aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Post balance sheet events

The Company continues to monitor the effects of the coronavirus (COVID-19) outbreak which has been declared as a pandemic by the World Health Organization. The outbreak has not only prompted widespread health concerns, but has caused recent deteriorations in global market conditions. The eventual outcome is highly uncertain and is largely dependent on how successful authorities are at containing and managing the outbreak.

Auditor

Under section 487(2) of the Companies Act 2006, KPMG LLP will be deemed to have been reappointed as auditor 28 days after these financial statements were sent to members or 28 days after the latest date prescribed for filing the accounts with the registrar, whichever is earlier.

This report was approved by the Board and signed on its behalf.

Independent Auditor's Report to the Members of Prudential Unit Trusts Limited

Opinion

We have audited the financial statements of Prudential Unit Trusts Limited ("the Company") for the year ended 31 December 2019 which comprise the Profit and Loss Account and Other Comprehensive Income, Balance Sheet, Statement of Changes in Equity and related notes, including the accounting policies in note 1.

In our opinion the financial statements:

- give a true and fair view of the state of the Company's affairs as at 31 December 2019 and of its profit for the year then ended;
- have been properly prepared in accordance with UK accounting standards, including FRS 101 Reduced Disclosure Framework; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ("ISAs (UK)") and applicable law. Our responsibilities are described below. We have fulfilled our ethical responsibilities under, and are independent of the Company in accordance with, UK ethical requirements including the FRC Ethical Standard. We believe that the audit evidence we have obtained is a sufficient and appropriate basis for our opinion.

Going concern

The Directors have prepared the financial statements on the going concern basis as they do not intend to liquidate the Company or to cease its operations, and as they have concluded that the Company's financial position means that this is realistic. They have also concluded that there are no material uncertainties that could have cast significant doubt over its ability to continue as a going concern for at least a year from the date of approval of the financial statements ("the going concern period").

We are required to report to you if we have concluded that the use of the going concern basis of accounting is inappropriate or there is an undisclosed material uncertainty that may cast significant doubt over the use of that basis for a period of at least a year from the date of approval of the financial statements. In our evaluation of the Directors' conclusions, we considered the inherent risks to the Company's business model, including the impact of Brexit, and analysed how those risks might affect the Company's financial resources or ability to continue operations over the going concern period. We have nothing to report in these respects.

However, as we cannot predict all future events or conditions and as subsequent events may result in outcomes that are inconsistent with judgements that were reasonable at the time they were made, the absence of reference to a material uncertainty in this auditor's report is not a guarantee that the Company will continue in operation.

Strategic Report and Directors' report

The Directors are responsible for the Strategic Report and the Directors' Report. Our opinion on the financial statements does not cover those reports and we do not express an audit opinion thereon.

Our responsibility is to read the Strategic Report and the Directors' Report and, in doing so, consider whether, based on our financial statements audit work, the information therein is materially misstated or inconsistent with the financial statements or our audit knowledge. Based solely on that work:

- we have not identified material misstatements in the Strategic Report and the Directors' Report;
- in our opinion the information given in those reports for the financial year is consistent with the financial statements; and
- in our opinion those reports have been prepared in accordance with the Companies Act 2006.

Independent Auditor's Report to the Members of Prudential Unit Trusts Limited

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for audit.

We have nothing to report in these respects.

Directors' responsibilities

As explained more fully in their statement set out on page 4, the Directors are responsible for: the preparation of the financial statements and for being satisfied that they give a true and fair view; such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error; assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern; and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue our opinion in an auditor's report. Reasonable assurance is a high level of assurance, but does not guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

A fuller description of our responsibilities is provided on the FRC's website at www.frc.org.uk/auditorsresponsibilities.

The purpose of our audit work and to whom we owe our responsibilities

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the Financial Statements For the year ended 31 December 2019

1. Accounting policies

1.1 Basis of preparation of financial statements

The Company is incorporated and domiciled in the UK.

The financial statements have been prepared on the historical cost basis and in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' and the Companies Act 2006.

In preparing these financial statements, the Company applies the recognition, measurement and disclosure requirements of International Financial Reporting Standards as adopted by the EU ("Adopted IFRSs"), but makes amendments where necessary in order to comply with Companies Act 2006 and has set out below where advantage of the FRS 101 disclosure exemptions has been taken.

