NOTES TO THE ABBREVIATED ACCOUNTS
For The Year Ended 31 August 2013

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared on the going concern basis. No material uncertainties that may cast significant doubt about the ability of the company to continue as a going concern have been identified by the director.

Accounting convention

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery etc - 10% on cost

Investment property

Investment property is shown at most recent valuation. Any aggregate surplus or deficit arising from changes in market value is transferred to a revaluation reserve.

Deferred tax

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains and losses in the accounts and their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse.

Deferred tax is not recognised when assets are revalued unless, by the balance sheet date, the company has entered into a binding agreement to sell the assets and recognised the gains and losses expected to arise on sale. Deferred tax is also not recognised where assets have been sold and it is expected that the taxable gain will be rolled over into a replacement asset.
