Short particulars

As security for the Secured Obligations, the Company with full title guarantee assigns absolutely to State by way of security all of its right, title and interest in the Non-Vesting Assets together with the benefit of all existing guarantees, warranties, and servicing and maintenance agreements and intellectual property rights licensed to or to which the Company is entitled in relation to the Assets

As further security for the Secured Obligations, the Company with full title guarantee charges in favour of State by way of fixed equitable charge all Non-Vesting Assets which are not owned by the Company on the date of the Mortgage and which the Company subsequently acquires, all future guarantees, warranties and servicing and maintenance agreements to which the Company becomes entitled in relation to the Assets and the benefit of all insurances (including all claims and return premiums) in relation to the Assets

The Company further agrees not to grant (or permit to be created) any further mortgage, charge, pledge, assignment or encumbrance of or over the Charged Property (including any charge of land on which the Non-Vesting Assets may be situate) other than in favour of State, or to sell, let, hire, part with possession of or otherwise dispose of the Non-Vesting Assets or any interest in them or to attempt to do any of such things or to do or omit to do anything which could in any way prejudice the security of State under the Mortgage in each and every case without having first obtained the express written consent of State

"Non-Vesting Assets" means all or any of the Assets which are to be or have purportedly been sold by the Company to State and where, for whatever reason, title to the Asset or Assets concerned fails (or is held to have failed) to vest absolutely and effectively in State