The preparation of financial statements in compliance with FRS 101 can require the use of certain critical accounting estimates, however, the Directors do not consider there to be any critical accounting estimates or judgements in the preparation of the Company's financial statements.

1.2 Financial reporting standard 101 - reduced disclosure exemptions

In these financial statements, the Company has applied the exemptions available under FRS 101 in respect of the following disclosures:

- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of paragraph 79(a)(iv) of IAS 1
- the requirements of paragraphs 10(d), 10(f), 16, 38A, 38B, 38C, 38D, 40A, 40B, 40C, 40D, 111 and 134-136 of IAS 1 Presentation of Financial Statements
- the requirements of IAS 7 Statement of Cash Flows
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors
- the requirements of paragraph 17 and 18A of IAS 24 Related Party Disclosures
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member
- the requirements in IAS 24 to disclose compensation of Key Management Personnel; and
- the requirements in IAS 24 to disclose transactions with a management entity that provides key management personnel services to the Company.

The Company is a subsidiary undertaking of M&G plc which is the ultimate parent company incorporated in England and Wales. Consolidated financial statements are prepared by M&G plc and copies of these are available to the public and may be obtained from the registered office at 10 Fenchurch Avenue, London, EC3M 5AG. Prior to demerger, the ultimate Parent company was Prudential plc, copies of Consolidated financial statements for Prudential plc are available to the public at the registered office 1 Angel Court London EC2R 7AG.

As the consolidated financial statements of M&G plc include the equivalent disclosures the Company has also taken the exemptions under FRS 101 available in respect of the following disclosures:

- the requirements of IFRS 7 Financial Instruments: Disclosures
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement

Notes to the Financial Statements For the year ended 31 December 2019

1. Accounting policies (continued)

1.2 Financial reporting standard 101 - reduced disclosure exemptions (continued)

The Company proposes to continue to adopt the reduced disclosure framework of FRS 101 in its next financial statements.

The accounting policies set out below have, unless otherwise stated, been applied consistently to all periods presented in these financial statements.

1.3 Going concern

The Directors have a reasonable expectation that the Company has adequate resources to continue its operations for a period of at least 12 months from the date that the financial statements are approved. In making this assessment the Directors have considered the profitability, liquidity and solvency of the Company, taking into account current performance and financial position, factors likely to affect the Company's future development, and key risks in the current economic climate. This assessment has taken into consideration the current information available in respect of the COVID-19 outbreak, acknowledging that information in respect of the outbreak and its outcome are highly uncertain. Due to the uncertainty regarding COVID-19, additional stress tests have been carried out to test the Company's resilience to an increased severity than is currently being experienced and actions available to the Company to mitigate or reduce the impact.

On the basis of the assessment described, the Directors have adopted the going concern basis of accounting in preparing the Company's financial statements for the year ended 31 December 2019.

1.4 Financial instruments

(i) Recognition and initial measurement

Trade receivables and issued are initially recognised when they are originated. All other financial assets and financial liabilities are initially recognised when the Company becomes a party to the contractual provisions of the instrument.

(ii) Classification and subsequent measurement

(a) Classification

On initial recognition, a financial asset is classified as measured at: amortised cost or fair value through profit and loss.

Financial assets are not reclassified subsequent to their initial recognition unless the Company changes its business model for managing financial assets in which case all affected financial assets are reclassified on the first day of the first reporting period following the change in the business model.

A financial asset is measured at amortised cost if it meets both of the following conditions:

- it is held within a business model whose objective is to hold assets to collect contractual cash flows; and
- its contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Notes to the Financial Statements For the year ended 31 December 2019

1. Accounting policies (continued)

1.4 Financial instruments (continued)

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits. Bank overdrafts that are repayable on demand and form an integral part of the Company's cash management.

- (b) Subsequent measurement and gains and losses
- Financial assets at amortised cost These assets are subsequently measured at amortised
 cost using the effective interest method. The amortised cost is reduced by impairment losses.
 Interest income, foreign exchange gains and losses and impairment are recognised in profit
 or loss. Any gain or loss on derecognition is recognised in profit or loss.

Financial liabilities and equity

Financial instruments issued by the Company are treated as equity only to the extent that they meet the following two conditions:

- they include no contractual obligations upon the group to deliver cash or other financial assets or to exchange financial assets or financial liabilities with another party under conditions that are potentially unfavourable to the group; and
- where the instrument will or may be settled in the group's own equity instruments, it is either
 a non-derivative that includes no obligation to deliver a variable number of the group's own
 equity instruments or is a derivative that will be settled by the group's exchanging a fixed
 amount of cash or other financial assets for a fixed number of its own equity instruments.

To the extent that this definition is not met, the proceeds of issue are classified as a financial liability. Where the instrument so classified takes the legal form of the group's own shares, the amounts presented in these financial statements for called up share capital and share premium account exclude amounts in relation to those shares.

Financial liabilities are classified as measured at amortised cost and are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit and loss. Any gain or loss on derecognition is also recognised in profit and loss.

Impairment

The Company recognises loss allowances for expected credit losses on financial assets measured at amortised cost.

Loss allowances are measured at an amount equal to lifetime expected credit losses, except for other debt securities and bank balances for which credit risk (i.e. the risk of default occurring over the expected life of the financial instrument) has not increased significantly since initial recognition, which are measured as 12-month expected credit loss.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime expected credit loss.

Notes to the Financial Statements For the year ended 31 December 2019

1. Accounting policies (continued)

1.4 Financial instruments (continued)

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit loss, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument. 12-month expected credit losses are the portion of expected credit losses that result from default events that are possible within the 12 months after the reporting date (or a shorter period if the expected life of the instrument is less than 12 months).

The maximum period considered when estimating expected credit losses is the maximum contractual period over which the group is exposed to credit risk.

Measurement of expected credit losses

Expected credit losses are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all cash shortfalls (i.e. the difference between the cash flows due to the entity in accordance with the contract and the cash flows that the group expects to receive). Expected credit losses are discounted at the effective interest rate of the financial asset.

Credit-impaired financial assets

At each reporting date, the group assesses whether financial assets carried at amortised cost are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

Write-offs

The gross carrying amount of a financial asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery.

1.5 Interest receivable and similar income

Interest receivable is recognised in profit or loss as it accrues.

1.6 Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised through the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Notes to the Financial Statements For the year ended 31 December 2019

1. Accounting policies (continued)

1.7 EU IFRS not applied yet

The following new accounting pronouncements have also been issued and are not yet effective:

- Definition of a business (Amendments to IFRS 3), issued in October 2018 and effective from 1 January 2020;
- Interest rate benchmark reform (Amendments to IFRS 9, IAS 39 and IFRS 7), issued in September 2019 and effective from 1 January 2020;
- Definition of material (Amendments to IAS 1 and IAS 8), issued in October 2018 and effective from 1 January 2020; and
- Revised Conceptual Framework for Financial Reporting issued in March 2018 and effective from 1 January 2020.

The Company is not expecting these pronouncements to have a significant impact on the Company's financial statements.

Notes to the Financial Statements For the year ended 31 December 2019

2. Notes to the Profit and Loss Account

All staff were employed during the year by the immediate parent company. Analysis of staff costs, pensions commitments and share-based payments are shown in the annual report and financial statements of that company.

10. Related party transactions

The Company has taken advantage of the exemption under paragraph 8(k) of FRS101 not to disclose transactions with fellow wholly owned group companies and the exemption under paragraph 8(j) of FRS101 not to disclose key management personnel compensation and amounts incurred for the provision of key management personnel services by a separate management entity.

11. Post balance sheet events

The Company continues to monitor the effects of the coronavirus (COVID-19) outbreak which has been declared as a pandemic by the World Health Organization. The outbreak has not only prompted widespread health concerns, but has caused recent deteriorations in global market conditions. The eventual outcome is highly uncertain and is largely dependent on how successful authorities are at containing and managing the outbreak.

12. Immediate and ultimate parent company

The Company's immediate parent company is M&G FA Limited.

The Company is a subsidiary undertaking of M&G plc which is the ultimate parent company incorporated in England and Wales. Consolidated financial statements are prepared by M&G plc and copies of these are available to the public and may be obtained from the registered office at 10 Fenchurch Avenue, London, EC3M 5AG. Prior to demerger, the ultimate Parent company was Prudential plc, copies of Consolidated financial statements for Prudential plc are available to the public at the registered office 1 Angel Court London EC2R 7AG.
